ASSURANCE.

THE EQUITABLE LIFE

Assurance Society of the United States.

120 BROADWAY NEW YORK

Assets, $38,000,000.

Surplus, $7,500,000.

The Popularity of the Equitable Life Assurance Society, indicated by the fact that for Eleven years its average annual New Business has been larger than that of any other Company in the world, is due, in a great measure, to its well-known promptness in the payment of Death Claims, and its rule never to take advantage of technicalities where an equitable claim exists.

As a GUARANTEE of this, and to counteract the pernicious influence of a technical policy, adhered to by many companies, the Equitable makes ALL ITS POLICIES, old and new, throughout the United States,

ABSOLUTELY INCONTESTABLE,

After the policy has been in force for three years.

"The Equitable Life has paid since its organization to January 1st, 1880, $51,882,736, and closed its books upon that date without a contested or past due claim."

The Equitable Life Assurance Society was the first to introduce the

TONTINE SAVINGS FUND POLICY,

And thereby to popularize life insurace to a degree before unknown.

By the late report of the Insurance Commissioner for the states of Massachusetts and New York, the Equitable Life Assurance Society shows the following strong points:

FIRST---The Equitable has a larger ratio of assets to liabilities than any of the leading companies.

SECOND---The Equitable saved more of its income last year than any other company.

THIRD---The Equitable's death rate was less last year than any other of the leading companies.

FOURTH---The Equitable realizes a higher rate of rent, or interest, on real estate than any other company.

TheSociety takes pleasure in referring to the following well known business men insured in the society, composing an

LOCAL MATTERS.

—The pistol pop is even heard in settlement of family troubles. Such things must need be as long as it is the fashion to lug the revolver into every sort of meeting, social, commercial, political and even business and religious meetings. Perhaps a good idea would be to make it unlawful for anybody to go unarmed. That is scarcely a degree worse or more disgraceful than the present practice.

—Within the last few days the Western Union Telegraph company has reduced its message rates to the same standard as those of its rivals. Thus one step more has been made in the inevitable series of steps which shall result in placing the cost of telegraphing within the reach of everybody. This not unexpected change in the rates of the Western Union was brought about by the continual opposition waged against that company by its youthful and enterprising rival, the American Union. Up to the establishment of the latter the former was enabled to demand and to secure almost any prices it desired. In fact, it enjoyed, practically a monopoly of the whole business. The new departure will not injure either company; on the contrary, it will result to the great benefit of both, since, under the reduction, the amount of business transacted through their medium must vastly increase. The commercial public is to be congratulated that both companies are now pretty equally matched, which fact insures a permanent continuance of the present cheap rates.

THE gentlemen who essayed to serenade Miss L. a few evenings since, should have had "clear" throats, and their efforts would have been better appreciated. Dr. Bull's Cough Syrup is the best remeny extant for a "thick" or congested condition of the throat and brochial tubes, giving instant relief.

—The railroad kings are moving. Vanderbilt's newest ambition is to gain complete control of the Union Pacific. Gould, it is stated, has now as many schemes on hand as he can manage, and having already realized a fortune out of Union Pacific stock, in buying at twenty and selling for more than one hundred, is willing to relinquish his hold in that direction, that he may devote more attention to his southwestern projects, in which he has lately become deeply interested. Vanderbilt, on the other hand wants to control a route to the Pacific coast, and it is believed that he will never have a better opportunity for accomplishing this desire than the present. He owns already 75,000 shares of Union Pacific stock, bought recently, and is seeking for more. It is hinted that Vanderbilt, by making a close traffic arrangement between the New York Central, Lake Shore, and Chicago, Burlington and Quincy, and then getting control of the Union Pacific, will have a chain of roads extending across the entire continent, and, with his Northwestern property, a chain which will penetrate the wheat producing regions of the country. He is closely allied with the Atchison, Topeka and Santa Fe railroad people and it will not, therefore, prove difficult to form a powerful combination with them.

Something for the New Year.

The world renowned success of Hostetter's Bitters, and their continued popularity for a quarter of a century as a stomachic, is scarcely more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by Hostetter & Smith, Pittsburg, Pa., under their own immediate supervision, employing 80 hands in that department. Ten cylinder printing presses, 8 folding machines, 5 job presses, &c., are running about eleven months in the year on this work, and the issue of same for 1881 will not be less than eleven millions, printed in the English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Bitters, amusement, varied information, astronomical calculations and chronological items, etc., which can be depended on for correctness. The Almanac for 1881 can be obtained free of cost, from druggists and general dealers in all parts of the country.

FROM the steady, firm and regular beat of the heart, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the heart.

Toast,

"May we never want a friend or a bottle to give him." A bottle of Dr. Thomas' Eclectric Oil, which cures cuts, wounds, burns, scalds, etc. PAUL G. SCHUH, Ag't.

WRITE to Mrs. Lydia E. Pinkham, No. 233 Western avenue, Lynn, Mass., for pamphlets relative to the curative properties of her Vegetable Compound in all female complaints.

ANY ladies wishing to know of the merits of the Excelsior Kidney Pad, its action, etc., are referred to Mrs. Wm. E. McKecknie, Photograph Parlors, Toledo, Ohio.—See Adv.

CATHARTIC or purgative pills do more harm than good. Carter's Little Liver Pills do only good, but a large amount of that. Only one pill a dose.
