## FINE DISCOURSES IN BAPTIST MEETING IN TUCSON

The Layman's Missionary Movement was the subject for Thursday evening at the Baptist convention and Mr. B. F. Getsinger, a layman from Phoenix, was the speaker. Mr. Getsinger showed how men have neglected the missionary work. The original purpose of the layman's missionary movement was carefully set forth. The great purpose is: "The world for Christ in this generation." It is not a new society, but just a rallying of the men of our churches.

Dr. Geo. P. Jacobs of Kentucky was the second speaker and told of some wonderful gifts made by the churches of St. Louis and Kansas City. The convention proper opened on Friday morning with a lecture by D. C. Williams on "The Course of Study in Religious Education." A complete course of study was carefully outlined. The speaker took the position that the curriculum should be very broad and comprehensive and that work on scientific and economic subjects should be given.

The annual sermon was preached by Rev. W. L. Williamson of Silver City, New Mexico. His subject was "A Famine of the Hearing of the Word of God." Dr. Williamson showed that the general knowledge of the Bible is far below what it should be. This is true because the Bible is not much taught in homes, it is crowded out of the public schools, and is criticized in many of the great universities and colleges.

Dr. Joseph P. Jacobs, district secretary of the Central District of the American Baptist Publication society delivered a stirring address on the work of the society. "Joe," as Mr. Jacobs insists on being called, is a typical southern orator with a large reserve of wit, and everybody gladly listens when he speaks.

Many people in this locality recommend Doan's Kidney Pills.

Here's one case:  
Mrs. J. Hurst, 501 W. Washington street, Phoenix, Ariz., says: "I had a constant, dull ache in the small of my back for a long time and while it was not severe, it was bad enough to make me miserable. I often went to bed with a backache and got up in the morning with the misery still clinging to me. There was also a weakness across my loins that made it difficult to stoop, and if I did bend over, I became very dizzy. The kidney secretions were too frequent in passage, causing me much annoyance and I was bothered by a swelling of my limbs. In fact, my whole system was run down. About a year ago I procured a supply of Doan's Kidney Pills at the Adams Pharmacy and the use of two boxes disposed of the backache and all fault with my kidneys. I cannot say too much in praise of Doan's Kidney Pills."
