## STOLEN JEWELRY IS RECOVERED

**Harry Temple Secures More Evidence Against Alleged Robber**

Additional evidence against Tom Pate, who was recently held to answer to the grand jury on a charge of robbing his room-mate at Miami, was discovered yesterday by Watchman Harry Temple of the Arizona Eastern, when he recovered a gold watch and a diamond locket alleged to have been stolen by Pate from Ira Walker.

The jewelry was recovered from an Indian who found the missing articles on the railroad some distance this side of San Carlos, where they had evidently been thrown away by Pate as he was being brought to this city by Temple. Pate entered the toilet while en route to this city with the officer and it is thought that he disposed of the articles while out of sight of Temple. The watch and the locket correspond with the description given to the authorities by Walker.

The jewelry was purchased from the Indian by Temple and turned over to Sheriff Thompson, to be used as evidence against Pate when he is tried before the district court at the coming session.

## HIGH SCHOOL BOYS VS. MANDOLIN CLUB

Two Youthful Nines Meet on Diamond This Afternoon

The Globe High school baseball team will make its initial appearance on the diamond this afternoon, when it hooks up with the Mandolin Club nine.

The high school boys have been practicing steadily for some time and from all reports will enter the game with a strong lineup. Their colored opponents have also been working out for several days in anticipation for the game and have already played several practice scrimmages, with the result that both teams should be well seasoned for the struggle.

The game will begin at 2:30 with Ed Richards in charge of the indicator.

## CLUES DISCOVERED

**Fresh Search to Be Started for Bandits Who Robbed Southern Pacific**

MARTINEZ, Cal., April 22.—With the discovery of several articles of clothing in a deserted house near here, occupied by the two men suspected of having robbed the China-Japan mail train near Benicia Saturday night, Pinkerton detectives have renewed their hunt for the first two suspects.

The clothing, which consisted of a heavy overcoat of fair quality and several shirts and neckties, had been secreted in the attic by removing part of the ceiling. Part of the lining of the overcoat had been cut and it is believed the cloth was used for masks, as just enough had been taken to make two masks.

Sheriff Veale and members of his posse here express little hope of connecting the two Oakland suspects with the robbery.

## CLEANING and DYEING

The lady or gentleman who has any kind of a garment that is "mussed" or soiled, will derive much satisfaction by letting us send for it and "making it look like new again." This sounds like an empty boast, but you'll find it is not if you give us a single trial. We are experts at this business and if the garment be too soiled to clean, we dye it any shade at a reasonable price. If it's in the fabric we'll restore it.

## BRIEF LOCAL NOTES

BEST chocolate soda—Maxson's.

PICNIC—The boy's Sunday school class which Mr. Decker has been teaching, now taught by Mrs. Lewis, will go for a picnic today, leaving the church at 9 o'clock.

QUIET WEDDING—John Zucco and Miss Santa Brocco were quietly wedded by Judge P. C. Robertson Thursday afternoon. Only the necessary witnesses were present.

FIGHTERS FINED—Henry Tally and C. F. Linecum, who engaged in a fistie altercation on lower Broad street yesterday afternoon, faced Judge Hinson Thomas on a charge of disturbing the peace and were assessed ten hard iron men each. They paid the assessment and departed, each vowing that

he would continue the affair at some more opportune time.

BEARD TAKES COUNT—Frank Beard, who was picked up on Broad street while in an intoxicated condition, held a seance with Judge Hinson Thomas yesterday afternoon. Seven days in jail was the outcome.

PRAGER-RODEN—Harry H. Prager and Miss Etta L. Roden were quietly wedded Thursday by Rev. D. C. Williams. Only immediate friends were in attendance. The couple will make their home in this city.

INSULTED WOMAN—Mariano Ortiz, who insulted a woman near the Broad street foot bridge yesterday, was placed under arrest and later taken before Judge Hinson Thomas on a charge of disturbing the peace. He was given ten days to think it over.

NEW OIL MAN—G. T. Juvenal, representative of the Great Western Oil company, arrived here last night from El Paso. He will succeed Albert Carter who has formerly covered this district and will spend several days getting acquainted with local oil consumers.

MACHINERY ARRIVES—The new 90-horsepower gasoline engine and other equipment for the city waterworks has arrived and is now being installed at the pumping plant. The new engine will furnish plenty of reserve power and will obviate the possibility of a water famine by reason of the breakage of any one of the engines.

TEMPLE NEARLY WELL—Harry Temple who was injured in an automobile collision several weeks ago, made his first appearance in the downtown district yesterday. Temple claims that he looks thin because he was badly flattened out by M. L. Naquin's auto but that he is feeling fine in spite of the serious accident.

COURT SESSION—The district court will be in session today to take up a number of routine matters which require disposition before the opening of

the new court term. Although there are no cases on the calendar, it is probable that the injunction suit of Mrs. Charles T. Martin against Quinn Brothers, managers of the Martin theater, will be taken up and that other cases will also receive attention.

## FIRE AT WARRIOR DESTROYS COTTAGE

Believed to Have Started by Spark from Pipe

An early morning blaze at Black Warrior yesterday totally destroyed a cabin occupied by a miner named Fields and damaged two other cabins before the flames were subdued.

Fields was a pipe smoker and as neighbors smelled a smoke apparently caused by burning cloth during the night, it is supposed that the fire originated by burning tobacco having dropped on his bunk. Fields was at work at the time and the fire was not discovered until the cabin was in a mass of flames. His personal effects as well as the cabin were totally destroyed.

The efficient work of Delaney and O'Neil, two miners living near Fields' cabin, was mainly responsible for the quick control of the fire.

## GLOBE MALE CHORAL SOCIETY

A meeting of the male singers of Globe was recently held and steps were taken toward the organization of a permanent Male Choral society. For the purpose of further perfecting the society, a meeting is called to be held at the St. Paul's Methodist church next Monday evening at 7:30 o'clock. Reports of committees will be received, officers will be elected and the work for the immediate future will be planned.

This organization is strictly non-sectarian and non-political and all men who are interested in voice culture are invited to attend.

# For One Day Only

A Selling Event That Will Surely Crowd the Store

## Tub Suit Day in Ladies' Suit Department

We have arranged for today's selling a most fascinating line of ladies' ready-to-wear Tub Suits. Most of the stock that will be shown today has been received during the past week, and represents the most stylish output of the country's best makers. The materials from which these beautiful and serviceable gowns have been made are the cream of the loom and the weaver's art. No such showing was ever made in this city before, and the sale of today offers you a wonderful opportunity to secure an unusually attractive tub suit for a comparatively small sum of money. The dresses are of the one-piece design in lawns, dimities, dotted swisses, and all the pretty and new shades in linens, chambrays and madras. No store in the country makes a better showing or can name you lower prices. We also will show today for the first time this season new things in tailored tub suits, in coat suits and Russian blouse effects. Whether you wish to buy or not we want you to come to this store today and look at these pretty things in tub suits. It will be a veritable tub suit day at the store of Brown, and as warm weather seems to be with us to stay you should be keenly interested in these neat and serviceable gowns. The assortment is wide and varied. Too many dresses to give you prices on all. But as we have previously stated this is Tub Suit Day. Low prices will prevail, starting at \$5 for a neat dress and stopping at \$40 for the best suit of the kind ever brought to Globe.

## A Saturday Special Sale of 500 Gage and Fisk Trimmed Hats

A lucky buy places us in a position to make a sensational Saturday sale in the big millinery gallery, and it will start this morning promptly at 8 o'clock. No matter what the transaction may have been that makes this selling possible; no matter what our loss may be. The facts are these: We have 500 of the prettiest and most attractive hats displayed in Globe this season at any price. Many of them are fresh from the famous house of Gage Brothers and many more from the great house of Fisk. There is a goodly collection of our own creation. They all are right up to the minute in style. They are hats that would sell in the average millinery store for nearly four times what we are going to sell them for today. We consider them the best bargains ever offered by this store. That is a pretty strong assertion when past bargains are considered. We have sold hats for less money to be sure, but today 500 hats, every one of them high class in every particular, and actually worth \$20, are going to be sold your choice for \$5.50. Special salespeople will be in the millinery gallery to wait upon you. We would suggest that you be here promptly at 8 o'clock. There are hats here that it seems a shame to sell for the money, but come to the gallery early today and take your choice for
