

CULBERSON IN WILSON RANKS

Texas Senator Gives Convincing Reasons for Favoring Governor.

IS IDEAL MAN FOR PRESIDENCY

Democrat of Best Type Who Would Divorce Government from Privileged Class—Nomination Means Success.

Governor Woodrow Wilson has found a new champion in Senator Culberson of Texas, who has frequently been mentioned as a possible nominee for the presidency by the Democratic national convention at Baltimore.

In a formal statement issued at Washington espousing the cause of the New Jersey executive, Senator Culberson says:

"Now that it is practically settled there will be no primary for president, I have no hesitation in saying in reply to recent inquiries from Texas Democrats that I believe we should nominate Governor Wilson of New Jersey for president. While all may not agree with him as to some details, Governor Wilson is by birth, education and conviction a Democrat and a Democrat of the very best type. In the present emergency he would apply the fundamental principles of democracy to existing deplorable conditions in such manner as to restore to the people their government, divorce the government from a privileged class and seek the prosperity of the whole country rather than a favored few.

Wilson's Policies.
"He would limit tariff taxes to governmental purposes, he would regulate justly but effectively railway and other corporations engaged in interstate commerce, and while he would deal liberally and generously with the pension list he would make it in truth a roll of honor and not a mere medium for a coarse and wholesale assault upon the treasury. Recent attacks which have been made upon him

because of his stand for popular government and because he let it be known that he did not desire the support of special interests, giving them to understand that they need expect no favor from him after election, have not injured him in public estimation nor swerved him from his high purpose to serve the whole and not simply a part of the people.

"The latest criticism of him is that as governor of New Jersey he has made no effort to modify or repeal the laws of that state under which most of the great trusts have been organized. This charge is entirely baseless, for in his very first message to the legislature Governor Wilson denounced the existing incorporation laws of the state as having brought discredit upon it and urged such changes in them as would effectually prevent the abuse of the privilege of incorporation. He also recommended that such scrutiny and regulation should not be confined to corporations seeking charters but should be extended to those already in existence.

A Strong Candidate.
"Governor Wilson, as our candidate for president, appeals to me particularly at this juncture in view of conditions in the Republican party. President Taft will unquestionably be re-nominated by that party. His sympathy with the regular Republicans and his opposition to reforms advocated by the progressive Republicans are well known. While it may be admitted that the leaders of the progressives will support the ticket nominated by their party, yet this is not true of the rank and file who as a rule are without political ambition and consequently have no party loyalty to maintain. To a greater extent than any of the Democratic candidates for the nomination Governor Wilson would draw from this class of voters besides holding every Democrat worthy of the name and drawing largely from the educational classes and the independent element. His campaign, like the one he made for governor of New Jersey, will be remarkable in our history for intellectual vigor in grasp of present political conditions and in clearness of statement of the remedy he is unexcelled by any public man of the times. We must not underestimate the strength and resources of the Republican party and should not delude ourselves with the belief that any man we nominate can be elected. We must draw from the dissatisfied Republicans and the independents to win and in my judgment the surest way to do this is to nominate Governor Wilson."

NOTICE.

A BILL WILL BE INTRODUCED at the present session of the Legislature to prohibit gambling within three miles of the Waterfront High School.

The St. Joseph High School will begin its commencement exercises at the Masonic Hall on Friday evening, May 17th. The program for the evening will consist of numbers gotten up by the different departments and promises to be real good.

The graduating exercises will take place Monday evening, May 20th; and at this time the commencement address will be delivered by one of the foremost educators of the State. The public is cordially invited to be present at these entertainments. The curtain will go up promptly at 8:30.

On Friday evening of May 3rd the Round Table Literary Society of St. Joseph High School rendered its final program in a most creditable manner. Each member contributed to the success of the entertainment and all present were glad to have been there.

The high school room, which was used as an auditorium, was beautifully decorated with flowers and presented a most pleasing appearance.

Dancing followed the formal program, after which refreshments were served by the faculty of the school.

A slight fall is reported on the local gauge on the river front to-day, while the back-water is on a stand from Tallulah to St. Joseph. A slight rise, however, is reported at Waterproof. At St. Joseph conditions remain about the same as last week as regards territory covered by water. The plank road is under as far up as the Blanche residence. The new street known as Fourth street, extending from the plank road south to the Union Church, is entirely covered, while the Price Field is a sea of water as far as the eye can reach. From the Union Church south all lands as far down as "Duckpond" plantation are under. Water also covers the streets on both sides of the Court House as far up as the lawyers' offices on the one side, and Mrs. Brown's residence on the other. Tad-poles and frogs are like unto the sands of the sea-shore, while the latter serenade the town nightly in every note imaginable.

The marriage of Mr. Joseph Levy of St. Joseph to Miss Fabiola Moore of New Orleans occurred at the home of the bride's father in that city on Wednesday the 8th inst.

The groom, Mr. Levy, is a progressive young merchant and businessman of St. Joseph, who has lived here for the past thirteen years and by close attention to business and gentlemanly conduct has won the friendship and confidence of our people, who esteem him highly for his manly character and generous nature.

The bride is a daughter of Judge I. D. Moore, a prominent jurist and now City Attorney for New Orleans. Fair of face and form and possessing a happy disposition, she is beloved by a large circle of friends and will be a most worthy helpmate to the fortunate young man who has won her heart and hand.

The friends of the young couple extend the groom's heartiest congratulations and sincerely wish them bon voyage over the eventful sea of life.

Mr. and Mrs. Levy will make their home in St. Joseph, where a most cordial welcome awaits their coming.

Miss Essie Marks, of Waterproof, spent Thursday in St. Joseph.

Mrs. Oscar Levy attended the Levy-Moore wedding in New Orleans on Wednesday.

We are glad to learn that Mrs. Sedden of Waterproof, who has been so ill, is now much better.

Dr. J. D. Rogers returned last Monday to Newellton from a visit to his former home in South Louisiana.

The U. S. S. Nebraska, enroute to Vicksburg, will reach St. Joseph next Monday, May 13th, and will remain at anchor until the next day to give our people opportunity to visit her.

Hon. G. H. Clinton, Senator, and Hon. S. W. Martien and Hon. Jno. Murdoch, members of the House, left on Thursday for Baton Rouge, where they go to attend the approaching session of the General Assembly.

Mrs. J. M. McGill, who is visiting her daughter, Mrs. McDonald Watkins, in Natchez, during the flood period, has been slightly indisposed of late, but her friends will be glad to hear that she is now considerably better.

Mr. L. H. Brigham, who has been in the employ of Messrs. W. R. Baker & Son for some time, left last Sunday for his home in Tennessee. Mr. Brigham carries with him the best wishes of a host of friends made during his stay in our town.

Little Miss Cecile, the little daughter of Mr. and Mrs. John Marron of Waterproof, who has been so ill, was pronounced considerably better yesterday. The little lady was taken to Natchez for treatment and was accompanied by Dr. Gorton and her parents and grandmother. News of her improvement is greatly appreciated by her many friends.

Mr. D. A. O'Kelley, who was so seriously burned by gasoline explosion aboard a motor-boat recently, and was taken to Natchez for treatment, is so much improved that he was able to return on Monday. He was accompanied home by Mrs. O'Kelley and their infant daughter, little Miss Elizabeth, and his sister, Miss Annie O'Kelley, who also accompanied him to Natchez.

In a very pretty description of a wedding at Ruston recently the Ruston Leader paid the following tribute to Mrs. A. A. Lawler, who is pleasantly remembered in St. Joseph, where she spent several months in 1905, while her husband was engaged in the construction of the Court House:

Mrs. Lawler sang, "Marie, I Love Thee." Mrs. Lawler is so small that you wonder how such a powerful voice can belong to one so frail. But like the notes of song birds, her voice reaches to the heart and takes possession of its deepest recesses.

News came to St. Joseph on Friday that the private or protection levee the citizens of Vidalia had raised around the rear of the town for protection from back water, had given way, despite the heroic efforts of the good people of that town, who made a most determined fight in face of untoward circumstances.

The people of Vidalia are to be congratulated on the magnificent fight they put up and splendid work accomplished even if finally overcome by the elements.
