"What is insanity?" was the subject of a paper read before the British Royal Society of Medicine by Dr. Charles A. Mercier. Dr. Mercier deplores the loose application of the terrible word to cases that do not merit it. Thus giddiness, epileptic symptoms, fear of closed spaces, as well as extended spaces, have nothing to do with insanity, since insanity and unsoundness of mind are not convertible terms. No one should dare call a man insane until his conduct has been found disordered. That, of course, does not mean "disorderly conduct" in the police court meaning. coupled, usually, by a third disorder of brain function, would be true insanity. If to these a fourth element be added, such as poisoning, myxoedema, gout; specific fever, Graves's disease then a new diagnosis is needed to as certain whether the "insanity" is not really a delirium of the more comprehensive disease.

TAKE PLACE OF MEAT

NOURISHING AND CHEAP MEALS MADE OF NUTS.

Turkey Roast One of the Most Approved Methods of Serving Them -Meat Loaf Also Is an Excellent Recipe.

Nut Turkey Roast.—Thoroughly wash one cupful of German lentils and soak over night. The next morn-ing boil slowly until tender, then run through a colander. Add one-half cupful of chopped walnut meats, one well-beaten egg, a quarter cupful of minced onion and one cupful of minced celery that have been browned together in a little olive oil. Add salt and sage to season and thicken with bread crumbs. Dip thin slices of bread in a mixture of one egg and a cupful of milk beaten together. Now in a well buttered casserole or baking pan make alternate layers of the two mixtures. Surround with any dressing preferred and bake from forty to sixty minutes in a moderate oven.

Nut Meat Loaf.-One-half cupful of chopped or ground pecans, one-half of walnut meats, one cupful of dry bread or cracker crumbs, two eggs and one tablespoonful of melted butter. Wet the crumbs with milk, and as the crumbs soak ad more milk if necessary. It should be a little too thick to run. Butter well a small bread pan. Turn in the mixture after stirring well and cover with dots of butter. Bake in the oven a half hour. Cut in slices and serve hot. The next day slices can be covered in thickened and strained juice from a can of tomatoes and fried. Served with creamed potatoes meats a good combination. All walnut meats make a roast a trifle dry, but can be used if pecans are too expensive.

Nut and Vegetable Roast.-Take cooked beans or peas, press through a colander to remove the skins and mix with an equal quantity of finely chopped nut meats. Season to taste and put one-half the mixture in a buttered baking dish. Spread over it a dressing made in this wise: Take four slices of zwieback and pour boiling water over it to cover. Let stand ten or twelve minutes, break up with a fork and pour over it one-half cupful of sweet cream. Season with salt, a bit of pepper and, if liked, a touch of Cover the dressing with the remainder of the nut mixture, pour over all one-half cupful of cream and bake slowly an hour and a half in a moderate oven. Serve in slices with cranberry sauce.-The Delineator.

In making pumpkin pies I make the shell, first crimping the edge and making sure the air is out from under the crust. In the meantime I have my squash or pumpkin cooking on the stove, pared and diced; when I can pierce it with a straw I take it off the stove and drain it through a colander; when perfectly dry, I rub it through colander with my hand. This is my rule for pumpkin pies. I add an egg for squash and leave out ginger, one and one-half cups pumpkin, one and one-fourth cups milk, cooking spoon flour, little nutmeg, salt and ginger, one-eighth teaspoon of cinnamon. I heat this all together and let it stand perhaps twenty minutes, when heat it again and pour into shell. Bake in slow oven, sometimes half a day. My pies are dandies. Try it ow you get along. If your pies boil they are spotled. A squash or pumpkin pie should bake at least two hours to be really good.

Fried Tomatoes.

Wash and wipe ripe tomatoes. Cut in three or four slices. Dip into flour which has been a seasoned with salt and pepper. Fry in fat (bacon fat is best) until brown on both sides. Have matoes have been taken out pour into the fat, and when boiling thicken with a little flour mixed in cold water. Pour other application or two, it is rethis gravy over the tomatoes.

Apple Cream.

Peel good stewing apples, cut in quarters and cook. Stew in sugar sirup, keeping them whole. Skim out into a glass dish and let the sirup cook down until there is very little This will jelly if apples are the right kind for stewing. Pour this over the apples, let them chill, and then heap sweetened whipped cream over them and serve.

Poinsetta Salad.

Peel small tomatoes and cut in eighths, lengthwise, but do not separate sections at end. Open like flowers on bed of lettuce. In the center of each pile a teaspoon of cream cheese that has been put through a Serve with salad coarse strainer. Serve with salad dressing, to which has been added one teaspoon each of finely chopped green pepper, parsley and chives.

Green Pepper Salad.

Cut slices from the stem ends of green peppers and remove the seeds. Refill with grape fruit, peeled and cut into cubes, add the tenderest stalks of celary cut into small pieces and finely chopped nut meats, allowing twice as much grape fruit as celery and one-third as much nut meat as grape fruit. Arrange and serve with may onnaise dressing.

How to Keep Olives.

When a large bottle of olives is opened and only a part of them used, the remainder, though left in the brine, become comparatively tasteless. To avoid this pour half an inch of olive oil and one tablespoonful of vinegar on the top and cork well. The olives will then retain their natural flavor indefinitely.

Beef Loaf.

Boil three pounds of clear shin until tender, then grind fine. Boil the liquor down to about one-balf pint and add a tine and sage, stir well together and then add the ground meat. mold and press down well with a cold and is very nice for sandwiches.

MADE A VICTORY FOR "SENCE" This Is Vital to Every Owner

Maxwell-Briscoe Motor Car

Made at Tarrytown, N. Y. and New Castle, Ind., 1905 to 1913

Also to all Owners of Stoddard-Dayton, 1905 to 1914; Columbia Gasoline and Electrics, 1906 to 1914; Everitt Cars of Any Model; Brush, Sampson and Courier Cars

THEREARETHREE GOOD REASONS why you should have your car overhauled now and worn parts replaced.

FIRST: The garage man can give you better service -and you can spare the car better now than later. No matter whether you are going to keep the car, or sell or trade it in on a new one—it will pay you well to have it thoroughly overhauled, worn parts replaced by new ones and body repainted.

SECOND: We are able to furnish replacement parts for all models of above makes of cars within 48 hours from receipt of order. Have concentrated this branch of the business at Newcastle, Ind. (center of population of the U.S.) Here we have a \$1,750,000 investment in plant and stock. 45,000 separate bins of parts.

THIRD: And perhaps the best reason why you should secure your requirements now—we must increase prices 20% January 1st, when the new parts price lists will be off the presses.

NOW NOTE THIS-Never before in the history of this industry has a new concern, having bought the plants and assets of a bankrupt one, taken upon itself the obligation of furnishing replacement parts for the cars it never made.

THE MAXWELL MOTOR COMPANY DID. We considered it good business, even if not a moral or legal obligation.

WE FOUND 122,000 owners out in the cold, as it were -pleading for parts. Their cars laid up and useless in most cases.

WE'VE INVESTED about one and three-quarters mil-lions (\$1,750,000) dollars in a plant and stock of parts, for over 150 different models, made by the concerns that comprised the United States Motor Company, whose assets we purchased from the Receiver thru the U. S. Courts.

WE TOOK THE NAME MAXWELL solely for the protection of 60,000 persons who had bought cars under

HAD WE CHOSEN AN-OTHER NAME those 60,-000 cars would have had almost no value in the second-hand market. As it is, they have a definite value. And by the replacement of the worn parts your car will be good for a long time

ANY RECOGNIZED DEALER or repair man-whether he handles the present Maxwell line or not -can procure these parts for you. Or you can order direct. Shipment will be made within 24 to 48 hours after receipt of the order at Newcastle.

Write for our booklet, "How to Make Four Car Live Twice As Long." In which we set forth the Maxwell policy to-ward owners of the above mentioned cars. Address
