## "State Units Must Be Trained Within Sound of Guns"

A cablegram from France, published by the War Department, authorized, contains the following:

Part of the National Guard and is undergoing instruction in the trenches within the sound of the guns at the front.

## This Brings the War Home to YOU

In a short time these gallant young men, whose parents, brothers and sisters, wives and sweethearts are your own neighbors, will be IN the front line trenches, under the murderous fire of enemy artillery, and going "over the top" to meet the sweeping hail of the machine guns and the bayonets of the Hun.

If these soldier boys—YOUR soldier boys—were three miles away instead of three thousand, you would bend every energy, exhaust every resource, make every sacrifice, to make sure that they were fed, clothed, armed and equipped as no soldiers ever were before.

Is your duty any less imperative, any less sacred, because it is your neighbor's boy who is defending your country, your flag and your home from German frightfulness on the other side of the ocean?

Is it not a splendid privilege as well as a duty to deny yourself luxuries, to save food, save clothing, above all to save money, for our soldiers?

## U. S. Thrift Stamps Save Lives and Shorten the War

There is one thing you can do, every day, to help the Government provide the guns, ammunition, food, clothing and other supplies which our soldiers and sailors MUST HAVE to win the war, win it quickly, and come safely home again.

Go today to any bank, any postoffice, or any store where you see the W. S. S. (War Savings Stamps) sign displayed.

For 25 cents you will receive a U. S. Thrift Stamp and a card to paste it on. The card has spaces for 16 stamps, costing you \$4. When it is full, exchange it—with a few cents additional in cash—for a War Savings Stamp, for which the Government will pay \$5 January 1, 1923.

These War Savings Stamps are as safe as U. S. Bonds. They are the safest investment in the world because they are backed by the entire resources of the country, and the profit you make on them amounts to four per cent interest, compounded quarterly, if held till January 1, 1923.

Buy a U. S. Thrift Stamp with every quarter you can possibly save. Every stamp helps to stamp out autocracy. Every stamp saves priceless American blood. Every stamp is a blow for Liberty. Every stamp will help bring peace to the world—a permanent peace, grounded in justice and righteousness.

Every Stamp Helps to Bring Those Soldiers and Sailors Home Again Alive and Victorious

Third Liberty Bond Campaign will open Saturday, April 6th.

## GOOD ROADS

### IMPORTANCE OF WAGON ROAD

One Drawback to Fall of Rain Is That Roads Are Made Impassable for Several Days.

But for one fact, all of us could rejoice in this rain, meaning as much as it does to the growing crops. The one drawback is the unfortunate fact that the rain will make the roads almost impassable for several days. But the rain is not to blame for this state of affairs. We are. We ought to have roads on which the only effect of rain would be to wash them clean—just as it does with the city pavements. And it's not for the joy-riders alone that we need such roads, says Wichita Eagle. If we had good roads, farmers, who can't work in their fields after a rain, could do their hauling on such days. Now the rain that prevents working the fields prevents hauling to market, except light loads, and at a prohibitive cost. The wagon haul of agricultural products is infinitesimal in distance, as compared with the rail and water haul, yet it costs actually more, according to government statistics. For the benefit of the farmer we need good roads.

### SAVING SEED IS PROFITABLE

Zeal and Labor Spent in Cultivation Will Not Make Up for Lack of Foresight.

If you neglected to insure plenty of high quality seeds for next year's planting all the zeal and labor you may spend in cultivation will not make up for lack of foresight in saving the good

### Half Your Living Without Money Cost

We are all at a danger point. On the use of good common sense in our 1918 farm and garden operations depends prosperity or our "going broke."

Even at present high prices no one can plant all or nearly all cotton, buy food and grain at present prices from supply merchant on credit and make money. Food and grain is higher in proportion than are present cotton

safe; to produce all possible food, grain and forage supplies on your own acres; to cut down the store bill.

A good piece of garden ground, rightly planted, rightly tended and kept planted the year round, can be made to pay nearly half your living. It will save you more money than you made on the best three acres of cotton you ever grew!

Hastings' 1918 Seed Book tells all about the right kind of a money saving garden and the vegetables to put in it. It tells about the farm crops as well and shows you the clear road to real and regular farm prosperity. It's Free. Send for it today to H. G. HASTINGS CO., Atlanta, Ga.—Adv.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, & Co. Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
