Birch's Pony Enjoys Air Trip in Kennewick

Princess, the Vanishing Pony, will be in Kennewick when she will assist her master, Birch, the Famous Magician, in entertaining the children of the city, those who are youthful in spirit as well as those who are youthful in age, during the engagement at the high school auditorium next Thursday evening as a Kiwanis soup fund benefit.

Princess is one actress who enjoys her work and who is never temperamental. She takes life philosophically and displays little or no vanity. She likes children and a crowd of youngsters may always be seen gathered about her as she takes her daily sight-seeing tour through the city.

The cooler months of the year are working months for Princess, for it is then that she is called upon to make her appearance at each Birch performance, where she is hoisted in mid-air, then disappears at the snap of her master's fingers.

It might also be said that Princess is the only living actress of note who has never sought publicity. She has never been known to give an interview to the newspapers, and has never voluntarily been quoted or had her photograph taken. She comes from the Dutch West Indies, is four years old, and weighs one hundred and thirty pounds.

But Princess is only one small portion of the great Birch array of thrilling illusions and demonstrations of the magic art. Included in the production are many tricks which require a veritable manager for presentation. Of these may be mentioned the canary that appears in a burning light bulb, the vanishing ducks the elusive doves and many others.

Children are always made welcome at the Birch show. The magician likes to work with them, and frequently calls them to the stage. "I like to play to adults, of course, for they can really appreciate to the fullest the beauty and wonder of my illusions, but it is really much more fun to work with the kiddies. Their naive enthusiasm and the pure enjoyment which they get from the show is something infinitely precious to me."

Not only will Mr. Birch perform the most sensational feats of magic ever presented on a local platform, but he brings a program varied with pleasing novelties. Miss Mabel Sperry, musical artist extraordinary, will play on her specially-built World's Fair Marimba at each performance.
