THE BON MARCHE UNION STREET—SECOND AVENUE—PIKE STREET

MAN SUFFRAGETTE HURLS SACK OF FLOUR AT HEAD OF PREMIER IN COMMONS

LONDON, June 11.—The wildest scenes in a decade were enacted in the house of commons today. The crest of the demonstration was reached when a male suffragette sympathizer hurled a sack of flour at Premier Asquith from the visitors' gallery. It narrowly missed the premier, who was speaking, when the sack struck the floor at his feet. It burst, a cloud of flour almost smothering the cabinet officers who occupied seats on the ministerial benches. Later the same man threw suffragette pamphlets at members of parliament, shouting incoherently regarding Miss Emily Davison, who died a few days ago from injuries received on Derby day, when she flung herself at King George's entry in the great race, putting the horse out of the running. The man was arrested.

BRADIE RIDES A RUNAWAY

MEDFORD, June 11.—Starting from the Asblund Southern Pacific freight yards last night when its weight was too much for the brakes and switchman, who was riding it while making a "flying switch," a gondola car loaded with tie plates made the 12 miles between Ashland and Medford in exactly 12 minutes, and an engine, which started in pursuit of the runaway, made the distance in 15 minutes. The runaway passed through Medford at 9:30 p. m., a freight train, which was in the yard, barely getting in the "clear." Switchman Fowler bravely stuck to his car, shouting instructions as he passed each station and waving his lantern as a warning. The car stuck to the rails, though making many sharp curves in its 26-mile dash, and came to a stop at Gold Hill.

PLENTY OF STRIKE FUNDS

By United Press Special Wire. VANCOUVER, B. C., June 11.—That the coal miners of Vancouver Island who are now on strike need have no fear about their strike pay was the news received at the Labor Temple here late yesterday. Edward Perry, secretary-treasurer of the United Mine Workers of America, telegraphed from Indianapolis: "Will forward \$15,000 weekly, and more, if necessary, as long as the strike continues."

BIG HORSE STEALING PLOT

By United Press Special Wire. CHICO, Cal., June 11.—Declaration that he had unearthed the most systematic organization of horse thieves that ever operated in California is made today by Sheriff Webber. Horses stolen in the upper counties, he alleges, are relayed to gang representatives in various towns, and finally find their way into San Francisco, Sacramento and Los Angeles. Webber hinted that disclosures he will make soon will involve prominent citizens of Yuba, Tehama and Sacramento counties.

U. S. WINS TORPEDO SITE

A long fight between the Seattle Chamber of Commerce and California for the government's Pacific coast torpedo station has ended with Seattle victorious. Condemnation proceedings for the acquisition of a site at Keyport are practically completed, and that the U. S. will secure the torpedo base is assured. California offered three sites to the government free, but as examined, they visited the various sites, decided that Puget sound was the more suitable for the purpose, the government was willing to pay \$107,613.64 for the Keyport location. Proceedings were started some time ago, but Secretary of the Navy Meyer, upon a visit here, decided to abandon condemnation proceedings and make the torpedo station a part of the Bremerton navy yard. Later, however, he changed his mind.

Isn't It an Odd World?

HUNTER'S LUCK—Stephen Rose of Eatontown, N. J., shot at a flock of crows and brought down a passing eagle.
POLITICAL STRAW—Phoenix, Ariz., went "wet" at liquor election, with women voting.
SHANKS MUST NOT SHOW—In connection with royal presentations a mystery of English court dress is disclosed. Regulations call for pink silk stockings under black silk hose. It is explained that this is to guard against visibility of the flesh of the suppliant shanks, which might be the case with the thin black material alone.
COLORADO SPRINGS was completely covered by an unknown species of bugs. Musical visitor from New York asked where he could take the pledge.
IT IS SAID that there is not a copy of the Old Testament for circulation in the New York public library.
MISSIONARY RETURNED from Brazil tells how he drove away a pack of hungry wolves by singing to them. This does not prove or imply that he is a Caruso.
WARNING TO GIRLS—Out-of-the-ordinary statistics compiled with reference to the graduating class at Princeton show that 206 students correspond with a total of 579 girls. One student has 16 feminine correspondents on his list.

OMAHA JUDGE SMASHES THE MASHERS

"The following schedule of fines will hold in this court, regardless of who the masheers are and what their social standing is: For calling a girl a 'chicken,' the fine will be \$5; 'honey-bunch,' \$10; 'turtle-dove,' \$15; 'baby-doll,' \$20, and woe unto the masheer that addresses any girl as 'Little Cutie.' I'll give him the limit, \$25."
That's Judge Foster's "Masher Schedule," and the schedule is not subject to downward revision if the masheer happens to be a "somebody" or a "somebody's" loafing son.
And the fine is the same whether the "masheer" is a daughter of a laboring man or of a banker.
Oh, yes, almost forgot to tell you where this Judge does his masher smashing. In Omaha, Neb. He presides over the police court. His "Masher Schedule" went into effect several days ago as the

A CHICKEN "HONEY-BUNCH" "TURTLE-DOVE" "BABY-DOLL" "LITTLE CUTIE" \$5.00 \$10.00 \$15.00 \$20.00 \$25.00
