

LIBERTY

TODAY TILL SATURDAY NIGHT

MARY PICKFORD

"THE LITTLE AMERICAN"

She was only a slip of a girl—the "Little American"—a Yankee Doodle daughter of Uncle Sam. The action is laid in America, on the Atlantic and in Northern France. You can't help loving little Mary—smiling at her predicaments (sometimes through tears)—thrilling at her splendid heroism. The finish makes you feel glad—glad you have seen a most wonderful picture and glad you are—Americans!

COUGHLIN HELD FOR DELINQUENT CHARGE

Because he is alleged to have registered at the Stanley Apartments with a 17-year-old girl as "J. Taylor and Wife," John J. Coughlin, said to be a member of a Vancouver shipbuilding firm, is held at the city jail on an open charge, with bail fixed at \$2,000. A charge of contributing to the delinquency of a minor will be preferred against Coughlin, whose family, consisting of a wife and two children, are residents of Seattle.

PLAY FINALS TONIGHT
Finals of the Playground tennis tournament will be played at 6 p. m. Monday when Lagerstrom and Tuckett meet Benson and Worth in doubles.

QUALITY, ECONOMY AND DURABILITY IN DENTISTRY

Have you thought of the great strides that are being made in the SCIENCE OF DENTISTRY, by the introduction of Modern Painless Methods?

The National Dentists have found a means of rendering the operation of extracting, filling, crowning teeth as painless as the removal of a shoe from the foot, and we do it without the slightest danger to the most delicate patient.

You will hear this expression almost every day in our offices: "Why, doctor, is that all there is to it?"

The advantages of being able to do your work without pain mean quicker, safer and easier treatments—BETTER WORK AND LOWER FEES. Giving you Better Work at Lower Fees is what has built for this office its enviable name and following.

WE ARE PLATE SPECIALISTS

We make Gold Plates, and until now they have been the ideal plate; but, owing to the almost prohibitive cost, they never became very popular.

Now, however, we can offer you a Plate that combines the virtues of a Gold Plate with a price that is reasonable. This Plate (like the Gold Plate) is cool, light, sanitary, adaptable, giving you that inspiring feeling of naturalness; you may bite, chew and smile with perfect confidence and comfort. They are made of a new material, very similar to aluminum, called Dentrallor. The cost is very little more than a good rubber plate. The added comfort and satisfaction are beyond comparison. SEE SAMPLES.

\$25.00 RUBBER PLATES \$15.00
GENUINE TRUBYTE TEETH

(Recognized as the world's best artificial teeth) set on rubber base. We guarantee our plates to stay in position and give perfect service.

200 PHONE GIRLS JOIN UNION TO BETTER SELVES

More than 200 Seattle telephone operators of the Pacific Telephone Co. meeting in executive session at the Labor Temple Saturday night, organized and accepted a charter from the International Brotherhood of Electrical Workers. There were but six dissenting votes.

The organization of the girls here makes Seattle the sixth city in the state to receive a charter from the international recently.

Business Agent William Delaney, of the local, and B. F. Gordon and W. W. McIntyre, organizers for the international, addressed the girls, all of them cautioning moderation in the use of the power given them by union affiliation.

Rhoda Kerr Honored
"Because there are 5,000,000 organized workers in the United States behind you, is no reason that you should carry a chip on your shoulder," Delaney said.

Rhoda Kerr was elected president of the new local, with Nettie White vice president, Charlotte A. Dean, treasurer and Lillian Frye secretary.

Officers of the union declare that 451 operators in the city have signified their intention of joining the union.

Night work and lack of transportation facilities prevented all except 200 from attending the meeting Saturday, Delaney says.

Organization Work Secret
The organization of the union is the result of the work of organizers begun in secret three months ago. Since the recognition of the union in Aberdeen, the organization plans have been carried out openly.

Simultaneously with the announcement of the organization, the Pacific company made public a new plan of promotion which will include examinations for all employees who have been with the company for one year. The examinations will cover points of their own work and of work in allied departments.

At present they will be held only for employees of the plant department, which include linemen and shop workers.

CAR PEACE IS THOUGHT NEAR

Continued From Page 1

the public interest, your interest, and that of the company, demand that this last effort be made to settle all controversies between us, we submit the following offer:

"1. That we abandon the agreement to arbitrate certain questions heretofore entered into between us under which you selected James A. Duncan as arbitrator.

"2. That we submit to a new board of arbitrators composed entirely of disinterested persons all questions between us, including whether the company shall recognize the Amalgamated Association of Street and Electrical Railway Employees of America and any local thereof of which you may be members.

"3. This board of arbitration shall consist of four arbitrators, to be selected by you from the following named persons:

"Robert S. Bean, United States district judge, Portland.
"Wallace G. Collins, Seattle.
"H. C. Henry, Seattle.
"John T. Heffernan, Seattle.
"Bishop Frederick W. Keator, Tacoma.
"Judge Kenneth MacIntosh, Seattle.
"Rev. M. A. Matthews, Seattle.
"Clarke Nettleton, Seattle.
"Bishop Edward J. O'Dea, Seattle.
"Frank H. Rucklin, United States district judge, Spokane.
"Dr. Henry Suzzallo, Seattle.

To Go Back to Work
"4. Pending the hearing before and the decision by such board, you to take your former positions with the company at the same seniority existing on the 16th day of July, 1917. You will appreciate that it is necessary to impose a reasonable time limit upon the resumption of your respective former positions, to the end that justice may not be done by a former employee seeking to displace one who has taken his place. You should, therefore, within a reasonable time indicate your willingness to accept or refuse this offer of arbitration.

In the event of your acceptance of the same, a former employee desiring to retain his rank and seniority should report for duty within 24 hours after such acceptance.

"5. The board of arbitration to prescribe such reasonable rules and regulations governing the hearing before it that each party may have timely notice and a full and free opportunity to be heard, as well as represented by counsel.

"6. We believe it is our patriotic duty to make this offer and that like motives will prompt you to accept the same, to the end that by mutual co-operation we may each assist instead of possibly embarrass the president of the United States and those in authority in prosecuting the war in which our common country is now engaged. To insure the continuance of such mutual co-operation during the present national emergency (and we trust a renewal and preservation of cordial and friendly relations between the company and yourselves), the award of the board should be binding upon the company and its employees until a period of three months after the United States government shall have concluded peace.

"7. Yours very truly,
"PUGET SOUND TRACTION, LIGHT & POWER COMPANY.
"By A. W. LEONARD, President."

Here's the strikers' counter proposition:

"The Puget Sound Traction, Light & Power Company and Subsidiary Companies.
"Mr. A. W. Leonard, President, Stanley Building, Seattle, Wash.
"Gentlemen: Your communication to your employees published in today's newspaper calls for an immediate response from us as the authorized representatives of the employees of your company.

We desire to say that we are heartily in accord with the principles set forth in your communication, while we do not agree with all the details. On July 21, 1917, we wrote you as follows:

"Owing to the serious situation which now confronts the people of our country as the result of the present war and of the great injury to the business of the city of Seattle and the public generally, we now submit to your final and definite proposition on the part of the Puget Sound Traction, Light & Power company and its employees, in which letter we then proposed arbitration, and submitted to you the names of five prominent gentlemen of this city. Among the names that have been submitted by both sides, we can unquestionably find an arbitrator satisfactory to both parties to the dispute."

Cite State Law
"We desire to call your attention to chapter 6 of Remington's Code and Statutes of Washington. Section 6599 is as follows:

"It shall be the duty of the state labor commissioner, upon application of any employer or employee having differences, as soon as practicable, to visit the location of such differences and make a careful inquiry into the cause thereof, and to advise the respective parties what, if anything, ought to be done or submitted to by both to adjust said dispute to a settlement thru said commissioner; then said commissioner shall endeavor to have said parties consent in writing to submit their differences to a board of arbitration to be chosen from citizens of the state as follows, to wit: Said employer shall appoint one and said employees, acting thru a majority, one, and these two shall select a third, these three to constitute a board of arbitration, and the findings of said board of arbitration to be final."

What the Law Says
"Section 6600: The proceedings of said board of arbitration shall be held before the commissioner of labor, who shall act as moderator or chairman, without the privilege of voting, and who shall keep a record of its proceedings, issue subpoenas and administer oaths to the members of said board and any witness.
