## Letters from CHIEF SEATTLE

**To Mr. Weatherman**  
Dear George, You sure are giving us a veritable March. She come in like a lamb, generated into lamb stew, then grew into cold mutton and now shows signs of becoming hard-boiled, lion!  
CHIEF SEATTLE.

**To the Candidates**  
Gentlemen: They're off at the pole! They're at the quarter! Here they come!—The city campaign is getting warmer and we ring-side fans are agog to see which of you can slide under the tape on May 2. May the best men win!  
CHIEF SEATTLE.

**To the City Council**  
Gentlemen: I notice when you were petitioned recently by the county commissioners for a fire main and hydrant to protect the King county home. Do this by all means! And remember that if the fire hydrant had been put in sooner, the recent fire, which might have burned to death scores of aged people, would never have gained headway. I thank you!  
CHIEF SEATTLE.

**To the Public**  
Dear Folks, I know that you are desirous of having Madison park transferred from the jurisdiction of the railway department to the park commissioners. The change would mean that the railway department would be relieved of an unnecessary and tiresome burden and that the park board could turn the park into part of Seattle's incomparable boulevard system. However, you must remember that Madison park was owned by the street car system before the city bought the line and is still owned by the railway system—until we pay off all the \$15,000,000 worth of bonds.  
CHIEF SEATTLE.

**To People Who Aren't in a Hurry**  
Dear Strollers: Provided you're on a nice big highway it's quite the proper thing to stroll. And provided you're on a little highway and there's nobody behind being delayed because of your leisure ahead, it's all right to stroll, too.  
But suppose you're on that narrow highway or perhaps on the right side of a crowded street, or even in a crowded aisle. And then suppose it's during a busy hour—perhaps a noon hour, when half the population is hurrying to and fro. Wouldn't it be best, then, not to stroll too much? Seems as if it might be well to have some sort of a destination, or else to take a seat on a balcony and watch the traffic. Speedily,  
CHIEF SEATTLE.

**To My Redskin Tribesmen**  
Children: I have been with you, whole-heartedly, in your conference at Mt. Vernon. You have taken a wise course in bringing your grievances before your white brothers, who mean well but are apt to forget the treaties their forefathers made with your forefathers many years ago. Keep plugging.  
CHIEF SEATTLE.

**To a Certain Woman**  
Dear Madam: I don't know who you are or whence you came, but we saw you do a most inauspicious thing last week. You were walking along Third ave. with your baby boy. He was eating a banana. He dropped it. To punish him, you rubbed it on the sidewalk and made him eat a portion covered with dirt. That's a fine way to chastise a three-year-old.  
CHIEF SEATTLE.

**To C. P. S. Men Students**  
Dear Fellows: Dean Cunningham says that you males are the "lame brains" at the College of Puget Sound. He points out that girl students have had the lead since 1903 at the institution. That's a bad record. "Step" on the studies instead of the gaz, fellows.  
CHIEF SEATTLE.

**RESULTS! MORE CARS ON 19TH**  
Dear Chief: Wish to say that the suggestion you had in your column a week ago concerning the 19th ave. line was greatly appreciated. And that we are planning to put on additional service on this line as soon as the schedule department can prepare the schedule. With our best wishes, we remain, your truly,  
D. V. HENDERSON, General Superintendent of Railways.

**ASKS THAT AN EGG STRIKE BE CALLED**  
Dear Chief: I wonder if you can bring it home to the consumer that he is being robbed by the retailer in more ways than one. For instance, take eggs. Farmers and poultry raisers are at present selling their eggs at the low price of 20 cents per dozen, and the retailers promptly stick a card on the same eggs with 25 cents marked thereon.  
That is an exorbitant profit to make on a dozen of eggs and if you would order an egg strike for a week or two I believe it would be religiously followed by your hosts of admiring sisters.  
Sincerely,  
BERTHA.

**To the Frye Hotel**  
The excellence of your management and the courtesy of your service is well known to home folk and guests within the city. BUT, gentlemen, your building needs a bath, and so do nearly all the other worthwhile structures on lower Second ave. Why not get together with the other owners in your district and use a little soap and water, now that spring has come?  
CHIEF SEATTLE.

**To Seattle Motorists**  
Dear Folks: Now that you're getting the old wagons out in real earnest, give a thought to those of your friends who see 'standing on corners, waiting for street cars. Service is pretty slow in many districts, and utilizing those empty seats in your machine will be greatly appreciated by those you give a lift.  
CHIEF SEATTLE.

**To the Residents of Ballard**  
Dear Folks: Renaming your community is worse than renaming a baby—what say? "Mother urges "Call him Sunset," and pa says, "No, we called him Ballard when he was born, and we're going to keep him Ballard." May the family not become too agitated.  
CHIEF SEATTLE.

**To the Winner of the Slogan Contest**  
Dear Miss Thomas: "Prudent people prefer patronizing Pacific Northwest—" but we won't quote all of it. It is very good and Chief Seattle congratulates you on presenting the slogan chosen as the best of the thousands submitted. To the winners of the second, third, etc., slogan prizes he also extends a hearty handshake. And to all who entered the contest he extends a thousand thanks, for the good fellowship and the worthy slogans presented.  
CHIEF SEATTLE.

**To the Jewish Students at the University of Washington**  
Dear Men and Coeds: Congratulations on your endeavors to assist with the Student Loan fund. Washington's loan fund is known to be a worthy helping hand institution for those attending school and needing temporary financial assistance. May your play, "The Children of the Ghetto," be given for the fund benefit, be a success.  
CHIEF SEATTLE.

**To Jim Boldt**  
Dear Pruxy: From all accounts you and your manager, Walt McCredie, have brought together one of the sweetest aggregations of ball tossers that ever donned Indian uniforms. More power to you! We'll have a pennant or durned near one this fall.  
CHIEF SEATTLE.

**To the Seattle Street Car Conductors**  
Dear Token Takers: I've had in mind writing to tell you that for courtesy, efficiency and cheerfulness in handling a crowd you are in a class by yourself. I was also going to say that I've not noted a single act of discourtesy on your part.  
And then the crew of one of these "one-man" horrors went and spoiled that last remark. An elderly man on crutches hobbled hurriedly toward the car in a way proving he wanted to board it. But the "crew" almost passed him up—finally stopping the car on the wrong side of the street. It was up to the cripple to hobble that extra distance—and when he did get aboard, did the conductor apologize? He did NOT, but he glared at the poor cripple until that man made an apology. Did he assist him to a seat? Again, no, and standing in the front of a jerky one-man car is tough enough on an able-bodied person.  
However, boys, this bird is the exception to prove the rule. And I'm for you.  
CHIEF SEATTLE.

**To the Park Department**  
Everybody says Seattle has wonderful parks in the residence and outlying sections, but no satisfactory ones downtown. Why not "dollar up" some of the vacant spaces to be found in the business district? A green lawn and flowers and benches would have an immense appeal to the tired sightseers. As it is now, there is small chance for the visitor to sit down out of doors and enjoy Seattle. There are plenty of spaces for little parks. Suggestion: Why not make a park out of the wasted terrace space at Ninth ave. and Union st. and on around to Boren ave?  
CHIEF SEATTLE.

**To Frank B. Cooper**  
Dear Frank: Congratulations. Few men can hold public office as long as they wish and then quit under circumstances which leave no doubt but that the act was entirely of their own volition. You served this city 21 years as superintendent of schools and, for aught I know, you might have done so for 21 years more if you had cared to. Best wishes.  
CHIEF SEATTLE.

## Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, or using a corset, or whatever name you choose to call it? At best, the truss is only a makeshift—a stop-gap against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. It, by its pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for ruptures the world has ever known. The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, and therefore cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used while you work and while you sleep. No straps, buckles or springs attached. Learn how to close the hernial opening as nature intended so the rupture CAN'T come back. Send your name today to PLAPAO CO., Block 121, St. Louis, Mo., for FREE Trial Plapao and the information necessary. —Advertisement.

## Appendicitis Strikes Engineer in Cab

Engineer Shows Great Heroism—Drives Engine Safely In

While sending his engine thundering down the rails a Western railway engineer was suddenly stricken with appendicitis. Bravely remaining at his post, his weakened hand still clutching the throttle as his fireman held him to his seat, the man drove the train safely in, on time.

**A Treacherous Disease**  
Appendicitis attacks at any moment, even persons seemingly in good health. Usually, however, it is preceded by so-called stomach trouble, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, Appendicitis can be guarded against in exactly the same manner in which one guards against the spread of throat infection, because that is just what appendicitis is—an infection in the intestines spreading to the appendix. When one has sore throat, one can often prevent further trouble and the development of influenza or grippe by using an antiseptic wash or gargle to fight the germs and a laxative to carry off the poisons from the body. Just exactly the same procedure is necessary to fight the intestinal germs and guard against appendicitis. But instead of an antiseptic wash for the throat, an INTESTINAL antiseptic is necessary.

**Intestinal Antiseptic**  
There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adierika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here. It is the most complete system cleanser ever offered to the public, acting on both the upper and lower bowel and removing foul matter which poisons the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter Adierika will remove from the alimentary canal—matter you never thought was in your system. Try it right away. Usually, however, it is how much more foul matter it brings out which was poisoning you. In slight disorders, such as occasional constipation, sour stomach, gas on the stomach and sick headache, one should take Adierika ALWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

"I congratulate you on the good effect I had from Adierika since I prescribed it." (Signed) Dr. L. Langlois.  
"I have found nothing in my 50 years' practice to excel Adierika." (Signed) Dr. James Weaver.  
"I use Adierika in all bowel cases. Some require only one dose." (Signed) Dr. F. M. Freyman.  
"After taking Adierika I feel better than for 20 years. Haven't had to express the AWFUL IMPURITIES eliminated from my system." (Signed) E. Puckett.  
Adierika is a constant surprise to people who have used only ordinary bowels and stomach medicines, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists every where. Sold in Seattle by Swift Drug Co., corner Second ave. and Pike st., Barlett Drug Co. and other leading druggists.—Advertisement.
