THAW SCORES IN  
FEDERAL COURT

Judge Suspends Writ of  
Habeas Corpus.

JEROME OPPOSES ACTION

Effect of Court's Ruling Will Be That  
Fugitive Cannot Be Removed From  
New Hampshire Should Governor  
Felter Sign Extradition Papers.

Littleton, N. H., Sept. 17.—Harry  
Kendall Thaw, fugitive from Mattea-  
wan, won a victory in the United  
States district court here when Judge  
Aldrich indefinitely suspended a hear-  
ing on a writ of habeas corpus ob-  
tained by the Thaw lawyers.  
This means that Thaw will have a  
federal writ to check his immediate  
return to New York state in the event  
Governor Felter orders his extradi-  
tion after the hearing to be held at  
Concord.

William Travers Jerome, specially  
deputized to bring about Thaw's re-  
turn to the asylum, tried to block  
the postponement on the grounds  
that the writ had been obtained as a  
matter of expediency.

"What do you propose to do then?"  
insisted the judge.  
Jerome hesitated.

"The immediate question," con-  
tinued the court, "is whether the pro-  
ceedings shall go on or be suspended.  
It is the judgment of the court that a  
suspension would not menace the  
interests of either side and in view  
of the fact that the governor hesitates  
to proceed with the extradition hear-  
ing until the status of this matter is  
settled, I suspend it. It is not ad-  
judged but suspended and I suggest  
that either side notify me within six  
days when they are prepared to go  
on with it."

Thaw sat with his eyes riveted on  
the court. His lawyers were grin-  
ning. He was reminded back to the  
joint custody of Sheriff Drew of Coos  
county, who arrested him after his  
recent deportation from Canada, and  
United States Marshal Nute.

Counsel for both sides, after talk-  
ing with the governor by telephone,  
agreed that the extradition hearing  
would not be held until Tuesday, Sept.  
23. The lawyers then went into con-  
ference to decide where to hold Thaw  
meanwhile.

Marshal Nute announced that he  
would keep Thaw here over night.  
Thereafter his plans for the prisoner  
were undecided.

In an open discussion with Mr.  
Jerome after announcing the suspen-  
sion of the hearing Judge Aldrich said  
that search of the statutes had failed  
to reveal to him any law under which  
a man in Thaw's position, a lunatic  
charged with a crime, could be ex-  
tradited.

MAY EXECUTE ENTIRE BAND

Slayers of Texas Deputy Sheriff Face  
the Gallows.

Carizo Springs, Tex., Sept. 17.—  
Summary justice is expected to be  
meted out to Barney Cline, American,  
and his thirteen Mexican guerrillas.  
They have been indicted for first de-  
gree murder for the slaying of Deputy  
Sheriff Manuel Ortiz. They go on  
trial soon and their conviction is be-  
lieved to be certain. The entire  
party may be hanged side by side on  
the same scaffold.

Cline, admitting this is not his  
right name, says he is a Harvard  
graduate. He and the men with him  
admit the killing, but they have in-  
sisted that it was after a fight in  
which Ortiz and his companions killed  
some of their men. But the fact  
that Ortiz was inhumanly tortured be-  
fore being shot has influenced public  
opinion and if the men are not legal-  
ly hanged they will probably be  
lynched by vigilantes.

FINDS LOST PEARLS ON WALK

Gems Valued at \$650,000 Recovered  
by Workman.

London, Sept. 17.—A workman  
found on a sidewalk practically the  
entire pearl necklace, valued at \$650,-  
000, which was stolen on July 16  
while in transit by mail from Paris  
to London.  
The man was going to work in High-  
bury, a northern district of London,  
when he noticed the pearls lying on a  
heap. On picking them up he found  
there were fifty-eight. He took them  
to the nearest police station, where  
they were at once recognized as part  
of the famous necklace, from which  
only one pearl is now missing.  
On Sept. 2 five men, three English-  
men and two Austrians, were arrest-  
ed when trying to dispose of some of  
the pearls in London. They are be-  
lieved by the police to belong to a  
notorious international gang of  
thieves.

JOHN BARRETT.  
Well Known Diplomat Op-  
poses Duty on Bananas.

PLEADS FOR LOWLY BANANA

John Barrett Sends Protest to Tariff  
Conference.

Washington, Sept. 17.—Shooting the  
dove of peace from its perch, John  
Barrett, director general of the Pan-  
American union, installed the banana  
as the emblem of international tran-  
quillity, at least so far as Latin Amer-  
ica is concerned. In a letter addressed  
to the senate and house conferees on  
the tariff bill protesting against the  
proposed duty on the fruit he por-  
trayed the humble banana as a power-  
ful civilizing influence.

"The building up of the banana  
business has done more than any other  
individual influence, material or po-  
litical, to bring about conditions of  
prosperity, sanitation, health and  
peace in those low lying coast lines of  
the Caribbean and Gulf of Mexico,"  
said Mr. Barrett.

ARMY OF 100,000  
READY IN IRELAND

Will Take the Field Should Home  
Rule Become Law.

Belfast, Ireland, Sept. 17.—Sir Ed-  
ward Carson, leader of the Irish  
Unionists, has landed in Ireland. The  
object of his visit, it was said, was to  
inspect a volunteer army which is  
being raised in Ulster to support the  
provisional government which is to  
be brought into existence in case the  
home rule bill becomes law.

The Ulster army is said to be thor-  
oughly organized and to have attained  
a strength of about 100,000 men. This  
number its leaders expect to double  
when recruiting has been completed.  
Sir Edward intends to spend a week  
in Ulster. With several lieutenants  
he will visit the various corps which  
have been formed by drilled men of  
the Unionist clubs and Orange lodges.

The climax of Sir Edward's visit  
will come on Saturday, when he has  
arranged to inspect the Belfast Union-  
ist corps.

In the course of the week a number  
of private meetings of the Ulster  
Unionist council will take place to  
complete arrangements for the pro-  
visional government, which it is the  
purpose eventually to establish. There  
seems to be little hope of a general  
conference between the various parties  
on the question of home rule.

HOLLAND TO GIVE BALLOT  
TO WOMEN.  
The Hague, Netherlands, Sept. 17.—There is every in-  
dication that women will  
shortly be given the parlia-  
mentary franchise in Holland.  
In the speech from the  
throne, delivered at the open-  
ing of the state's general, the  
new Dutch cabinet stated its  
intention of granting the vote  
to women.

BEEF IMPORTS ON INCREASE

June, July and August Totals Ap-  
proximately 3,000,000 Pounds.

Washington, Sept. 17.—Enormous  
increase in the amount of foreign beef  
is noted by the bureau of foreign and  
domestic commerce, which announced  
that the imports of such meat during  
June, July and August approximated  
3,000,000 pounds. The most of this  
great volume of supplies came from  
Australia and Argentina. It nearly  
equals for the three months the  
amount brought into the United States  
during the entire fiscal year ending  
with May 31 last.

The meat ranges in cost from 7 to  
10 cents a pound in the country of  
origin. To this, of course, is added the  
transportation and other charges  
and the customs duty of 1 1/2 cents a  
pound.

Sioux Falls, S. D., Sept. 17.—Mrs.  
Mae Evans, charged with the murder

pleaded guilty to manslaughter in the  
first degree.  
Mrs. Evans shot and killed Dr.  
Moore and attempted to take her own

GREAT PARADE  
IN MEXICO CITY

Populace Out in Force on  
Independence Day.

HUERTA PRAISES YOUTHS

Provisional President Applauds Pa-  
triotic Ardor of Younger Element  
and Calls Them the "Hope of the  
Nation"—Soldiers Crowd Streets of  
the National Capital.

Mexico City, Sept. 17.—The biggest  
parade ever held in Mexico City be-  
gan forming early in the day in cele-  
bration of the nation's independence  
day. Cold, drizzling rain caused the  
flags and bunting to droop and made  
marching over the sodden pavements  
a dreary business, but it did not  
quench the holiday spirit.

From early morning detachments of  
soldiers, cadets, students and volun-  
teers made their way toward Chapul-  
tepec, where the day's celebration be-  
gan with speechmaking and music,  
and where patriotic utterances of or-  
ators appointed for the occasion stirred  
embryo soldiers to excesses of en-  
thusiasm.

General Victoriano Huerta, in full  
uniform, surrounded by his staff and  
accompanied by many government of-  
ficials and foreign diplomats, made a  
short address applauding the patriotic  
ardor of the younger element of the  
population and calling them the "hope  
of the nation" and "worthy sons of  
loyal fathers."

President is Saluted.  
At the hour appointed for the open-  
ing of the civic observances at Chapul-  
tepec the presidential salute boomed  
from the guns of the arsenal. At the  
conclusion of the ceremonies the  
showing confetti and flowers from  
windows and balconies, to the national  
palace, where General Huerta pre-  
pared to review the parade.

A striking feature of the parade  
was the presence in line of upwards  
of 1,500 students in uniform and  
marching with an air of veterans.  
Since the last celebration of Independ-  
ence day many schools have been  
placed under the military organiza-  
tion. The military students are  
dressed in uniforms of dark green  
and wear round hats with cockades  
of various colors to designate their  
schools.

Probably not since the centenary  
parade in the final days of President  
Porfirio Diaz has there been seen at  
the capital a larger number of men of  
the regular army establishments in  
line. The artillery, the cavalry and  
the foot soldiers numbered thousands  
and stretched for miles through the  
streets.

CORPORATION TAX IS UNFAIR

Duluth Judge Asserts Law Imposes  
Burden on Cities.

Duluth, Sept. 17.—Minnesota's gross  
earnings tax system, which practical-  
ly exempts railroads and other cor-  
porations to which it applies from the  
payment of special assessments for  
public improvements, is unjust to  
the municipalities of the state and  
unfair to general taxpayers in cities  
with terminal facilities, according to  
an opinion handed down by Judge  
Bert Fesler in the district court.

Judge Fesler's opinion follows his  
decision of an appeal taken by the  
Northern Pacific Railroad company  
from an assessment to defray the ex-  
pense of renovating and improving a  
city highway.

The court holds that the railroad  
company, under a strict interpreta-  
tion of the gross earnings tax law,  
cannot be assessed for special im-  
provements, and orders the assess-  
ment canceled.

CURIOSITY LEADS TO ARREST

Fugitive From Justice Paid Daily  
Visits to Police Station.

Salt Lake City, Sept. 17.—E. J. Del-  
porte, wanted in St. Louis on a charge  
of embezzling \$8,000 from a whole-  
sale grocery firm two years ago, has  
been arrested.  
Delporte has been in this city for  
eighteen months and in the last four  
months has been a frequent visitor at  
police headquarters, where he would  
each day carefully scan each circular  
received from other cities giving de-  
scriptions of men wanted.

He became so eager to see these  
circulars that he aroused the sus-  
picious of the police department.  
Finally his description was received  
and he was arrested. He admitted  
the charge and said he would return  
to St. Louis without extradition.

Washouts Still Trains.

Rapid City, S. D., Sept. 17.—Floods  
causing two washouts near Hermosa  
tied up traffic on the Omaha division  
of the Northwestern road. The ex-  
press from Omaha ran into a 600-foot  
washout a mile north of Hermosa and  
backed out of the water before wreck-  
ing the train. The passenger train  
from Hot Springs struck the washout  
south of Hermosa and was stalled  
there for the night.

Gravitation.

The law of gravitation is thus given  
in Newton's words: "Every particle of  
matter in the universe attracts every  
other particle with a force whose di-  
rection is that of the straight line join-  
ing the two and whose magnitude is  
proportional directly as the product  
of their masses and inversely as the  
square of their mutual distance."

GOVERNOR HOOPER.  
Tennessee Executive Extends  
Welcome to G. A. R. Veterans.

OPENING SESSIONS ARE HELD

G. A. R. and Kindred Organizations  
Get Down to Work.

Chattanooga, Tenn., Sept. 17.—Heavy  
clouds hovered over Chattanooga, the  
second day of the forty-seventh an-  
nual encampment of the Grand Army  
of the Republic and allied organiza-  
tions. The welcome extended visiting  
veterans by citizens at a reception  
was supplemented when addresses of  
welcome were delivered by Governor  
Ben W. Hooper of Tennessee, William  
D. Atchley, commander of the depart-  
ment of Tennessee; Mayor T. C.  
Thompson of Chattanooga and others.

Opening sessions were held by the  
following organizations allied with the  
G. A. R.:  
National Association of Army Nurses,  
Women's Relief Corps, Ladies of the  
G. A. R., Sons of Veterans, Sons of  
Veterans Auxiliary, National Associa-  
tion of Union Prisoners of War, Na-  
tional Association Civil War Musi-  
cians, Loyal Legion and United States  
Veterans' Signal Corps association.

CHOLERA SITUATION  
IN HUNGARY GRAVE

Authorities Awakening to Seri-  
ousness of Conditions.

Budapest, Hungary, Sept. 17.—The  
authorities appear at last to be alive  
to the gravity of the cholera situation.  
They are instituting effective pre-  
ventive measures, including the exami-  
nation of all railway passengers and  
consignments of food and the close in-  
spection of houses in the tenement  
district that hitherto have escaped at-  
tention. Many of the schools are  
closed.

The difficulties of dealing with the  
epidemic are increased by the fright  
of the poorer people, who, dreading  
to see relatives carried off to the iso-  
lation hospital, conceal cases of cholera  
by every means in their power.

The Austrian naval authorities in  
Trieste have ordered a rigorous ex-  
amination of food supplies coming  
from ports in Roumania, Bulgaria,  
European Turkey, Syria and Asia  
Minor. Consignments from the ports  
of Greece, Albania and Montenegro  
are subjected to a special medical ex-  
amination.

ASKS FEDERAL DATA; GETS  
FIFTY VOLUMES.

Hebron, Ind., Sept. 17.—Mrs.  
A. R. McAlpin wrote Congress-  
man J. B. Peterson to send  
her government publications  
on immigration, so that she  
could prepare a paper to read  
before her club.  
About fifty volumes, weigh-  
ing 300 pounds, arrived by par-  
cel post. The mail carrier  
was forced to hire a dray to  
deliver them.

WAR IS SURGEONS' SUBJECT

Delegates to Convention Discuss Care  
of Wounded.

Denver, Sept. 17.—War and the  
treatment of the wounded were the  
chief topics discussed at headquar-  
ters of the Association of Military  
Surgeons. Delegates from the United  
States, Great Britain, France, Ger-  
many, Italy and China were present  
for the opening of the twenty-second  
annual convention, which will con-  
tinue three days.

Expelled From Zion City.

Zion City, Ill., Sept. 17.—By a unan-  
imous vote the city council of Zion  
City expelled Alderman John H.  
Sayers and R. R. Owens, charged  
with misconduct in connection with  
the municipal election held April 15,  
1913.

—London Tit-Bits.

WILSON RETURNS  
TO WASHINGTON

President Back From His  
Brief Vacation.

PLEASED WITH SITUATION

Finds Currency Bill Well on Its Way  
Through the House and Differences  
Between the Two Bodies on the  
Tariff Rapidly Being Adjusted.

Washington, Sept. 17.—President  
Wilson returned from Cornish, N. H.,  
on a train that was an hour late, and  
was driven at once to the White  
House.

The president returned to his desk  
to find the administration currency  
bill well on its way through the  
house, with the Democratic majority  
holding it firm against attacks so far,  
and the tariff differences between the  
house and senate well on the way to  
settlement. Some of his advisers  
thought the Underwood-Simmons bill  
might come before him for signature  
next Monday.

Outwardly the most pressing ques-  
tion in the Mexican situation was  
whether a congratulatory message  
should be dispatched to Mexico on  
the occasion of the 103d anniversary  
of Mexican independence, and to  
whom it should be addressed. Some  
officials were of the opinion that such  
a message would be in a measure a  
recognition of the Huerta govern-  
ment.

The White House had recovered  
from its summer renovation, the win-  
ter decorations were in place and  
blazing hearth fires greeted the pres-  
ident. The engagement list for the  
day was small.

MURDER IN COURT CIRCLES

Count von Westernhagen Shot to  
Death in Berlin.

Berlin, Sept. 17.—Professor Hein-  
rich Maass, court painter and social  
leader, shot and killed Count Cham-  
berlain von Westernhagen, courtier  
soldier and captain of the army re-  
serve.

A slap in the face led to the pro-  
fessor's act, which took place before  
the bar of a dignified court of honor.  
There had been bad blood between  
the two for some time. In accordance  
with the code they had agreed to sub-  
mit their differences to a court of hon-  
or, which was to decide whether a duel  
was necessary.

Von Westernhagen, in a rage over  
some remarks made by Professor  
Maass, struck his adversary in the  
face. The artist immediately drew a  
revolver and shot the soldier dead.

INDICATES FRENCH ALLIANCE

Foreign Minister Seeks Collaboration  
of Spain.

Paris, Sept. 17.—The French Re-  
view, a publication devoted to Franco-  
Spanish interests, publishes an arti-  
cle by Foreign Minister Stephen Pichon  
recalling the historical associa-  
tion of the two countries which are  
so situated geographically as to per-  
mit close collaboration.

M. Pichon appeals especially for  
close collaboration in Africa, where,  
he says, the "task undertaken by the  
two countries will progress surely  
and rapidly, according as the collab-  
oration is more intimate."

STEEL CARS SAVE LIVES

Coaches Containing Many Passengers  
Turn Over.

Coatsville, Pa., Sept. 17.—Three  
passengers were slightly injured  
near here when the three rear sleep-  
ing cars on the Philadelphia night  
express on the Pennsylvania road  
left the rails and turned on to their  
sides.

There were sixty-eight persons in  
the sleepers and only the fact that  
the train equipment was of steel  
prevented fatalities. The train was  
not running fast at the time. The  
wreck was due to spreading rails.

If He Were Knighted.

The lecturer was known as Professor  
Key, and a very genial, nice old fel-  
low he was. In fact, he was a re-  
markable contrast to most of these  
dry as dust old gentlemen and would  
often introduce into his lecture in-  
teresting facts concerning the manners  
and customs of the countries he had  
visited.

On this particular morning his sub-  
ject was Spanish history, and he felt it  
was necessary to illuminate his dis-  
course.  
"As no doubt you know, gentlemen,"  
he said, "when a man attains to em-  
broidery in Spain he is knighted, but then  
he is known not as 'sir,' but as 'don.'"  
"Then I suppose, sir," gravely said  
the young man who always insisted on  
being funny, "if they knighted you,  
you would become a Don-Key?"—Lon-  
don Tit-Bits.

WOMAN IS BURNED TO DEATH

Aged Housekeeper Perishes When  
Residence Is Destroyed.

Pine City, Minn., Sept. 17.—Mrs.  
Becky Sandburg, aged sixty-nine, was  
burned to death by a fire which  
totally destroyed the home of Mike  
Dean. Mrs. Sandburg, who kept  
house for Dean, it is believed, was  
starting the fire with oil while Dean  
was out.

Neighbors heard the woman scream  
as she ran out of the burning house.  
She was enveloped in flames. A wom-  
an wrapped an old carpet around  
her and she was taken to a neigh-  
bor's where she died several hours  
later. Parts of her body were char-  
red.

FIRE REVISITS OLD SCENE

\$300,000 Lost in New Rochelle (N. Y.)  
Blaze.

New Rochelle, N. Y., Sept. 17.—Fire-  
that destroyed the department store  
of the Howard Ware corporation was  
extinguished after it had caused a  
loss of about \$300,000.

The burned area covered an en-  
tire block on Main street, practically  
the same site that was burned over  
by the great fire twenty years ago.  
Several stores and tenements were de-  
stroyed, but no lives were lost.

COUNTERFEITER AS  
WELL AS MURDERER

Further Charge Made Against  
Father Hans Schmidt.

New York, Sept. 17.—Not only did  
Father Hans Schmidt, assistant priest  
of St. Joseph's Catholic church, carry  
on his functions after he had butcher-  
ed pretty Anna Aumuller, but he was  
a partner in a counterfeiting estab-  
lishment. This was the assertion of  
the police following the arrest of Dr.  
Ernest A. Muret, dentist, and a wom-  
an who said she was employed as a  
maid in his flat.

A squad of detectives entered an-  
other flat on One Hundred and Thir-  
ty-fourth street and found a printing  
press, a partly burned bill, a copper  
plate for the printing of currency and  
a quantity of paper adapted to the  
making of bank notes.

Mrs. Mary Bowles, owner of the  
building, and Margaret Rutledge, the  
janitress, said that the flat was re-  
nted by a man who gave the name of  
George Miller. They identified Miller  
as Dr. Muret and the man who accom-  
panied him as Hans Schmidt.

The receipt for the rent of the flat
