PLOT IS SEEN IN
THIRD TERM CRY

PRESIDENT'S FRIENDS ASSERT
IT IS RAISED BY ENEMIES TO
DEFEAT POLICIES.

ROOSEVELT TO MAKE
HIS POSITION KNOWN

is Still Firm in Opposition to a Re-nomination—Controversy with Harriman Lost Sight Of in New Developments.

Washington, April 8.—Friends of the president declare they see in the growth of sentiment among politicians for a third term for President Roosevelt a plan to steal the Republican nomination for the presidency for a reactionary under the false pretenses. They unite in saying that the president is not a candidate to succeed himself, that the enemies of the president are aware of that fact, and that in seeking to elect Roosevelt delegates to the national convention these men are playing the faith of the people in the president with the knowledge that he will decline another nomination and they can then control the delegates for whomsoever they like. They assert that the president objects to being put in any such position and that he intends to let the people understand where he stands and what he wants, so that the coming fight shall be fair and free and the issues understood by all.

Forget Harriman Controversy. Whatever may be the merit of the conspiracy charge emanating from the White House against the opponents of the president, the friends of the president are chagrined that it is not taken more seriously in Washington. While it is admitted on all sides that there is opposition to the president, official Washington, which talks in whispers these days, refuses to dignify the opposition by the term "conspiracy."

Such suggestions as "brain storm" and suggestions of overwork on the part of the president and the need of a rest are common. Comment on the fact that the Harriman letter controversy has been lost sight of in the new developments is also heard.

Look for Long Contest. The politicians here see the beginning of a 15 months' fight between the president and his friends on the one hand and their opponents on the other. While most of the opponents of the president declare they are for him for a third term, they say that an attempt to dictate a successor to the president is another matter. The president appreciates this, his friends say, and has, therefore, appealed to the people.

While Senators Foraker and Knox have been mentioned by friends of the president as consciously or unconsciously being in the hands of the conspirators, Speaker Cannon and Vice President Fairbanks are not so characterized. It was said at the White House that a distinction is made between candidates who are out in the open looking for delegates and those working under cover. Messrs. Cannon and Fairbanks are put in the first class by a close adviser of the president in answer to a direct question.

ADD PERJURY TO BOODLING.

San Francisco Grafter Accused—More Face Indictment.

San Francisco, April 8.—The grand jury resumed its sittings late Saturday afternoon, to continue its inquiry into matters connected with the conduct of the Pacific States and Home Telephone companies. According to the prosecution a number of indictments will be returned, five of which will be against five different officials of the Home and three of the Pacific States company.

It is said the majority of the indictments will not be on charges of bribery, but will allege that perjury has been committed in connection with testimony given before the grand jury. It is expected that Fairfax H. Whelan, one of the leaders of the fusion movement in the municipal campaign of 1905, will give evidence on the question of contributions to the campaign funds, bearing on the political activity of officials of the Home company. Fred Hilbert, a liquor dealer, traveling companion and confidential agent of Mayor Schmitz, will also appear before the grand jury. He has an intimate knowledge of administration affairs.

Campbell for Chicago Postmaster. Washington, April 8.—Senators Cullom and Hopkins Saturday recommended to the president the appointment of Daniel A. Campbell, of Chicago, to be postmaster of that city to succeed Fred A. Busse, who has been elected to the mayoralty. Senator Hopkins said he expected the appointment to be announced soon. Mr. Campbell is now a state senator.

Woman Tennis Champion Weds. London, April 8.—Miss D. K. Douglass, champion lawn tennis (singles) player, was married at Faling Saturday afternoon to R. L. Chambers. It is expected that the champion will not defend the title this year.

Plans Superior-Frisco Voyage. Superior, Wis., April 8.—Capt. J. H. Ewart of San Francisco has arrived to take the steamer Winnebago to San Francisco, a trip of more than 15,000 miles.

NORTH DAKOTA NEWS.

Mysterious Mail Robbery.

Jamestown—For more than a month the best talent in the postoffice inspection service and among the railroad secret police has been at work endeavoring to solve the mystery surrounding the disappearance of a mail sack which contained much valuable mail. They so far have met with little or no success.

The mail sack was to have been sent out on a train reaching here at 3 a. m. on Feb. 2. The sack had been left for a short time on the truck outside the depot while the employe in charge of it had gone in to warm himself, the night being bitterly cold. When the train arrived the pouch had disappeared.

Many of the letters in the pouch contained postoffice money orders, drafts, checks and currency. So far no attempt has been made to cash any of the checks, drafts or money orders and all banks and postoffices have been notified to report at once any attempt to negotiate the paper.

Some of the officers believe that the thief removed what currency there was in the letters and that he then disposed of the bag and its contents. They believe that when the snow finally melts in the country the missing pouch will be found.

Fire at Donnybrook.

Donnybrook—For four hours citizens of this place fought desperately to stay a fire which broke out in the butcher shop of W. E. Lee, and which, fanned by a brisk gale, threatened to wipe out the entire town.

From the butcher shop the flames spread to an adjoining building occupied by Frank Bicknell's bakery. Bide's photograph gallery, Mrs. Peterson's millinery store and Benjamin Crumb's law offices. So rapidly did the fire consume these two buildings that the firemen abandoned them and concentrated their energies in saving the next building, which was occupied by E. H. Wolsley's jewelry store and Standish's shoe store.

The fire, however, soon swept this building and all three structures were totally destroyed. The citizens, however, managed to stop the progress of the fire here and no further material damage was done. The loss is estimated at \$15,000.

Italians Use Stiletos.

Jamestown—Several Italians are under the care of physicians as a result of severe knife wounds received in a general fight. The gang, which is part of the force employed at one of the railway camps, had been charged with the theft of hay, and demand had been made upon them for payment.

Some of them wanted to settle the matter, but others refused, and an argument followed which finally resulted in a general melee, in which knives and stiletos were freely used. When the battle was over six of the participants were found to be wounded so seriously that they had to be taken to the hospital. No arrests have been made.

Accidentally Shot.

Mapleton—Henry Hanson, son of a prominent farmer living near here, was accidentally shot and perhaps fatally wounded while engaged in cleaning his shotgun. The gun was thought to be empty, and the boy was inserting the cleaning rod when the butt of the gun slipped between the clats in the floor of the bar and the weapon was discharged. The entire load of shot entered the young man's left side, tearing away the flesh and making an ugly wound. It is believed that a portion of the wadding of the shell entered the body of the injured boy, and it is feared that blood poisoning will result.

Girl Settler Drowns.

Edgeley—Thille Olson, twenty-one years old, who has been holding down a claim in Hettinger county, was drowned in a slough which she was attempting to cross on the ice. The girl had a claim adjoining one held by her brother, and on starting for her brother's shack she thought to take a short cut across the slough. The slough was covered with ice and snow, but when the girl was about in the middle of it the ice gave way and she was drowned. Her body was recovered and taken to her former home at Glenham, S. D., for burial.

Baseball.

Fargo—The baseball enthusiasts of Fargo, Mandan, Wahpeton, Bismarck, Valley City, Jamestown, Minot, Devils Lake, Grand Forks, Bemidji and Crookston are to meet at Grand Forks on call of former President Price of the Northern Copper Country League. It is proposed to organize a new ball league with a salary limit of \$500, and to have players from the local towns and colleges. It is planned to play seventy-five games, beginning Decoration day.

NEWS NOTES.

Bismarck—An indignant workman tried to clean out the Soo officials because he didn't receive as much wages as he anticipated.

Fargo—The plans for the new hippodrome have been changed to quite an extent. It has been decided to increase the seating capacity of the family theater so as to make it 1,100 instead of 650.

Sanborn—County Commissioner J. F. Jaberger has been appointed by the authorities of the North Dakota Agricultural College as one of the experiment agents of the institution, and his farm, one-half mile north of Sanborn, selected as the only sub-experiment station in Barnes county.

Fargo—The promotion is announced of M. D. McEntry of the inspection department of the U. S. landoffice, who has had his headquarters in the city for the past two years, as chief of the Tenth district field division of the federal land department.

Jamestown—If one per cent of the briquetting plants discussed in this state could be placed in operation there would be more confidence in the practicability of the plan.

Wahpeton—A fierce dog belonging to ex-Sheriff Moody tried to catch another dog by swimming across the raging river—and was drowned—and Moody mourns.

Do You Think
For Yourself?

Or, Do You Open Your Mouth Like a Young Bird and Gulp Down
Whatever Food or Medicine May be Offered You?

If you are an intelligent, thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, honest medicine of KNOWN COMPOSITION, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of medical practice, are not afraid to print, as they do, the list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, so injurious to delicate women even in small quantities when long continued. Neither does it contain any narcotics, or other harmful or habit-forming drugs and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of this world-famed medicine is advised by its manufacturers.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the equalized recommendation of each of the several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? It certainly is entitled to far more weight than any number of non-professional, or lay testimonials.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "run-down," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve-tonic "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability,

nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the female system. It induces refreshing sleep and relieves mental anxiety and despondency.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter free of charge. All letters of consultation are held as sacredly confidential and an answer is returned in plain sealed envelope. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's great thousand-page Illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. They are the original Little Liver Pills having been put out for sale by old Dr. Pierce over 40 years ago. Much imitated, but never equalled. One to three a dose. Tiny sugar-coated granules; easy to take as candy.

Dr. Pierce's Golden Medical Discovery is a most potent alterative, or blood-purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.
