School teachers, ministers and physicians are requested to send in reports, announcements, etc., of local interest. No attention will be paid to anonymous communications, however, names will not be published, except upon request of writer.

## EDITORIAL COMMENT

## VINES AND WEST WINDOWS.

Too many farm homes are without vines. So many vining plants will grow here that it is a pity that any home should be without ample protection in the summer from the hot sun. Two light poles stuck in the ground two feet from the door or window and extending as high as the top of door or window and then three sticks will complete the frame work for a fine protection for the summer and the house will be more attractive from the outside. Let everybody plant vines in April. The moon flower, the morning glory, wistaria, honeysuckle, matrimony vine, Virginia creeper, and others will do well. Cover west and south windows and doors and add to family comfort.

## WHY NOT BE SAFE?

It will be the part of wisdom on the part of each and every farmer in Arkansas to "play safe" this year and grow enough feed for all his stock and enough meat and vegetables for his family for a whole year. "Corn, Clover and Contentment" and "Pigs, Peas and Prosperity" will be good slogans. If the European war continues we can only market about ten million bales they may expect to get about six cents for it, less than it cost to grow it. Plant a little more corn, larger patches of peas, soy beans and peanuts, and a larger field of Sudan grass, and another acre of sorghum, and a bigger garden, and get another cow or a few calves and a few more pigs and be safe, and then hold cotton until December or January—why not?

This year promises to see more peanuts planted in Arkansas than ever before. The crop is profitable, easily raised and affords ready money. It is one of the diversifications that will make the farmers independent. Despite all our talk we must make the farmers prosperous before we can improve the conditions of life in the country, before we can get the right kind of schools and roads. Peanuts will help. Raise peanuts!

THE Department of Agriculture has estimated that the value of Arkansas land has increased eleven percent in the last year. If you are going to buy that Arkansas farm you had better be at it. The day of cheap land will soon be over. Land has increased in value 25 percent in the last four years.

"EMPTY Whisky Barrel Explodes; Man Waves Lighted

Match Over Bunghole of Cask In Saloon."—Dallas News. Serves him right. Why should any man in a saloon be messing around an empty whiskey barrel?

A YOUNG woman in Oak Park, Illinois, has sued a man named "Stork" for breach of promise. He denies ever meeting the girl. Quit yer kiddin', Stork! (We could comment more tritely, but we won't.)

It is predicted that as a result of the shortage in dye, overalls will be pink instead of blue. Shades of the rainbow! How will a hard-working man tell his pajamas from his jumper?

MAP makers are lucky fellows! The European war kept them busy, but it was nothing compared to what Mexico will do.

ARTHUR Brisbane, who says the world's greatest men have blue eyes, spoke unthoughtfully. He never saw ours.

THERE are just as many smart and pretty babies in Ozark as there are—babies. And you can't reduce the number either!

LIVING on love is traditionally delightful, but an occasional well constructed biscuit comes in handy.

A BACHELOR would rather hold a 150-pound girl than a 10-pound boy.

POETICAL SPASM No. 6.  
I used to pay two-bits for eggs;  
It really beats the dickens,  
How they can drop to 16 cents  
As soon as I keep chickens.

## LETTERS FROM THE PEOPLE

I WOULD LIKE TO KNOW—  
I see in the Letters From the People Column, an answer (in part) to the article I wrote entitled, "How Do I Know?" but not being thoroughly satisfied with this answer, I write again in order to get a more thorough understanding of the subject as to where are the dead; for like "Truthseeker" I am very much interested on this subject. I was very much interested in "Truthseeker's" reply and have read all of his Scripture references with the deepest interest, which seems to teach that the dead are really dead, and are yet in their graves and that they will remain in their graves until Jesus comes the second time and gives them a resurrection to eternal life on the one hand, or to die the Second Death on the other, but since I wrote my article I note that several more people have gone to glory according to the obituaries in the different papers. Some went to purgatory (wherever that is), some went to Paradise, and others went to Heaven where Jesus and the angels are. I don't remember hearing of where any of them went to hell.

Now, the thing the "Farmer" would like to know is: Is Purgatory, Paradise and Heaven all the same place? If they are not, why is it that some go to one place, while others go to another place? And another thing that concerns me is: Did God prepare all these different places for the home of the dead? If he did not, then where did all this talk about the dead being in Purgatory, Paradise, or Heaven originate, and by whom did it originate? It was started by someone, somewhere. And another thing I would like to know is why do the majority of Christians keep the First Day of the week for the Sabbath Day when the entire Bible teaches that the Seventh Day is the Sabbath? Some of you well-informed priests or preachers who are on the other side of these questions, whet your pencils and give us some light on them, please.  
A FARMER.

## WANT ADS

[Farmers who are subscribers to The Spectator may have any advertisement desired inserted in this column two weeks free of charge. To all others the rate is 1 cent per word per insertion.]

EGGS FOR HATCHING—Brown Leghorn—75 cents per setting. Mrs. J. W. Pruitt, Ozark, Route 1; Phone Hunt Town 20F3.

Good quality galvanized wire screen doors and window frames, slightly used, in good condition and for sale cheap. Call at this office.

## Commissioner Page on Hog Cholera

Hog cholera is the source of the greatest loss on the farm. Every farmer knows how profitably hogs can be grown but for cholera and other diseases. Most of the hog diseases can be combated on the farm. To prevent cholera requires veterinary science or expert skill. Cholera can be prevented by vaccination, but cannot be cured. As a matter of fact hog cholera can be exterminated by vaccinating all of the well hogs. One year is enough time in which to do it, if everybody would get busy and have all the hogs vaccinated. Of course, everybody will not do it now, but the more we get vaccinated now the nearer we are getting to the time when we will have no hog cholera in Arkansas. Let's all get busy and have our hogs vaccinated and get our neighbors to do the same. I have had my hogs vaccinated and I want to see every other farmer do the same. I am going to do all I can to help do it.

For this purpose I have obtained the services of Dr. J. W. Logan, a graduate veterinarian, who has spent several years in the service of the government. He is now veterinarian for the State Department of Agriculture and will devote all of his time to veterinary work for this department. His services are free and his specialty will be hog cholera. If you want your hogs vaccinated against cholera, write to me and I will send him. There will be no expense to you except the cholera serum, which will be furnished at cost. If you have an outbreak of any contagious disease among your stock, write or telegraph me at Little Rock and the veterinarian will give the matter attention. If you have disease among your stock, write and consultation will be free.

Live stock is the most important thing on the farm, and it is to the interest of everybody to help build up the live stock industry. The election is now past and out of the way, for which we are all thankful, and now past and now let's all pull together for better farming, better schools, better government and a better Arkansas. By all means raise enough food for the family and feed for the stock, and keep down the acreage of cotton market and no man can tell what the market will do this fall.

John H. Page,  
Commissioner of Agriculture.

Call phone 151 and we'll call for your laundry—Rob't Reynolds.

W. J. Glenn has just received a good supply of fine Chocolate Candy. Also a fine assortment of stick and other candies, and a fine assortment of Easter Candies.

Money to loan on improved farms. Easy terms.  
L. M. Guthrie.

Screen Doors at Maxey's Hardware.

It is the unexpected that always happens. Insure yourself against the loss of time and money with the SOUTHERN SURETY COMPANY. POLICY covering all accidents and sickness. Only a few cents a day.  
G. A. A. Deane, Jr., Agt.  
Ozark, Ark.

## Oak Hill

Been having lots of rain. Mitch Walls has been on the sick list this week.

Z. C. Savelle has just completed about 60 rods of new ditch on his farm.

Misses Jennie and Vola Gage of Popping, visited the school at this place Monday and took dinner with Misses Hester and Elsie Bradley.

Everybody seems to be in good spirits and all are busy farming for all there is in it.

Well, as the rain kept ye scribe in doors most all day Sunday there is not much news to write, so will ring off. Success to the best home paper in the county, The Spectator.  
Tom and Jerry.

Weather some better. We have had enough rain for awhile.

Some sickness in this vicinity. Mrs. Henry Currier is on the sick list at this writing.

Walter Stokes of Popping was out at Oak Hill Sunday.

Wallace Tweedy, of Sallisaw, Oklahoma, is visiting home folks at this place this week.

Mrs. Z. C. Savelle spent Sunday with her daughter, Mrs. Henry Currier.

Will Saunders and family of near Altus are visiting home folks this week.

Nora Mounce is on the sick list this week.

Mrs. G. A. Harris and little son, Willie, of Felker Town, were pleasant callers at Mrs. Will Mounce's Monday.

Well, if this escapes the waste basket will come again.

Weather fine and farmers are busy planting.

The school at Oak Hill closed April 12, and the entertainment which was under the management of Prof. J. K. Failing was a grand success in every way. There was a large crowd present, and we want to thank the boys of this neighborhood as well as the boys who came from other neighborhoods, for their good behavior.

Miss Henrietta Williams is spending a few days with her sister, Mrs. Will Currier, at this place.

Dorothy, the little daughter of

Mr. and Mrs. Will Mounce, has been quite sick for the past few days with lagrippe.

Bud and Will Walls and family spent Sunday with Mitch Walls and family.

Ransom and Bessie Storms of Altus attended the entertainment at Oak Hill Wednesday night.

Well, if this don't go to the waste basket will come again.

## Alix

Mrs. Wily Johnson and daughter of Fort Smith are here on a visit.

Several girls and boys of this place attended the entertainment at Denning Tuesday night.

The basket ball team was disappointed on account of the weather and didn't get to go to Harmony, but will go next Saturday if weather is favorable.

Mrs. Jim Bevel is on the sick list this week.

Mrs. Jerrie Morris made a business trip to Ozark Tuesday.

Literary is progressing nicely. Everybody invited to come and bring some one with you on Monday evening.

Mrs. R. J. Thomas, of Tennessee is visiting relatives at this place.

Mrs. Maud went to Fort Smith Wednesday.

Jim Jackman is very sick just now with fever.

Luke Jackman from Conway is a visitor of this place.

The A. H. S. is planning for a big time the last day of school.

Mr. McDonald recently purchased a new Ford car.

Mamie Krallman and Georga Tims spent Monday night with Inice Tiffin.

R. Greer was a pleasant visitor at this place last week.  
Brown Eyes No. 1.

## You Lose Money.

If you fail to read the ads in The Spectator. If you read them you'll save money. Read every ad in this week's issue—there are important messages for every buyer.

Mammy, Mammy, Mammy!—at the opera house Saturday, 22nd. Seats at C. W. & Roy Bell's. 20 and 35 cents.

Auto Supplies.—J. F. Maxey Hardware Co. adv.

## WHAT CAN YOU DO FOR CATARRH?

Ask Yourself the question. How often has the doctor failed, as have ointments, salves, vapours? What you should do.

The easy, common-sense method—that costs so little—that is so quickly and vigorously effective—is often the last resort of many Catarrh sufferers. Why, it is hard to say. One of the specialists of the Swift Specific Company in Atlanta—a physician of standing and national reputation because of his knowledge of blood disorders, made the assertion that if the majority of Catarrh sufferers would buy and faithfully take S. S. S., they could effectually get rid of Catarrh.

S. S. S. goes straight to the seat of trouble, the blood. It spreads its influence over every organ in the body, comes through the veins and arteries, enables the mucous surfaces to exchange acids and irritating substances for red blood corpuscles that effectually cleanse the system and thus put an end to all Catarrhal poison. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-

making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in process of purification. S. S. S. is made from bark, roots and herbs that are food and tonic for the blood. It stimulates—gives the blood power to throw off poisons. You will soon realize its wonderful influence by the absence of headache, a clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely Catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for all blood affections, such as Eczema, Rash, Lupus, Tetters, Psoriasis, Boils, and all other diseased conditions of the blood. For special advice on any blood disease write The Swift Specific Company, Medical Department, Room 11, Atlanta, Ga. Avoid substitutes.

"Oh Look!

I can eat 'em all—they won't hurt me! That's because they're made with Calumet—and that's why they're pure, tempting, tasty, wholesome—that's why they won't hurt any kid."

Received Highest Awards  
New Cook Book Free—See Slip  
in Pound Can.

Cheap and big can Baking Powder does not save you money. Calumet does—it's Pure and far superior to sour milk and soda.

Buy tickets from the C. E. members for the Big Lyceum attraction at the opera house Saturday, 22nd.

## Strayed or Stolen.

One dark brown, Jersey cow with some white spots on sides, one white flank, dehorned. Wore small bell when last seen at Cass. Any one knowing the whereabouts of this cow, kindly notify me at once.

Rev. H. M. Lewis, Taft, Ark.
