

# THE EVENING REPUBLICAN

The Republican Printing and Publishing Co.

PUBLISHED DAILY, EXCEPT SUNDAY, 5, E. COR. THIRD AND KING STREETS.

Entered at the Post Office at Wilmington, Del., as second class mail matter.

THURSDAY, AUGUST 14, 1902.

The Sun says the bottom has fallen out of the Democratic tub. It reports to be true from those who should know, the Democratic voters are not getting registered. They have apparently laid down and quit. The fact of common primaries in New Castle county among the Republicans, fixed their business. Before this fact was made public the Every Evening was figuring up what the Democratic majority in the city of Wilmington and New Castle county would be. Since the news has been given out, there is gloom around Fifth and Shipley streets. The shouting has turned to sorrow and very little is heard of the elegant opportunity the Democrats had, if they would only take advantage of it.

The Union Republican leaders awoke to the fact that the people of this county wanted common primaries. That much they insisted on and it has been granted them. That they will get full advantage of it, goes without saying. The granting of common primaries was good politics. The only hitch now is in the Senatorial question and the majority of the voters want the matter settled as early as possible. As William Michael Byrne says, "No matter whom they shall be, we want two U. S. Senators now."

The Every Evening has dropped the Philippine question, it being a dead issue, and now prints harrowing accounts of "Great Distress in Cuba." The account says: "Twenty-five thousand laborers are idle in one sugar manufacturing district. When the people of this country gazed upon the condition of Cuba under the rule of Spain, they were horrified at the spectacle and it frenzied them to the point of war. But it was not then, considering that there is no revolution prevailing now, to interfere with business operations, as there was then."

This state of affairs, the Every Evening says, is caused by this government refusing to enact a measure that would have given the Cuban sugar growers and manufacturers a market for their crop products in this country. This state of affairs shows that Cuba is not capable of governing itself, and in our opinion never was and never will be. What an awful price the people of this country paid to free these people! Their freedom was all right, but it cost the lives of hundreds of our bright young men, and a living death for hundreds of others, who were wounded and contracted diseases fighting for these people.

CAPITAL backed up by the bayonet, is no more likely to be successful, than labor backed up by boycotts and strikers. The laboring man should get a fair day's wages for a fair day's work. His labor is his capital and from it he must provide for himself and his family. When he quits work his income stops, but he must live and be clothed. The men who labor for their daily bread in the bowels of the earth, where it is far more dangerous to be working in a powder mill, do not receive good wages. It is worth it and the operators can afford to pay it. But as for strikers, we do not believe in them.

WHAT is the meaning of the erection of three buildings 2500 feet, one story high, at Elsmere by F. Blumenthal & Co., leather manufacturers? The plant it is said, will be an auxiliary to the city factory at Front and Monroe streets, and will be used for finishing leather. Richard Patzowsky was the first man to erect a modern leather plant in this city. His building was but one story high and the building of the Blumenthal factory on the same plans, looks as if, in time, the main plant would be removed to Elsmere. This is only a surmise.

The stock market appears to be in the hands of men of means. When they get awful will be the fall thereof. There have been millions once more put in the capitalization and reorganization of the numerous railroad companies, whose stock a few years ago was selling under \$100 a share, away down to the zero mark nearly. Today these stocks are selling up to nearly \$200 a share. Are they worth it? Watch the stock market quotations for the next six months and see what their fate will be when the bottom drops out.

THERE appears to be some little contention between the Water Department and Lea & Sons Company and the Park Commissioners, over building a dam across the Brandywine, where the old Barley Mill dam stood for years. The Park Commissioners want to erect a dam at this point, so our people can have a skating place this winter, if the weather permits. It is hoped the Water Department and Lea & Sons will allow the dam to be built and not gain the ill will of the people by their non-consent.

CAPT. E. S. AVIS who had charge of the military tactics at Delaware College until recently, when he resigned, has accepted a Professorship at the Wilmington Military Academy. What is the loss of Newark College is the gain of the Military Academy. Captain Avis is a graduate of West Point and one of the best known army officers in this section. He was liked as an instructor by the students of Delaware College who will miss his genial smile and guiding hand.

Now we have a new Food Trust. It was chartered at Dover, Tuesday and is known as the Universal Food Supply Co., whose capital stock is \$1,500,000.

EVER since the Board of Elections has existed, until now, the printing has been given to a Democrat. There never before arose a question as to who had the say in the matter. No Republican register or assistants were permitted to have any say in the matter and the Department of Elections directed. Now the Department for the first time in years, is in the control of the Republicans and the Every Evening sets up a howl as to the rights of the Democratic assistant registrars having the printing of the lists. The Registrars are the only officers who have a right to these lists printed, and that is what they will do.

The Levy Court had the right, if it deemed proper, to pass the resolution that no bills for printing would be paid unless marked O. K. by the Registrar. There is no use kicking about the matter now that the Registrars are doing what the Democrats did for years. My, my, but they do the hard! They don't want others to enjoy the privileges they have. That's the Delaware Democracy for you.

## MYERS PITCHES GREAT GAME.

With Myers in the box yesterday afternoon Wilmington shut out the Norristown team by the score of 9 to 0. Burns also pitched a good game but was given poor support. Norristown was unable to banish their bits.

Score by innings:—

**DIAMOND DUST.**  
Latham All-Collegiate will be at South Side Park to-day. Philadelphia National League team over the bridge to-morrow. "Billy" Day has the Astoria, Wilmington A. A. goes to Wellsboro Pa., Sept. 18 and 19th.

How is it that the A. A. seldom wins when they play away from home? Winham is getting too wild.

The Wilmington A. A. went to Roxborough yesterday and was defeated by the score of 8 to 2.

The A. A. played a miserable game in the field and Winham was unable to find the plate. He gave ten passes on balls which resulted in nearly all of Roxborough's runs.

## AT PHILADELPHIA LEAGUE.

At Philadelphia, Pa., Aug. 13.—The game between the Philadelphia Athletics and the St. Louis Cardinals, was played at the Exposition grounds, and resulted in a victory for the Athletics by the score of 10 to 0.

## WASHINGTON, Aug. 13.

The question of the engraving on the one dollar gold coins to be coined especially, of the St. Louis exposition has been considered by the secretary of the treasury. It has been suggested that part of them bear the likeness of McKinley and part that of Jefferson, as it is impossible to get both likenesses on the same coin. The reverse side of the coin is to have a view of the exposition with the dates 1893 and 1902. The matter has not been determined finally.

## To Stop "Fish Stories."

LACROSSE, Wis., Aug. 14.—W. T. Woodward, a Lacrosse attorney, has drafted a bill which he will present to the legislature this winter. The purpose of which is to prevent the telling of "fish stories." The bill provides that every fisherman must, under penalty of fine, register the weight of every fish taken exceeding one pound in weight.

## California's Governor Arrested.

LOS ANGELES, Cal., Aug. 14.—Governor Henry T. Gage was arrested yesterday by a detective of San Francisco who served on him a warrant charging him with criminal libel, the warrant having been sworn to by the proprietor of the San Francisco Herald. The governor was immediately arrested and released on a writ of habeas corpus.

## Miners Demand an Advance.

KNOXVILLE, Tenn., Aug. 14.—The committee of nine workers in conference with the coal operators here presented their demands for a new wage scale for the year beginning Oct. 1. The miners want a horizontal increase of 10 per cent. It is intimated that the operators will decline to grant the concessions asked.

## A Watch For Courtiers.

ITHACA, N. Y., Aug. 14.—Eight citizens of Ithaca have presented Charles E. Courtney of the Cornell crew with a valuable stop watch in appreciation of Cornell's signal victories at Poughkeepsie last June.

# EXTRADITION DENIED

Greene and Gaynor Set Free at Quebec.

NEW PROCEEDINGS ARE PROBABLE.

Warrant For Arrest Fails in Many Particulars and Gave No Ground For the Return of the Men to the United States For Trial.

QUEBEC, Aug. 14.—Colonel John F. Gaynor and Captain Benjamin D. Greene scored a decisive victory yesterday in their fight against extradition to the United States, where they are wanted in connection with alleged frauds in labor work for the federal government involving millions of dollars. Judge Caron in the superior court discharged the prisoners from the custody of Sheriff Langelier of Quebec and Valois of Montreal, in whose custody they have been since their sensational arrest in Quebec last May. A large number of the prisoners' friends were in the courtroom, and they heartily congratulated the two men upon their release.

Colonel Gaynor and Captain Greene left the courtroom soon after Judge Caron had concluded and proceeded to the Chateau Frontenac. Colonel Gaynor, who is suffering from rheumatism, retired to his room.

It is understood that the United States will institute new proceedings for the extradition of Greene and Gaynor, but up to a late hour no step had been taken by counsel representing the Washington authorities.

Judge Caron, who spoke in French, occupied about two hours in delivering his judgment.

In a review of the legal proceedings since the arrest of the two prisoners Judge Caron pointed out that their counsel had raised an important question to the effect that the warrant issued by Magistrate Lafontaine was illegal on the ground that it did not contain the date nor the year in which the alleged offense had been committed by the accused. He could not presume when the offense was committed, and it may have been previous to the signing of the treaty between the United States and Great Britain, and if so the accused could not be held, as the treaties had no retroactive effect.

According to a deposition made in Montreal by Mr. Ervin, counsel for the United States, in May last, continued Judge Caron, the accused were charged with fraud committed on or about Jan. 1, 1897. That crime was not included in the treaties, and that receiving money under false pretenses was only included in the treaty of 1900. This was fatal to the prosecution, and the warrant issued by Judge Lafontaine was defective, as the offense included therein did not fall under the extradition treaty, consequently the arrest was illegal, and the accused must be set at liberty.

## Officials Disappointed.

WASHINGTON, Aug. 14.—The decision of Judge Caron in the Greene and Gaynor cases was a decided disappointment to the government officials interested, as they had hoped for a favorable outcome of the efforts that have been made to secure the extradition of the two men. Attorney General Knox is out of the city, and in his absence the chief of the department is Mr. Clegg. Mr. Clegg is not at the head of the department of justice. Mr. Clegg declined to comment on the decision handed down to day that he regretted it.

## "Patty" and Max United.

LONDON, Aug. 14.—In a communication from Lisbon, dated Sunday, Aug. 10, the correspondent there of the Daily Express says that Max Yeh and Patricia Pradice Strong are living happily together at the Avenida hotel as Mr. and Mrs. Atkinson. In an interview with the correspondent Strong said: "Max Yeh arrived here Wednesday, Aug. 6, in response to my telegraphic request that he come. We are perfectly happy and intend to marry Sept. 25, when Miss Yeh's divorce from Max Yeh was made absolute. We will then travel, but we shall never return to America, nor will Miss Yeh return to the stage."

## Vegetarian Revolutionary Situation.

SAN JUAN, Porto Rico, Aug. 14.—The steamer Caracas that the Venezuelan revolutionary forces under General Matos and the government troops under President Castro are expected soon to meet on the plains outside of Caracas in a decisive battle. The Venezuelan revolutionists are said to have received a large shipment of Mauser rifles and ammunition, and some money from Germany. Fists against the life of President Castro are said to have been discovered.

## Former Governor Cornell Ill.

ITHACA, N. Y., Aug. 14.—The health of former Governor Alonzo B. Cornell, son of Ezra Cornell, founder of Cornell University, is believed to be seriously impaired, and his condition is a source of great anxiety to his friends. It is reported that this illness has threatened Mr. Cornell for two or three years and that his close friends have known his condition for some time. Mr. Cornell is now seventy years old.

## Iron Workers' Strike Off.

PHILADELPHIA, Aug. 14.—The general strike of the structural iron workers throughout the country has been declared off, the American Bridge company having granted the demands of the Philadelphia strikers.

## Wintery Weather Abroad.

VIENNA, Aug. 14.—Wintery weather prevails throughout Austria-Hungary, and severe cold and heavy snowstorms are reported from the mountain districts.

## LOOK PLEASANT, PLEASE.

Photographer C. C. Hagan, of Eaton, O., can do now, though for years he has been known as a "sad" man, a man who was a source of indignation. All physicians and medicine failed to help him till he tried Electric Bells, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Untried for dyspepsia, the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 25c. Guaranteed by N. B. Danforth Druggist.

## A lazy liver makes a lazy man.

Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

# STONES FOR MINERS.

Workmen at Wilkesbarre Given a Volley.

PROTECTION IS ASKED OF SHERIFF.

Washery at Duryn Surrounded by Strikers and Resumption of Work Prevented—Father O'Reilly's Remarks Are Disliked.

WILKESBARRE, Pa., Aug. 14.—A number of workmen who were returning from the Woodward mine last night claim a volley of stones was shot at them, but no one was hurt. A number of boys were seen on a hill near by, and it is thought they were the guilty parties.

The owners of the Washery at Duryn have asked Sheriff Jacobs to protect their property. A barbed wire barricade was built around the washery, but some unknown parties tore it down. A crowd of 500 men and boys collected around the washery yesterday, as it was expected operations would be resumed. When a number of deputy sheriffs reached the place, the crowd dispersed.

The presidents of the local assemblies of the United Mine Workers of the Wilkesbarre district met here and adopted resolutions condemning Rev. Father O'Reilly of Shenandoah for his criticism of the officers of the United Mine Workers. President Mitchell and the district presidents were eulogized for their efforts to better the condition of the miners. President Mitchell addressed a personal letter to the Shenandoah clergyman, taking exception to certain remarks alleged to have been made by him in his church last Sunday. Rev. O'Reilly sent a curt reply, saying that Mr. Mitchell had no right to criticize his sermon.

Representatives of the big coal companies here think it would be a useless trip for a committee of the United Mine Workers to go to Atlantic City to see Senator Quay and have him use his influence with the presidents of the coal carrying railroads to bring about arbitration. Local operators are of the opinion that it is too late to talk about arbitration now, as those in control of the trade think it can only be a short time until the miners make up their minds to return to work.

## Coal Superintendents Meet.

POTTSVILLE, Pa., Aug. 14.—The general superintendents of the largest coal companies in the anthracite field held a meeting at the office of the Philadelphia and Reading Coal and Iron company here yesterday. All efforts to obtain any information beyond the statement that the gathering was merely a social one were futile. A brief meeting was held in the Reading offices at 11 o'clock, and shortly after noon the entire party went to Tumbling Run, a pleasure park, where a luncheon was served. Several hours were spent at the resort, after which the superintendents left for their homes.

## Father O'Reilly Denounced.

SCRANTON, Pa., Aug. 14.—At a big meeting of strikers in Dickinson City yesterday District President Nichols and ex-National Organizer Dilcher bitterly denounced the Father O'Reilly sermon. Mr. Nichols asserted that the man who would thus denigrate the people would have God's curses fall upon him. Mr. Dilcher asserted that the sermon was unwarranted and a tissue of falsehoods.

## Hospital For Saratoga County.

SARATOGA COUNTY, N. Y., Aug. 14.—The Saratoga county board of supervisors at a special session accepted the proposition of General H. W. Carpenter of New York and Oakland, Cal., to donate to his native county a sum not to exceed \$100,000 for the erection and equipment of an hospital on Adirondack state board of charities.

## Sealing Schools Closed.

LYONS, France, Aug. 14.—The court of appeals has declared the affixing of seals to certain nun schools to be illegal and has ordered their removal on the ground that the buildings in question belonged to private owners and not to the congregations. A number of cases similar to the foregoing are at present before the courts in various places in the provinces.

## Killed Father to Save Mother.

OTTUMWA, Ill., Aug. 14.—J. H. Sims, a wealthy farmer, was shot and killed by his son John while endeavoring to murder his wife with a butcher knife. The aggressor was intoxicated and made a vicious attack upon his wife for a fancied wrong, and the son interfered just in time to save her life.

## A Fast Railroad Run.

PITTSBURGH, Aug. 14.—The Pennsylvania railroad special which left Crestline one hour and twenty minutes late arrived in this city on time, making the run of 180 miles at the average speed of a mile a minute. Some of the stretchers were covered with the rate of seventy-eight miles an hour.

## Burns Burned on Historic Farm.

BALTIMORE, Md., Aug. 14.—Five barrels and sheds on the historic Freeman farm in Benis Heights last night, containing fifty tons of hay, were burned to the ground, being struck by lightning. The owner, William Esmond, had no insurance.

## Four Killed by Boiler Explosion.

NEW YORK, Aug. 14.—Four men are missing, one fatally and two seriously injured as the result of the bursting of the boiler on the tug Jacob Kuper yesterday.

## Weather Probabilities.

Local rains; light variable winds.

## JUST LOOK AT HER.

When one looks at the face of a woman, one can tell at once if she is a "New Life" or a "Old Life" woman. The "New Life" woman has a clear, bright, and healthy complexion, and her eyes are full of life and intelligence. The "Old Life" woman has a pale, sallow, and unhealthy complexion, and her eyes are dull and lifeless. The "New Life" woman is full of energy and vitality, and she is able to do all the work of a man. The "Old Life" woman is weak and listless, and she is unable to do any work. The "New Life" woman is the only woman who is truly beautiful, and she is the only woman who is truly happy.

# ITEMS FROM NEW CASTLE.

New Castle, Aug. 14.—The condition of Charles Bennett, who was shot yesterday at noon in critical and Dr. John J. Black, the attending physician, says that he cannot tell for a few days the result of his injuries. When seen at his home last evening Mr. Bennett was resting easily but suffering from shock. He said yesterday he and his brother Isaac and Walter Keobler, of Philadelphia, were in the boat fishing off the shore about a mile this side of Edge Moor, when a man who lives in a cabin at that point came down in his boat and ordered the men to take aboard their nets and cease fishing. Words passed between the men as the Bennetts maintained they were fishing in the Delaware river and that no one had any right to the river. The German drew a revolver and the men in the boat began to get ready to take the net aboard when the man rowed back about 80 feet and fired deliberately at Bennett. The shot struck him with such force that he was hurled into the river. When he recovered himself he found the blood flowing from his head, chest, stomach and arm. It was a miraculous escape from instant death. His brother and nephew took the injured man aboard and the naphtha launch was not long in getting to New Castle. After being assisted to his home Dr. Andrews was summoned and removed about sixty grains of shot. Later in the day Dr. Black called upon Bennett and rendered assistance. In speaking of the case Dr. Black said that the shot had pierced the man's body in dangerous places and he could not tell what would be the result, as complications may arise. Bennett states that the man had evidently determined to kill him. He can assign no reason for the man committing the rash act. The case has been reported to the State detectives and Detective Francis will make the arrest.

## Autopsy Retolved.

Autopsy Retolved, of White Clay Creek, was here last evening qualifying the officers who will hold the primary election on next Monday. David Appleby, of Christiansa, who was appointed to qualify the officers, was very sick with typhoid fever.

## Teresa fell overboard yesterday.

Patrick Mahoney and David Brickley, of Ansonia, Conn., are the guests of John C. Mahoney and wife William W. Knowles, of Wilmington, visited New Castle last evening.

## The Presbyterian excursion to Cape May was a good success.

Mrs. James Matthews and Miss May Matthews are visiting relatives in Caroline County, Md.

Boys' knee pants, working shirts, 25c, 50c at Biggs.

Miss Mattie Calhoun is visiting friends in Philadelphia.

## SLEPT IN A STEEPLE.

It was discovered on Tuesday last that a man is living in the steeple of Calvary Baptist Church at Fourth and French streets.

The old church building was recently purchased by Booker, Scott & Moore Company, the well known real estate firm.

The building is to be remodeled and work is to be done by a contractor.

On Tuesday a workman made an examination of the church in order to ascertain just what work would have to be done.

After making an examination of the lower part of the church he decided to take a look about in the steeple, which is reached by means of a ladder, and on ascending the tower the man found it to be very dark, at the top of the ladder there is a small room, and while groping about in the darkness the workman accidentally stumbled over a body.

The first thought of the workman was that perhaps someone had accidentally met their death in the lonely spot.

He beat a hasty retreat, but later returned with a candle and much surprised when he saw a man lying on the floor enjoying a good sleep. The sleeper was awakened by the light, and calmly surveyed the bearer of the light, who in turn stared at the occupant in wonder. Neither spoke, and the investigator left the steeple, which is reached by means of a ladder, and on ascending the tower the man found it to be very dark, at the top of the ladder there is a small room, and while groping about in the darkness the workman accidentally stumbled over a body.

It is believed that the steeple dweller is one "Billy" Baldwin, a well-known character about town.

According to the statement of a policeman, Baldwin has been sleeping in the church for sometime.

# Safe From Summer Complaints

All mammas, and papas too, for that matter, dread the heat of summer with its danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great death rate among children caused by the summer's heat. Yet it is easy to protect the infants against all summer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean, regular and in healthy working order in the hottest weather—CASCARETS Candy Cathartic. The plump, bouncing, crowing baby shown here is a CASCARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bedtime, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the fragrant, sweet little candy tablet, and are safe from colic, gripes, diarrhoea, summer rash, prickly heat and all the mean troubles that summer brings with it.
