

SOCIETY NOTES

MISS MARION ANTISEL
Editor. Phone 1946-w

Beginning with Miss Greenlee's recital the week has been a busy one. Despite the rain, society has continued to flourish and several dances are planned for the next few weeks. During the last week there have been several parties and dances and a few picnics.

Spring Recital

Miss Hazel Greenlee was heard in a piano recital Monday evening at the Bishop Tuttle Hall. She was assisted by Mr. Ward French, baritone soloist. Miss Greenlee is a graduate of the Boise Conservatory of Music this year. Her numbers were not only beautiful but were excellent from a technical standpoint. Her tone was brilliant and sparkling, yet with a sweetness that produced wonderful tone effects. One of her numbers a sonata, was especially appreciated because it was one of her own compositions. The two piano numbers with Miss Smith was well given and the melodies artistically shaded.

Mr. French sang a group of three songs, "The Old Mother" by Grieg; "With a Water Lily" and "I Love Thee" accompanied at the piano by Mrs. French.

Pleasant Evening

Mr. and Mrs. Fred Brumm entertained Thursday evening in honor of Mr. Toner Antisell. Cards, music and conversation were enjoyed. At ten-thirty light refreshments were served.

High School Exhibit

The High School will give their annual industrial exhibit Thursday and Friday afternoon and evening. A great deal of work is being done on the exhibit and it will be one of the best of its kind ever put on in Boise.

Enjoyable Trip

Sunday a merry party motored to Lake Lowell as the guests of Mr. and Mrs. John Alden in their car. After a very pleasant trip to the lake they returned by the way of Caldwell where they were entertained by Mrs. F. D. Farrer.

For Cooking Classes

The Electric Investment Company entertained the advanced cooking class of the High School at luncheon on Tuesday and Wednesday of this week. Mrs. Briggs the demonstrator of the company prepared the luncheon and the young men of the office served it. Mrs. Briggs talked to the girls on the use of electricity in the kitchen.

Pleasant Evening

Mr. and Mrs. Ray N. Castle entertained Friday evening for Mr. E. D. Baird and Miss Edith Carr. After a very pleasant social hour light refreshments were served.

WIN BY ARBITRATION

Newton, Mass.—A board of arbitration has awarded painters 50 cents an hour and a 44-hour week. These workers went on strike several weeks ago and later agreed to go back to work and arbitrate their demands with the understanding that any increase would date from April 17. The agreement will continue until April 1, 1918. The board of arbitration suggested that a permanent board consisting of two employers and a like number of unionists to settle future differences.

CARPENTERS WIN STRIKE

Easton, Pa.—After a two week's strike the Carpenter's union has won its demand for 46 cents an hour and an eight-hour day.

WORKERS LOCKED OUT—Con. from Page 1

manhood or womanhood, to organize for your protection, to be able to "fight with dignity and force" for proper conditions, for proper salaries, for a share in the control of the schools, for a voice in the formulation of school courses of study.

Or would you rather, hat in hand, wait in some politician's ante-room preparatory to licking his boots, and there beseech him to help you?

Which method do you prefer, Fellow Teacher? It is for you to choose! Now is the time! Let not ignorance and prejudice blind you! But consider the successful experience of the Chicago Teachers' Federation, the London Teachers' Association, and the National Teachers' Union of England.

For further particulars, write Margaret A. Haley, National Organizer, 844 Unity Bldg., Chicago, Illinois.

For Helen Oakley

Thursday evening Mr. Harry Baker and Mr. Cornelius O'Donnell gave a party in honor of Miss Helen Oakley at the home of Mrs. Bedford. The evening was spent dancing. Miss Oakley and Mr. O'Donnell won the prizes for the best dancing. During the evening Miss Nellie Teasdale, a prominent piano accompanist of California gave several vocal solos and piano numbers. Miss Inabel Hawk gave a pianologue and Miss Olive Smith played most charmingly. Nine couples were present.

Interesting Lecture

Miss Bonnie Snow of Newark, N. J. gave a most interesting lecture on Industrial Art in the schools Tuesday afternoon at 3:30 in the High School. She carries with her a small exhibit of the work done in the schools of Newark. This course embraces interior decorations, poster decorations and costume designing. Her talk was not only interesting but beneficial and was greatly enjoyed by those privileged to hear it.

B. Y. P. Meeting

Mrs. E. Fischer entertained the B. Y. P. at her home on Dry Creek Monday evening. Games and music were enjoyed after which light refreshments were served.

Young People's Dance

Friday evening some of the young High School boys gave a dance at Pierce Park. Thompson's orchestra furnished excellent music for the dancing. The programs were most unique being a gray marble color printed in gold letters. There were about a hundred and fifty couples present.

ANNOUNCEMENT!

We have just received and installed the latest and most perfect lens grinding machine on the market today. The Globe Optical Co. has always offered their customers as prompt and as accurate service as can be had anywhere and

IT IS OUR AIM

to offer the people of Boise Valley the best to be had at all times. We have two graduate licensed Optometrists to examine the eyes and an expert lens grinder to fill the prescription.
