

A Woman's Mistake

It is a well-known fact that Lydia E. Pinkham's Vegetable Compound has cured more women than any other remedy. It therefore must be the best possible medicine for female ills.

But some women make the mistake of thinking that they will try something else, simply because it is new. That mistake is often a fatal one—fatal to the health and happiness of the experimenter.

Is it not foolish to risk the possible results of such experiments? Is it not better to depend upon a medicine which has been tried successfully for thirty years, and which has never been found wanting? Do not therefore let any one persuade you to try something which they say is just as good. It cannot be just as good. Mrs. Pinkham's Compound is the best, and there can be only one best. This is not a mere assertion, but a positive fact, admitted by hundreds of regular physicians.

Rely on your own common sense, and Mrs. Pinkham's life-long experience, and you will make no mistake. Don't experiment with your health, but take a medicine that you know is good, and is backed by such letters as these to Mrs. Pinkham:

Ovarian Troubles Always Yield to Lydia E. Pinkham's Vegetable Compound.

"I had been in poor health for twenty years, having inflammation of ovaries and womb trouble. Although treated by physicians, I could not gain strength nor do my work, and was so low-spirited and tired of life. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. The first bottle strengthened me, and I wrote to you. After taking six bottles I can say that I am well and can even do my own washing."—Mrs. M. W. MILLER, No. 1033 Canal Street, New Orleans, La.

"For three years I suffered with ovarian trouble, having inflammation and an abscess on right ovary. Had such pain in my back and head, and at times was unable to walk. Had several doctors, but they did not do me much good. One doctor said that I have the ovary removed. I became discouraged and gave up all hope of getting well. I began taking Lydia E. Pinkham's Vegetable Compound. I wrote to Mrs. Pinkham and followed her directions faithfully, and am better than I have been for three years. I have taken ten bottles, and my friends are surprised at my rapid improvement."—Miss W. H. WALTERS, Cold Spring Harbor, L. I., N.Y.

Suppressed and Painful Periods Cured by Lydia E. Pinkham's Vegetable Compound.

"I was thin, sallow and nervous. I had not had my menses for over a year and a half. Doctored with several physicians in town and one specialist, but did not get any better. I finally decided to try your medicine, and wrote to you. After I had taken three bottles of Lydia E. Pinkham's Vegetable Compound and three of Blood Purifier, my menses returned, and I feel as well and strong as I ever did, and am gaining flesh."—Miss LARA GAINES, Visalia, Tulare Co., Cal.

"Before taking the Vegetable Compound I was troubled with irregular menstruation, and suffered great agony. My physician gave me morphine, and I remained in bed. I doctored eight years and got no relief, and the doctors told me there was no relief for my trouble. Finally I tried Lydia E. Pinkham's Vegetable Compound. While taking the first bottle I felt that I was improving. I have taken seven or eight bottles, and never had anything to do me so much good. Every month my troubles have grown less and less, and now at this time I am cured."—ELLA QUINCY, No. 23 Stage Street, Haverhill, Mass.

Backache and Womb Troubles Succumb to Lydia E. Pinkham's Vegetable Compound.

"I have been for ten years an invalid with female weakness, and the torture and pain I suffered no tongue can tell. I never spent one week in the ten years that I was free from pain. My trouble was inflammation and congestion of womb. When I commenced to take your remedy I had been bedfast for some time under the treatment of two of our best physicians without receiving any benefit. You can imagine the benefit I derived from Lydia E. Pinkham's Vegetable Compound when I tell you that I have gained forty pounds and am well—a thing I never dared to expect."—Mrs. C. E. FOLAND, Monett, Mo.

"For a number of years I was troubled with backache and leucorrhea. I became so weak and miserable that I could not attend to my work or studies. The least effort would completely exhaust me. Physicians failed to help me. I felt that my youth was blighted, and the life before me would be one of suffering and misery. Then a friend insisted on me taking your medicine. Before I had used one bottle I was greatly relieved. I had not known a well day for four years, but now I feel better than I have since a child, and it is all due to Lydia E. Pinkham's Vegetable Compound."—Miss MAY B. STEVENSON, Alliance, O.

Yerkes in London.
New York, Oct. 15.—Charles T. Yerkes, the financier and former owner of Chicago street railway systems, returned to America today on the steamship Deutschland. Mr. Yerkes was asked for some details of the \$5,000,000 Charing Cross underground railroad franchise which he secured while in London.

"All I care to say has already been printed," answered Mr. Yerkes. "Of course, in a way, the London deal was what I might term my masterpiece. I really cannot say when the road will be completed. Some of the contracts have been let, and the work of construction will be promptly begun."

The victims were all residents of Bloomington, Ill. The wreck was caused by the removal of a rail by a section gang making repairs. It is said they failed to post any danger signals.

Seattle, Oct. 17.—A street car collision occurred Tuesday morning early on the line between Seattle and Renton. A passenger car met a freight car bound to the city on a long open stretch of travel. Both cars were going at good speed. Thirteen people on the passenger car and one man on the freight were more or less seriously injured. A heavy fog enveloped the valley, and the two cars, unobserved by the trainmen of either, came together with appalling force. The injured are:

Major W. V. Rinehart, president of the city council, severely shaken up and bruised from being thrown through the rear window.

Leander Miller, ex-president of the city council, right arm bruised and wrenched.

Alfred Almqvist, motorman of the passenger car, bruised, not serious.

REBELLION IS SPREADING.

TO OVERTHROW MANCHU RULE.

Rebellion in Southern China assuming big proportions—Rebel Conducting Themselves So as to Win Respect of the Foreigners.

Hong Kong, Oct. 16.—A column of troops was dispatched this morning to the Kowloon frontier with the object of barring armed refugees, either rebels or imperial troops, from entering British territory when defeated. The rebels are reported to be 3000 strong 30 miles north of the British frontier. A thousand of Admiral Ho's troops are in pursuit of them, while 2000 Chinese troops have left Canton overland to intercept the rebels.

Admiral Ho has informed the government that the rebellion was carefully planned. The rebels are anxious to conciliate the villagers and gain the respect of foreigners, hence the absence of outrage and pillage. All indications point to the rising being widespread. Outbreaks occurred simultaneously in several centers of Kwang-tung and Kwang-si. Apparently Kang-wei, Kun-sun and the triads have amalgamated their force in the common cause—the overthrow of Manchu rule in south China. Some positive indication of the attitude of the foreign powers is anxiously awaited.

Answers to France.
Paris, Oct. 16.—Germany is the only power which has not replied formally to France's note on China, though she has verbally accepted its terms.

Japan's answer, received today, accepts the proposals, retaining only one condition. This refers to the permanent prohibition of the importation of arms. While agreeing with the principle, Japan offers no suggestion as to how the prohibition can best be accomplished.

A dispatch received at the French foreign office from Hankow, dated October 13, says the Chinese court arrived at Sian-fu October 12.

Will Not Fix Amounts.
Paris, Oct. 16.—It is officially understood that if an international conference at the Hague, regarding the settlement of the Chinese indemnity question, is finally decided upon, it will not discuss with China the amount of compensation she must pay, but will confine its labors to fixing and distributing the proportion of the indemnity which shall go to the several countries interested.

Russia Will Act Alone.
St. Petersburg, Oct. 17.—The Russian government permits it to be known that its attitude in China will be an increasing independence of the concert of the powers. Russia, it is explained, is disposed to attach less value to joint action since her interests have been fully secured by the successful campaign in Manchuria. Moreover, Russia is not willing to "follow the irreconcilable policy of some of the powers."

The expectation, the publication adds, is that the Chinese government is about to utilize all its resources of duplicity to keep the powers occupied with vain negotiations and proposals and the dispatching of notes in order to gain time until the winter, counting on the rigor of the climate to prevent military operations and allow China to prepare her resources for a spring campaign.

Execution of Chang-Yen-Hoon.
Washington, Oct. 16.—Confirmation has been received here of the execution on July 20 of Chang-Yen-Hoon, the former minister to the United States. Chang was a loyal adherent of the emperor and a warm supporter of the latter's reform movements. When the emperor dower supplanted the emperor two years ago he was banished to Nebraska, but, through the intervention of the American and British ministers, his punishment was commuted to banishment in the distant province of Kashgaria. It now appears that the emperor dower, taking advantage of the late reign of terror at Peking and knowing Chang's influence with the emperor, ordered his execution by decapitation.

Chang was considered by those familiar with Chinese affairs as one of the ablest men in China. He had been decorated by the queen of Great Britain and by the emperors of Russia and Germany. He was pre-eminently the most liberal and en-

lightened of Chinese statesmen, and had his life been spared until the occupation of Peking by the allies, he doubtless would have been recalled and taken an active part in the pending negotiations and future government of China.

Insurgents Capture Americans.
Manila, Oct. 17.—A detachment of 20 of the Twenty-fourth regiment, while engaged in repairing telegraph wires October 10 at a point near San Jose, Nuevo Ecija province, Isle de Luzon, were set upon by 200 rebels and were overpowered and scattered. Seven of the Americans reached San Jose, but it is probable that the remainder were captured.

The enemy surprised a party of scouts of the Forty-third infantry at a point three miles from Takloban, Leyte island, killing three of the Americans at the first volley. Two escaped and gave the alarm, but the enemy succeeded in evading their pursuers.

The native police of Takloban had conspired to surprise the Americans. The bodies of the dead soldiers were badly mutilated.

Youtsey Is Paralyzed.
Georgetown, Oct. 15.—While the Youtsey trial was continued today until Monday there seems little chance that it will be resumed then. If the prisoner is in as serious condition as most people believe, he will still be in a stupor for many days. If, as the prosecution now contends, he is shamming, then of course he will still be the same Monday, and will so continue until too late to resume the trial. It seems practically certain that Youtsey is in an extremely serious condition, and may never recover.

JOINT PROPOSAL TO POWERS

Prince Ching and Earl Li Have Submitted a Proposal to the Powers—Not Made Public—English Minister Professes Ignorance.

London, Oct. 16.—A representative of the Associated Press learns that Prince Ching and Li Hung Chang have finally succeeded in drawing up a joint proposal for a settlement. This has just been received by the powers. Beyond the fact that it is likely to require considerable alteration before proving acceptable, nothing is ascertainable regarding the actual terms. The Chinese minister here, Sir Chih-Chen-Lo-Feng-Luh, professes ignorance of such proposal, but it can be definitely said that it is now engaging the attention of the British foreign office.

Boers Very Active.
Cape Town, Oct. 16.—The Boers are very active in the Kroonstad district. General Dewet has proclaimed that burghers who refused to fight will be made prisoners of war.

British mounted infantry, scouting from Lindley, had Captain Willshire killed through mistaking a party of 40 Boers in Khaki uniform for friends.

Boer commands continuously harassed the British column while marching from Lindley to Kroonstad.

The Boers captured a detachment of the Chinese regiment, which was escorting an empty wagon near Frankfort. They released the driver but kept the wagon.
