WORLD NEWS IN BRIEF

Robert Bridges is poet-laureate of England.

Fire destroyed a large warehouse of stored food at Butte, Mont., Monday morning. The loss is \$100,000.

Japan has declined to send troops to aid Kolchak in his war against the Bolsheviki.

President Wilson has again vetoed a bill to abolish the daylight saving regulation.

The U. S. army surplus food stock being sold to the public is valued at about \$120,000,000.

All Europe is threatened with a serious coal famine the coming winter.

The U. S. sugar equalization board is selling 56,000,000 pounds of surplus sugar at 8.79 cents per pound, which is the cost price.

Increased production is England's only hope for decreased living costs, in the opinion of Britain's food controller, G. H. Roberts.

A jury Aug. 14 awarded Henry Ford six cents damages against the Chicago Tribune for calling him an anarchist. Ford had sued for \$1,000,000.

Investigation of profiteers has already brought food prices down in

many parts of the United States. Leather and wool prices have also fallen.

Frank A. Vanderlip, American financier says some of the causes of the high cost of living are the tendency of both labor and capital to profiteer, reduction in production and Europe's big purchases. He declares no one cause can be assigned.

Advocates of socialism are said to be using the present situation to try to secure hasty legislation which would deprive American citizens of the right of private ownership of property and the opportunity for individual initiative and development of industry.

Genoa longshoremen recently converted themselves in 24 hours from striking workmen to employers of labor. They obtained a day wage rate of \$6.50 and the following day hired other men for their jobs at \$2 a day, thereafter living easy lives on the remaining \$4.50.

Petroleum exports from the United States to date exceed \$4,000,000,000, or more than the gold mined in America since its discovery, says a recent article. The annual production of oil is now eight times in value the production of gold, and it equals, if indeed it does not exceed, the annual output of all of the minerals as well as all other precious metals and gems combined. There are over 300 by products made from crude oil. They include benzine, gasoline, naphtha, kerosene, fuel and lubricating oil, paraffin, asphalt products, axle grease, coal tar and soaps.

Thomas F. Millard, American writer with 20 years experience with far eastern politics, told the senate foreign relations committee Monday that Japan does not "care a soap of her fingers for moral force" and that she would never get out of Shantung without a war into which the United States would be drawn. He said he believed, however, that the peace treaty need not be changed, as the senate could overcome the Shantung feature by a covenant in connection with the special defensive treaty with France, which would bind France and Great Britain to stand by the United States.

Three federal market inspectors who will inspect hay, potatoes and fruit, have been sent into Idaho by the United States department of agriculture. Hay, fruit and potatoes must be inspected and graded before the state will classify them when made ready for markets. Standards adopted by the federal government have been generally accepted by the state.

A Bilious Attack

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. adv.

Livestock interests and hay growers of the upper Snake river valley met in joint convention at Idaho Falls to try to reach an agreement on the price of alfalfa. The convention was presided over by John Hart of Jefferson county. Hay men fixed a standard of \$20 for 2000 pounds in the field. Cattle interests claimed they could not pay the price and will ship thousands of head of cattle and sheep out of the country. Speculators have bought a big tonnage of hay at low price and are holding. Resolutions were passed by hay growers, condemning speculators and requesting the state to make an investigation.

Hog demonstration work conducted in Jerome county, under direction of William Kerr, swine specialist of the extension division, shows that the cost of production of pork on different farms ranges from 6 1/2 to 13 1/2 cents a pound. The 6 1/2 cent cost is reported by a grower who uses alfalfa pasture, plenty of good water, shade, and grain at the rate of two pounds to every 100 pounds of hog.

Cure for Dysentery

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." Aug. adv.

Claim Of Lien And Notice Of Sale
J. J. Rippeteau, Claimant, vs. John Doe, (whose true name is unknown) and Richard Roe, (whose true name is unknown), Owners, and Reputed Owners.—Claim of Lien and Notice of Sale.
To Whom It May Concern:
That on the 2nd day of August, 1918, J. J. Rippeteau at the special instance and request of John Doe and Richard Roe, whose true names are unknown, took possession of one certain automobile hereinafter particularly described, and agreed with said owners to render service for them in protecting, care and safe keeping of said automobile for

approximately two months, and said owners agreed to pay therefor the reasonable and going wage for such service. Said agreement took place in Kootenai County, Idaho.
That said property is described as follows:
One 1916 five passenger Ford Touring Car, Car License No. 10,511 Alta, Motor Number 437.
That the names of owner or reputed owners are unknown to claimant, and therefore designated as John Doe and Richard Roe.
That claimant took possession of said auto on August 2nd, 1918, and has since that time had lawful possession of same, and it is now located on ranch of claimant at Ramsey Station, Kootenai County, Idaho.
That Sixty and No-100 (\$60.) Dollars is reasonable value of services of claimant in protecting, keeping and caring for said property.
That claimant has in every respect fully complied with his agreement with owners or reputed owners.
That this lien is claimed and made under provisions of section 3446 Rev. Codes of Idaho.
That sixty days have expired since rendition of said services and since completion of contract, and no payment of said sum or any part thereof has been made to claimant.
Notice is hereby given that I will sell at public auction the above described property, to the highest bidder, for cash, near Mail Boxes on public Highway, at Ramsey Station, 8 miles North of Rathdrum, in Kootenai County, Idaho, at the hour of 10 o'clock A. M., on the 24th day of August, 1919, and that the proceeds of sale will be applied to the discharge of my lien for services, and costs of sale, and the remainder, if any, will be paid over to owners.
Dated August 4th, 1919.
J. J. RIPPETAU, Claimant.

\$325 Farm-Tractor \$325

Sold on TEN DAYS' Trial with Money Back Guarantee

The "ME-GO" Tractor Attachment converts a Ford Car into the most efficient Farm Tractor ever offered. WE GUARANTEE 1,000 POUNDS DRAW BAR PULL.

In less than an hour, with only the regular Ford tools, you can change a Ford pleasure car into a practical farm tractor. In less than half an hour you can change it back from a tractor to a pleasure car. It is not necessary to even remove fenders on Ford, or alter the car in any manner, except to remove rear wheels and adjust the water connection when attaching the Dual system on motor.

The "ME-GO" Transmission Wheels contain a planetary system of gearing which employs two opposite forces in the drive wheels, one pushing and one pulling, at the same time in the same direction, thus eliminating all strain on the axle or drive shaft and practically utilizing all the power generated by the motor in direct pulling service.

GUARANTEED NOT TO OVERHEAT THE ENGINE

The Dual Cooling System, easily attaches to motor, positively giving perfect circulation and making it impossible to cause the water in the radiator to boil at any rate of speed.

The "ME-GO" attached to a Ford makes a powerful, rugged tractor capable of pulling two 14-inch plows and doing all the farm work of four to six horses.

OUR MONEY BACK GUARANTEE on a ten-day trial is positive evidence of the manufacturer's faith in the product and a forceful selling argument for the dealer.

We want responsible and aggressive dealers in every locality to represent us under exclusive territory arrangements, offering liberal discounts. Write or wire us for literature and full particulars.

"Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.
