OVER HALF OF YOUR RED CROSS MEMBERSHIP DOLLAR WORKS AT HOME

AND MANAGEMENT COST AT NATIONAL HEADQUARTERS AND THE 14 DIVISIONS IS LESS THAN 4 PER CENT OF THE TOTAL EXPENDITURES!

MANAGEMENT COSTS LOW FOR RED CROSS

National and Division Headquarters Take Less Than 4 Per Cent of Funds.

Red Cross Roll Call—the fourth annual re-enlistment of members in the American organization—will be held here November 11 to 25. Officers in charge of the Roll Call for the chapter of which this city forms a part, however, feel that the canvass in this section practically can be completed within the first week of the time set should the present plans for intensive work be followed out.

In all its work preparatory to the Roll Call the Red Cross this year, as last, has laid stress on the point that the movement is purely a dues-gathering activity, and not to be confused with "drives" or other campaigns. The national body also is laying emphasis on the fact that more than 50 per cent of all membership fees secured here remain in this community, and on the low "overhead" cost of the organization.

"While the Red Cross has not been subjected to that violent criticism of extravagance and waste which has been attached to some activities resulting from the war and its after-effects," said an officer of the national body recently, "we are pleased to be able to make public the fact that management cost at national headquarters and in the 14 divisions has amounted to less than 4 per cent of the total expenditures by the organization. This is a turnover expense so small as to establish a mark for many a commercial concern to work toward, and on its face proves that for the Red Cross, organization efficiency and economy are not only ideals but achievements."

RED CROSS RUSHES AID IN EXPLOSION ON WALL STREET

According to the superintendents of the Broad Street and Volunteer hospitals of New York, the work of the Red Cross after the recent Wall street explosion proved almost invaluable. The explosion happened at noon on September 16. Red Cross ambulance units with those of downtown hospitals and the police department, were on the scene in time for first aid work. But the principal activity of the Red Cross was to assist the hospitals to which the injured were taken. Before the afternoon had passed 92 nurses had gone to aid the regular forces at the Broad street and Volunteer hospitals. Eighteen Red Cross field directors assisted in hospitals and in compiling and furnishing information concerning dead and injured. Large quantities of hospital supplies and apparatus were furnished, as well as food. Three ambulances and two trucks were on duty, and through the Red Cross social service the matter of getting in touch with the families of victims was competently handled.

The Red Cross Remember

Ever since demobilization the Red Cross has kept in constant touch with the families of 800,000 soldiers and sailors and marines. This service has embraced almost everything from supplying first aid to seeing a man through to a better job than he ever had before.

ONLY A COLD

BUT DON'T NEGLECT IT

A cold is an acute catarrh which can easily become chronic. A great many diseases may be traced to a catarrhal condition of the mucous membranes lining the organs or parts.

PE-RU-NA

Just a few doses taken in time have saved thousands from serious sickness. For fifty years Pe-ru-na has been the popular family medicine for coughs, colds, catarrh, stomach and bowel disorders and all diseases of catarrhal origin.

Regarding Cider.

Boise, Idaho.—Cider made and used in the home is not subject to a tax under the internal revenue laws, but grape and other fruit juices, not including cider, if fermented to the point where they contain one-half of 1 per cent or more of alcohol by volume, are subject to a tax as wine. A statement to this effect was issued last Friday by the Boise internal revenue office in answer to questions that have arisen as to the application of a law relating to the manufacture of non-intoxicating cider and fruit juices exclusively for use in the home.

All persons producing fruit juices other than cider containing more than the legal quantity of alcohol are required to register, according to the statement.

SERIOUS RESULTS FROM COLDS.

Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say "I had a hard cold last winter." Why not take Chamberlain's Cough Remedy and cure your cold while you can.

One Month of Red Cross Work.

In an average month this year, the Red Cross aided 423,888 adults and 101,755 children in Europe; people who otherwise would be without even the simple necessities of life.

Protection for Future Years.

Last year 92,000 women and girls, under Red Cross instructions, completed courses in home care of the sick.

Settling National Controversies.

Our post-war world is rent with multifarious discords. Empire growls at empire over the spoils of Armageddon. New-born nations, bitten with imperialistic lusts, plot the mutilation of equally lustful neighbors. Above all, Asia prepares to challenge the hegemony of anarchic Europe, thus threatening a contest that may develop into a racial cataclysm beside which the late unpleasantness would seem like child's play.

The future looks dark. Yet there is a brighter side. Everywhere thinking men are alive to the perils of the hour. Statesmen strive to force the machinery of a new world-order assuring peaceful, evolutionary progress, while seers and prophets labor to effect that changed attitude of mind and heart which must form the indispensable moral basis to a new world-order and without which the most perfect mechanism would prove a vain thing.

To forward-looking persons Scandinavia should to-day offer perhaps the most hopeful portent on the international horizon. Here is a group of peoples, proud, virile, and with a martial past, who point out to humanity the way to

a better morrow. Not merely by theoretic preachment, but by sustained practice, by consistent conduct extending over decades, the Scandinavian nations give the world a concrete example of a group of nations settling fundamental disputes without war, in a spirit of reasonable fairness, and with increasing friendship and co-operation.

This remarkable achievement becomes all the more striking when we recall the grave difficulties which had to be overcome. Scandinavia's internal history was not one of peace and amity; it was a record of war and discord yielding an evil legacy of bitter memories. Since time immemorial the Scandinavian peoples—Swedes, Danes, Norwegians—have fought one another, fired by a jealous separatism that nullified bonds of racial kinship and condemned them to an interminable cycle of internecine strife. This separatism bore bitter fruits.—From "Scandinavia's Lesson to the World," by Lothrop Stoddard, in the November Scribner.
