TAFT TO VISIT ST. LOUIS
WILL TAKE TRIP DOWN MISSISSIPPI IN OCTOBER.

And Attend the Lakes-to-the-Gulf Waterways Convention in the Crescent City.

Washington, July 31.—President Taft has accepted the invitation to visit St. Louis and go from there down the Mississippi river to New Orleans, where he will attend the lakes-to-the-gulf waterways convention. The date of his arrival in St. Louis will be Oct. 28. He will stay over night there and leave for the south on board of one of the palatial steamers the following day.

The president's steamboat will lead a flotilla of at least thirty vessels, and in the procession it is expected there will be thirty governors of states, the vice president, the speaker of the house of representatives and a large number of senators and representatives in congress.

After making a speech before the waterways convention, the president will proceed through the southeast, visiting Alabama, Georgia and the Carolinas.

On his way down the Mississippi the president expects to stop at Memphis, Vicksburg, Natchez and possibly one or two other towns.

Representative Bartholdt, of Missouri obtained the president's acceptance of the St. Louis invitation and the designation of the date of his visit.

INCOME TAX BILL INTRODUCED.

Alabama Legislature Expected to Act Favorably on Amendment.

Montgomery, Ala., July 31.—"That the United States congress shall have the power to lay and collect taxes for whatever sources derived, without apportionment among the several states and without regard to any census or enumeration," is the opinion of State Senator Henry Reese, of Selma, who has introduced the income tax amendment in the Alabama legislature.

Favorable report on the amendment is expected to be made by both houses and Alabama's vote is expected to be officially registered by the middle of next week.

Washington, July 30.—President Taft has promptly complied with the concurrent resolution of congress and made formal submission of the proposed income tax constitutional amendment to the respective states.

The necessary letters and accompanying documents were mailed from the department of state.

BRYAN TO BECOME TEXAN.

Nebraska Will Move South and Enter Politics There.

Bellefontaine, Ohio, July 31.—Cecil William Jennings Bryan, of Nebraska, is to be the title no more. The commoner announced here late yesterday that he intends to move to Texas next winter.

"I am not going to seek election to the senate from Nebraska," he said. "I will not be a Nebraskan, for I am going to move to Texas. I will take a part in politics there. Before I move I am going to tour the South American republics, starting this fall."

Mr. Bryan said of the tariff, "I believe President Taft is with the common people in a desire for revision downward, but he will be unable to accomplish anything against Senator Aldrich and the interests."

ARBITRATORS IN SESSION.

Wage Demand of Trolley Employees Is Chief Issue at La Crosse.

La Crosse, Wis., July 31.—The arbitration board, comprising W. J. Ferris, F. H. Hartwell, of this city, and John Humphrey, of Milwaukee, which is to settle the difference between the La Crosse City Railway company and its employees, is holding daily sessions in an effort to come to an agreement. The principal question is that of wages, the employees having made a demand for an increase to a flat rate of 25 cents an hour, with no distinction on account of length of service. The present scale is from 17 to 21 cents, according to the length of time employed.

LUTHERANS TO HAVE HOTEL.

Members of Church Will Have Special Tavern in Chicago.

Chicago, July 31.—Preliminary plans were discussed at a meeting held at 77 Clark street, which have for their ultimate purpose the placing of a Lutheran league and Concordia league, under one head. The merger plan is preliminary to the establishment of a Lutheran tavern in the loop district, where members of the church can stop while in Chicago at a rate far below that charged in hotels.

BARCELONA STILL IN HANDS OF MOB

REFUGEES AND TRAVELERS DECLARE THE REVOLT IS STILL RAMPANT.

RUMOR OF REPUBLIC DECLARED

50 Revolutionists Wounded in Conflict Last Saturday Night—Killed or Wounded So Far Aggregate Over 3,000.

London, Aug. 2.—A dispatch received here by a news agency from Cerbere, France, reports that the revolutionists have proclaimed a republic in Barcelona and that the fortress Montjuich is constantly firing upon the districts occupied by them.

Paris, Aug. 2.—Although official Spain minimizes the Catalan insurrection and insists that the revolt has been crushed, a far different story emanates from the frontier.

Refugees and travelers declare that the revolt is still rampant and that desperate combats continue at Barcelona, where 50 revolutionists are reported to have been wounded in a conflict which occurred as late as Saturday night.

Information concerning the actual situation in Barcelona and the rest of the province is rarer than ever before.

Although some of the news from the frontier is from revolutionary sources, and therefore open to suspicion, most reliable intelligence leads to the belief that, although Barcelona is calmer, the insurrectionists have taken to the suburbs and the outlying country, where they are sowing the seeds of revolt and inflaming the populace to maintain the struggle to the bitter end.

In Hand of Prowling Bands.

Barcelona province is in the hands of prowling bands of workmen, heavily armed, who occupy the railroads and highways to prevent communication, and who refuse entrance to newcomers.

Cassan De la Selva is in the hands of the revolutionists, and at Palamos, where the monastery was fired upon, the monks tortured, the situation is described as alarming and the lives of foreigners endangered.

The opinion in semi-official circles here concerning Spain's internal situation is pessimistic and the belief is expressed that the trouble is not yet over.

Official Madrid announces that Barcelona is tranquil, but qualifies this statement with the words, "This is especially so in the center of the city."

From Melilla comes the news of another Spanish convoy being ambushed and several of its officers being wounded before the troops succeeded in extricating themselves from the attack of the tribesmen.

Strike Near at Madrid.

Rumors are afloat that a general strike will be launched at Madrid and that a strike is being organized in the Biscayan region.

All persons subject to military duty are forbidden to leave Spain under penalty and elaborate measures have been adopted to forestall a possible outbreak in the other provinces of the country.

Official denial is given to the report that the temper of the Madrid garrison is hostile.

Another official statement says that the number of victims of the fighting at Barcelona is unknown, but frontier reports, one of them of alleged authoritative inspiration, declares that the killed or wounded will aggregate 3,000, and that the number of insurrectionists summarily shot was between 40 and 120.

BLOW FOR COMMISSION MEN.

Right to Collect on Sales Revoked by Winnipeg Grain Exchange.

Winnipeg, Man., July 31.—A war which promises to be extremely bitter is on between the elevator interests and the commission men on the local grain exchange. It is the result of what the commission men term a "snap vote" taken at a general meeting until July 15 next, the commission of 1 cent a bushel paid to commission men for disposing of grain on the local market.

It is believed the small commission men will be forced to the wall and that the handling of grain from the farmers will be left with the elevator men.

INDIANS GROW HOSTILE.

Building of Railway Through a Graveyard May Lead to Outbreak.

Hazleton, B. C., July 31.—Pearing a serious outbreak among the Indians of the northern interior of the Dominion of Canada, the residents of Hazleton have petitioned the government to establish a mounted police patrol along the line of the Grand Trunk Pacific railway. The two thousand Indians near here are reported to have armed themselves.

The unrest among the red men is caused by the effort of the government to purchase the reservation grant to each Indian of 160 acres of land, and also by the failure of the Grand Trunk road to settle damage claims arising from the building of the railway across an Indian graveyard. The railway offered to remove all of the bodies, but the Indians demanded a cash settlement.

Tornado Plucks Geese.

Mastoon, Ill.—Caught in the furious blast of a tornado which swept farms six miles southwest of this city the other afternoon, seven geese, swimming on a pond on the farm of B. M. Thomas, were plucked clean by the wind, swept up in the air and blown into the haymow. Scarcely a feather was left on the birds when Thomas found them after the cyclone had passed.

SPOKANE WRECK--8 KILLED

TWO ELECTRIC TRAINS COLLIDE NEAR SPOKANE.

Were Going at Slow Speed, but the Result Was Most Disastrous.

Spokane, Aug. 2.—Ten persons were killed and at least 60 were injured in a head-on collision of two electric trains on the Spokane and Inland railway. The wreck occurred at Coldwell, Wash., a station between Coeur d'Alene, Idaho, and Spokane.

Number 20, westbound train, had left Coeur d'Alene at 4:30 p. m. and had just reached Coldwell when it crashed into No. 5 eastbound. Both trains were going at the rate of about 15 miles an hour.

Only one of the train crew is reported injured.

Some of the Dead.

A partial list of the dead includes: Dead: William Ward, Wenatche, Wash. P. Whigley, Memphis, Tenn. D. E. Campbell, motorman, Coeur d'Alene.

Orville Futerbaugh, Elkhart, Ind. John A. Verne, Springfield, Mo. Dollie Dolden, Spokane. W. H. Dahlquist, Esterville, Iowa. J. O. Cox, Hayden Lake, Idaho.

Some of the Injured.

Among the injured are: William Beck, Amelia Bok and Edwin L. Dixon, of Northport, Neb.; Charles Osborne and wife, Freeport, Ill.; E. J. Wilson and E. F. Williams, Eau Claire, Wis.; Peter B. Waters, Pleasant Lake, N. D.

Governor Johnson's party passed over the electric line at Coeur d'Alene shortly before the wreck occurred which killed ten people. Had the party been delayed at Spokane their's would have been the scheduled passenger which collided with the freight.

HAIL DESTROYS N. D. GRAIN.

Thousands of Acres Laid Low by the Storm Which Sweeps State.

Grand Forks, Aug. 2.—Thousands of acres of grain which would have been ready for harvest within a week were totally or partially destroyed by a hail storm which swept over Pembina county. The storm struck the county in the vicinity of Wallhalla, in the northwestern corner, and swept in a southeasterly direction, leaving the state east of Grafton in northern Walsh county.

Authentic reports are not obtainable, but it is evident that strip three miles wide and extending 30 to 40 miles has been badly damaged.

At Cavalier hail fell for an hour and a half and when the storm had passed lay in drifts. At Wallhalla practically every window in town, including plate glass, was shattered.

After leaving the state the storm struck again at Stevens, Minn., and big damage to crops in that locality is reported.

GEO. GOULD AND THE G. T. RY.

He Has Several Secret Talks in London With Charles Hayes.

London, Aug. 2.—Before leaving for Paris George Gould had several conferences with Charles B. Hayes, general manager of the Grand Trunk railway, which are understood to relate to that company's extension of its lines, but reticence about the matter has been maintained on both sides.

Mr. Hayes said the last or mountain section of the new transcontinental line will be completed by the end of 1911. The extension of the Grand Trunk will be finished to Edmonton by July 15 and will be opened from Port William to Winnipeg in September.

The crop conditions in Canada he declares to be excellent. He thinks that the year will prove one of the most prosperous in the history of the dominion.

THOUSANDS AT BIER OF REV. FATHER MACKIN

Distinguished Burlington Priest Was Very Popular and All Iowa Mourns His Death.

REV. FATHER BERNARD MACKIN.

All Iowa mourns the death of Rev. Father Bernard Mackin of Burlington, one of the best known Catholic priests in the central west.

Ill health had made his life miserable for the past two years, and although he took a trip to Carlsbad, Germany, he was forced to return with his health impaired instead of improved.

Father Mackin came to Burlington in August, 1892, and during his pastorate accomplished wonders in building up the parish, both in a temporal and spiritual way. He erected a fine new \$50,000 church and a \$15,000 parsonage, in addition to securing numerous other improvements, aggregating in the whole \$75,000, on which a small debt still remains. He was intensely loyal to Burlington and was admired and liked by all creeds and classes. He was outspoken in his sentiments, liberal and charitable in his views. No minister of any denomination achieved such popularity in Burlington and his death is mourned by all.

The funeral of the popular priest was attended by the Catholic clergy from all over the Mississippi valley region and thousands of citizens of Burlington, where he had lived so many years.

JOHN ARENSDORF IS DEAD

Death Claims Principal Actor in Haddock Murder Mystery at Sioux City.

Death has claimed the leading actor in the Haddock murder mystery at Sioux City, which a score of years ago, during the days of the prohibition war, was the sensation of Iowa.

John Arensdorf is dead at his Sioux City home and it recalls the fact that he was tried for the murder of Rev. Haddock three times, the last trial taking place four years after the murder.

JOHN ARENSDORF.

Arensdorf was acquitted and lived down his unwelcome notoriety so that upon his death he was given all the honors due a leading citizen at his funeral.

The younger generation has no idea of the intense feeling that was aroused by the passage of the prohibition law in Iowa. The divine right to drink was acknowledged in Sioux City, then in its booming days, and also in the river towns generally. Rev. Haddock was active in trying to enforce the law and lost his life at the hands of some unknown person, but suspicion was focused upon Arensdorf and he was arrested and tried, the trial being one of the most sensational in the history of the state.

WHO WILL SUCCEED ARCHBISHOP KEANE?

Selection to Be Made by Irremovable Rectors at Dubuque Aug. 18.

AFTER years of hard work Archbishop Keane of the archdiocese of Dubuque has issued a call for a meeting of the irremovable rectors of the diocese on Aug. 18, at Dubuque, to nominate his successor. When this nomination is approved by the bishops and sent to Rome and in-

ARCHBISHOP KEANE.

Corso by the pope, Archbishop Keane will retire and the new archbishop assume the robes and duties of the office.

The archdiocese of Dubuque, Davenport, Sioux City, Lincoln and Omaha. While any catholic priest in this territory is eligible to the high post, it is customary to select one of the bishops, or church official with equal rank.

When the irremovable priests meet they will make a list of three men, and this list will be turned over to the bishops having authority in the diocese and one of them will be selected, probably the one having the highest number of votes, although not necessarily.

Those who may receive the nomination are Bishop Davis of Davenport, Bishop Carle of Dubuque, Bishop Keane of Cheyenne and Mr. Flavin of Des Moines. The last named was elevated to his present rank a year ago, and is therefore in line of promotion. Probably Bishop Davis will receive the highest number of votes, but there is more than a possibility that Mr. Flavin will be the one selected by the bishops at their conference, because it is understood that Bishop Davis does not care for promotion at this time.

At all events the meeting promises to attract much attention among the Catholics and church people of other denominations.

PREACHER AT WAR WITH GOTCH

Says Wrestling Is Brutal and Should Be Stopped by Law.

pion's own statements to prove that wrestling is far more brutal than prize fighting.

Rev. Mr. Graves took as his subject "Altruism, or the Crowning Characteristic of Christianity." After a preliminary skirmish with the subject in general, he said of wrestling:

"The wrestling matches should meet with disapprobation and defeat, because they are brutal, both in their purpose and practice, and brutalizing upon all those who come under their influence. Such cannot but be injurious to all. The infliction of pain for personal gain is barbarous and inhumane. Such exhibitions should, therefore, be prohibited by law."
