To Advertisers.

Advertisements are requested to hand in changes for their advertisements not later than 9:30 a. m. on the day they wish them inserted. We desire that our advertising columns be kept fresh and bright, as we know... to be one of the great secrets of success in advertising, and for this reason we give our patrons frequent changes, but we must insist on the observance of the above rule, as we cannot handle our regular complement of news when crowded with other matter in the middle of the day.

# KREMER WAS ROBBED.

A Traveling Man Taken In at Bowling Green.

Some Spicy Details of How a Gay Young Man Came to Grief.

Special to the Leaf-Chronicle.]

BOWLING GREEN, KY., Dec. 29.—G. F. Kremer, a handsome, elegantly dressed man, who says he is a dry goods drummer on a vacation, but whose headquarters is at Salina, Kansas, had a very unpleasant experience here yesterday. He has been here for several days at the Morehead House, and had some lady friends among the members of the Heywood Celebrities Company, which appeared at the opera house Monday evening.

He purchased two of these ladies each a pug dog together with baskets to put them in. The baskets, however, were too small and he went out to get larger ones. With the baskets on his arm he started back to the hotel, but on the way stopped in the Richmond saloon to take a drink. He took it and afterwards became so hilarious that he had to be assisted to the hotel. When he reached his room he discovered that his pocket book containing between \$115 and \$125 was gone with some notes and other valuables.

He thinks he was "drugged" in the saloon and had the man who took him to the hotel arrested on the charge of robbery. In the city court, however, the prisoner was dismissed, the prosecution failing to show him guilty. Mr. Kremer was robbed, but who robbed him will probably never be known.

The world is always interested in the cure of consumption; yet its prevalence is of far more importance. Dr. Wood's Norway Pine Syrup is guaranteed to cure coughs and colds. Sold by all dealers on a guarantee of satisfaction. For sale by Tudhope Drug Co.

A NATIONAL QUARANTINE.  
The House Sub-Committee Agrees Upon a Report.

WASHINGTON, Dec. 29.—The house sub-committee having charge of the subject of establishing a national quarantine, Mr. Isadore Rayner, of Maryland, chairman, have agreed upon a bill which they will report to the full committee at its next regular meeting after recess on Friday week.

The bill agreed upon is a combination of Senator Harris' senate bill and of the measure introduced in the house by Mr. Rayner. It puts the national quarantine system into the hands of the hospital service of the revenue marine. Its leading provisions are:

First—That wherever state quarantine regulations exist the hospital service of the revenue marine, under the direction of the treasury department, shall have the power to enforce the laws and regulations of the different states.

Second—Where there are no state quarantine regulations, or where in the opinion of the marine hospital service the quarantine regulations of the states are not sufficient to prevent the introduction of contagious diseases into the United States, the marine hospital service shall report the facts to the secretary of the treasury, who, in his judgment, it is necessary or proper, shall order the marine hospital service to make such additional rules and regulations as are necessary to prevent the introduction of such diseases into the United States from foreign countries, or into one state from another state. If in such event the state or municipal authorities shall fail to enforce such rules and regulations, then the president may detail officers for that purpose.

Third—That the hospital service of the revenue marine shall obtain and publish statistical information of the sanitary condition of foreign countries from which contagious and infectious diseases are, or may be imported into the United States, and shall publish weekly accounts thereof in the different parts of the United States.

Fourth—The bill further provides for consular inspection at foreign ports by sanitary experts in consular offices who are to supervise the inspection and disinfection of all vessels leaving infected ports. The details as to the compensation and appointment of the sanitary experts are left to be provided for in the sundry civil bill.

Fifth—The bill provides that whenever an infected vessel arrives at any port of entry in the United States the marine hospital service may remand said vessel at its (the vessel's) own expense to the nearest national or other quarantine station, and treat and disinfect the same, and said vessel shall not be permitted to enter any port of the United States until it is pronounced free from infectious disease or danger of conveying the same.

Sixth—Wherever it shall be shown to the satisfaction of the president that by reason of the existence of any infectious disease in a foreign country there is serious danger of the introduction of the same into the United States, then in such case the president may for the time being suspend immigration until all danger from infection has passed.

Roberts Victrola.

BUENOS AYRES, Dec. 29.—The rebels in the province of Corrientes, Argentine Republic, have defeated the provincial troops in a number of skirmishes, and have seized the towns of Mercedes and Caseros and the railway lines of the district.

Both Bound Over.

Considerable stir was created on Second street last night about 8 o'clock by an altercation between Dr. W. P. Lawrence and Jno. Stuart, in which pistols figured rather conspicuously. They were both arrested and were before Squire Caldwell this morning. Jno. Stuart made a statement and was bound over to the Criminal court for carrying a pistol in a box of \$250. Dr. Lawrence later waived examination and was put under a bond for the same amount.

# CLARK VS. CLARK.

A Sensational Divorce Bill Filed At Columbia.

The Wife Charges Cruel and Inhuman Treatment, Abandonment and Failure to Support.

COLUMBIA, Dec. 29.—Mrs. Louise Clark vs. E. Warren Clark, is the style of a divorce bill filed in the Chancery court here. Cruel and inhuman treatment, failure to support and abandonment are the causes alleged. The attorneys, after filing the bill, took it into their possession again and will not allow the eyes of a newspaper reporter to rest on it.

This much has been gathered, however. Exhibit will be made at the trial, it is alleged, of some very heartless and cruel letters from the defendant to the complainant. In one of them, it is alleged, he congratulates himself over the death of his little girl, as it severs one of the links that binds them (him and his wife) together. Another allegation is that after the death of the little daughter, Bath, some rich acquaintance wanted to adopt her twin sister, Naomi, and her father insisted on giving her up. The bill alleges that but for an allowance from her father of \$2,000 a year she and her children would have suffered for the necessities of life; that for six years the defendant has made no pretense to support, protect or care for his family.

The defendant is a peripatetic individual who travels over much of the United States lecturing, exhibiting stereopticon views and preaching at times. He is of the Episcopal church, and when he first came here several years ago, frequently occupied the pulpit at St. Peter's Church. Of late years, however, he has not appeared here in his clerical robes, and it has been generally understood that he was not invited to.

The complainant is a most estimable lady, and has the confidence, respect and sympathy of the entire community.

S. B. Durfee, mate of steamer, Arizona, had his foot badly jammed Thomas' Electric Oil cured it. Nothing equal to it for a quick pain reliever. For sale by Tudhope Drug Co.

MRS. O. D. THOMPSON.  
The Death of One of Clarksville's Best Women Last Night.

The death of Mrs. O. D. Thompson, which occurred last night about 8 o'clock, removes from the walks of life one of the best women of Clarksville and very great regret has been expressed by all who knew her. She was just in the bloom of perfect womanhood, surrounded by a happy family of sweet children who are at the age when a mother's care and love is most needed. Stricken with disease a few weeks ago she gradually sank until the summons came last night. Loving friends watched at her bedside day and night in an attempt to bring back to health and happiness the object of their love. All through her sickness she bore up under a Christian fortitude which always makes death heavenly, and in a measure atones for the deep loss to the family and friends.

She was a daughter of the late Warren Pollock, and has been a favorite with a wide circle of friends since she reached womanhood, impressing all who came in contact with her by her many female virtues which go to make the model lady, wife and mother. She was a member of the Baptist church and held its teachings as holy as any consistent Christian could hold them, attending with marked regularity all services at her church and ministering to all afflicted ones who came under her notice. Her grief-stricken husband and her two little girls will have the deep sympathy of the entire community in their loss.

The funeral services will be held at the Baptist church to-morrow morning at 10 o'clock. Interment in Greenwood.

Keeping Him Busy.

Mr. H. Hayes, of Erin, and Miss Henry Ann Belcher, of Warren county, Ky., were married to-day at the Magnolia House, by Squire Smith.

F. G. Freed and Miss Martha Clanton, of Houston county, were married to-day by the same magistrate. Squire Smith was also called to officiate at two colored marriages to-day, and is not out of breath yet.

# THE OFFICIAL PAPERS.

For T. Wood Receives Notification of the Purchase of the Moore Property.

Jas. T. Wood received official notification this morning of the acceptance of the Moore property for the public building. The owners are to make a good title, pay all expenses of the same, and remove the buildings within thirty days from the time they are given notification to do so. The price paid for this property was \$6,500. There was nothing said in the letter about when the work of laying the foundation will begin. This, however, will be some time yet.

Turnkey Allison.

N. J. Allison, who has been turnkey at the jail since the election of Sheriff Collier, has resigned his position to take effect after the first of January. The vacancy which will be made by the resignation has not yet been filled, consequently there is a job for the right kind of man.

Notice.

For the next few days I will be away from the city, but have made arrangements with Dr. T. A. Whitfield to attend to my practice during my absence. Dr. Whitfield will be at my office every day from 1 till 4 o'clock p. m. and will answer all calls. Respectfully,  
Dr. C. G. WILSON.
