Bristol, Tenn., Oct. 13.—Senator John W. Daniel will speak in Bristol, Va., on October 22, at night. FROM CLEVELAND.
Correspondence of The Big Stone Gap Post.

CLEVELAND, Va., Oct. 13.—The two lively stables recently completed here and owned respectively by Ashbrook Bros. and Burdick & Smith seem to be doing a thriving business.

Mrs. Harry Barton had the misfortune to get her house and most of her household property burned. She was living in a house owned by E. K. Jesse on Jesse's mill creek.

Steve Fletcher and Miss Georgia Jesse were married at the home of the bride's parents, Mr. and Mrs. T. J. Jesse, Jr., a few days ago. The Rev. J. M. Rasmussen, now missionary at Clintwood, tied the everlasting knot. May they always live to love and smile, and their honeymoon last a great long while.

Dick Cook, of this place, who has been afflicted for a long time with liver trouble and neuralgia, we learn is worse and has taken his bed. A little seven year old son of E. Kiser, Jr., fell from an apple tree a few days ago and broke his arm.

Robert McDevitt, who has been confined to his bed for several weeks with bilious trouble, is no longer and is considered very low. Dr. Taulbee is waiting on him.

Charles Wallace and James Tate have their new store house on Lebanon Avenue about complete and will be selling goods in a few days.

Our farmers are very busy sowing wheat.

The Fletcher Bros., in Copper Ridge, are sawing a large bill of oak railing for the tram road on Dump's creek.

Jack Jesse's two boys, Ed and Wiley, who have been sick with typhoid fever, for several weeks, are improving under the treatment of Dr. Taulbee.

We learn that some railroad locations are being surveyed up Dump's creek and its tributaries, and several coal mines opened, under the supervision of Mr. Barrett.

We have had a nice warm season so far this fall, and grass is abundant and cattle fat.

Discovered by a Woman.
Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. W. Kelly's drug store. Regular size 50c and \$1. Every bottle guaranteed.

FROM FREELING.
Correspondence of The Big Stone Gap Post.

FREELING, Va., October 13.—A young man by the name of Emory Mullins, of George's Fork Creek, was drowned a day or two since. He had been afflicted with dementis for two or three years, and in a fit he fell into the creek, with the above result, no one being near enough to rescue him. He was about 20 years of age.

I hear that Crockett Kerr, who went to Canada in company with Chas. W. Powers, a few weeks ago, has written back that he is well pleased with the country there, and that he thinks of locating there. Powers, however, does not seem to be so well pleased, according to our information.

Our democratic friends all over the county are well pleased to know that Hon. John W. Daniel is to speak at Clintwood on the 25th. If the day is favorable there will be the largest crowd there that ever assembled at Clintwood.

M. L. Senter, of the firm of Senter & Son, of this place, has gone to Richmond to take a course in medicine at the Richmond Medical College.

The farmers of this vicinity are making molasses now. There seems to be a lack of mills to grind upon. F. M. B.

Glorious News
Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by J. W. Kelly, druggist. Guaranteed.

Notice.
The services which have been held on the evenings of the 1st and 3rd Sundays in each month in the Episcopal Church will be discontinued during the fall and winter months. The Rev. Mr. Russell, of Bristol, who has held services in the Episcopal church here on two Sunday evenings in each month during the summer finds that he can not continue this arrangement. The train from Bristol arrives so late that the services can not be held before 8:30, which seems to be too late an hour for the short days of the season. Mr. Russell has therefore decided to discontinue his Sunday night services for the present. He will hold services here occasionally during the fall and winter on Sunday mornings, but the exact dates cannot be announced at present.

FROM POUND.
Correspondence of The Big Stone Gap Post.

POUND, Va., Oct. 11.—Rev. W. H. Wampler, our worthy superintendent of schools, made his regular official visit to the schools of our district last week.

There were very heavy rains in this locality yesterday evening and last night, accompanied with considerable thunder and lightning, for so late in the season.

Funeral services in memory of Mrs. Catherine Robinson were held at Pound church yesterday. Rev. W. H. Wampler conducted the services. There was a large crowd in attendance. Among those who came from a distance were J. H. Long, superintendent of Schools of Dickenson county, and his wife; Mr. and Mrs. K. P. Robinson, of Praise, Ky.; Miss Alice Robinson, of Clintwood; Mrs. Palmyra Osborn, of Beatrice, Ky.; Mr. and Mrs. Wm. Fleming, of Clintwood.

The Republicans of Lower Pound voting precinct met last Saturday night and organized a McKinley-Walker Club with 25 members.

How Are Your Nerves?
If they are weak and you feel nervous and easily "flusterated," can't sleep, and rise in the morning tired, headache, vomit, blood is weak. Stomach nerves depend upon rich, nourishing blood. Hood's Sarsaparilla makes the nerves strong by enriching and vitalizing the blood. It gives sweet, refreshing sleep and completely cures nervous troubles. Begin taking it today.

An exchange says some go to church to weep, while others go to sleep. Some go to get their wares, others to show their clothes. Some go to hear the preacher, others like the solo singer. Boys go to reconnoiter, girls go because they oughter. Many go for some reflections, precious few to help collections.

A man may in a sense be a good preacher, a good merchant, a good lawyer, or good in other capacity, and yet may not be a good citizen. A good citizen is one who is zealous for the advancement of his community, who will not for any personal reasons or to promote his personal interest stand in the way of the building up of his town. A man who will not aid in any enterprise having this end unless he sees some personal benefit to himself may be sharp, but he is not a good citizen.—Philadelphia Record.
