STEPS ON BLACK CAT'S TAIL

See the Line of Woes This Misadventure Brought to a Black Man.

Danville, Ill.—Stepping on a black cat's tail led to a number of incidents which reached their climax in police court here. William Pitt, colored, was sent to town by his wife for medicine. He was detained by friends.

Having lost heavily in the amusement that followed Pitt went home, very much disgusted, early the next morning after he was sent for the medicine. He slipped on the stairs and started to light a lamp. During this procedure he inadvertently stepped on the tail of the family cat, which responded by attacking him. His wife joined the cat in the attack. In the action which followed Pitt hurled a hatchet at his wife. It missed her and struck the lamp. Before the lamp struck the floor Pitt threw it at his wife. The lamp struck the wall and set fire to some bed-clothing. Mrs. Pitt screamed. Neighbors called the police. Pitt was bound over to the grand jury on a charge of assault. In default of bond he was sent to jail.

DROWNING, "SAVE MY HAT"

Fat Man in Ice Water is Most Concerned About Rescue of Hatpiece.

"Save my hat! Save my hat!" yelled Edward Jansen as he was treading water fringed by ice in the Great South Bay on Patchogue.

Mr. Jansen, who weighs more than two hundred pounds, is sojourning at Ro's hotel. He had never experienced the joy of sailing in a scoter, that amphibious little craft which has the speed of the wind over ice and water alike, until he went scotering in Harry Richter's boat. He was with Mr. Richter and Oscar Fredericks.

The weight of the three was almost six hundred pounds, so that when the scoter flitted up on a section of thin ice it crashed through and sank in the freezing water, leaving the three fat men floating like balloons afloat.

They were rescued.

Mr. Jansen's hat was saved.

Geta Stolen Ring After Seven Years. Terre Haute, Ind.—Mrs. Bruce Coforth has received a diamond ring stolen from her seven years ago. She received it through the Pittsburgh police department.

Looking Far Ahead.

The vivid imagination of childhood is as a fairy charm for magnifying possibilities. A small boy, being directed to empty his bulging pockets, brought forth among other strange treasures a circular piece of rubber. Asked its nature and purpose he made answer: "Well, that's a real good washer. I'm going to start an automobile shop with it some day."

Snakes in United States.

There are 19 varieties of rattlesnakes in the United States, one copperhead, and one water-moccasin. The rattlesnake, of course, can always be told by its rattle. The timber rattlesnake is the commonest. It grows sometimes as long as five feet, but is rarely found over two or three feet in length. It haunts the woods in hilly or mountainous regions, as does the copperhead. Both live on rabbits, squirrels, and other animals which they generally catch at night.

PEST HOUSE? NO!!

The New Orleans Item gives considerable space to one who signs himself, "Armstrong Donaldson." This Donaldson would like to have located in Algiers the pest house. Before arriving at this conclusion in his letter written to The Item, he says something about the protests of the property owners and residents of New Orleans against the establishment of a pest house or isolation hospital in North Rampart street for sixty-five thousand dollars. He says the property is not worth it. He cites the fact that the New Orleans Terminal Company is not paying fitel and other demolishers five hundred dollars to take down buildings that are condemned and not a bit better than this McDonogh School Number 18, which was also condemned by the School Board a few years ago. We quote further from his letter as follows:

"Furthermore, the property holders on North Rampart street, the city, and the railway company have spent thousands of dollars to beautify one of the principal streets. If this pest house is to be given prominence, why not put it on Canal street or St. Charles avenue, where it can be shown as one of the sights of our pest-proof and rat-proof and bubonic plague-proof city.

"From a real estate man's point of view the very best location for this pest house would be in Algiers, free from the noise and tumult of a noisy city. With the balmy breezes from the mighty Mississippi and the gulf in the rear the patients would speedily recover with very little assistance. The city can save in these hard times when most men are near bankrupt, about \$40,000.00 of the taxpayer's money. I am.

"ARMSTRONG DONALDSON."

We are very much obliged (?) to Mr. Armstrong Donaldson for his kind suggestion. We would like to know where Mr. Donaldson gets his information that the "balmy breezes from the mighty Mississippi and the Gulf" would cause the smallpox patients to speedily recover in Algiers? We want to ask Armstrong Donaldson whether he does not think that these same "balmy breezes" on the other side of the river would be just as beneficial to the inmates of the pest house? Algiers is looking for forty thousand dollar structures and we want as many as we can get, but we are not looking for pest houses and if Armstrong Donaldson has any special interest in locating the pest house in Algiers, no doubt the Algiers people would be glad to have him come over and speak from some public platform and give us his views in the matter. We will guarantee Mr. Donaldson a large crowd of listeners who would listen for awhile.

FOTO'S FOLLY THEATRE

"I have confidence in the future of Algiers." This is what Mr. Phillip Foto said when he announced to The Herald that he had completed the plans and had signed a contract for the erection of a big theatre in our district. We are satisfied that this confidence is well placed and that this enterprise will be a paying venture.

It was Mr. Foto who came to Algiers after the failure of three motion picture shows, and made a success. His first building was that of the Market Theatre; he next acquired the Nemo Theatre, now known as the Avenue Theatre; he is also the proprietor of several large motion picture houses in the city and his experience along this line has no doubt directed him wisely in what he is about to do over here. The theatre will be located on the lots now occupied as the children's play grounds and all of our citizens will welcome this big improvement, the erection here on these vacant lots of a large amusement house which will represent an investment of upwards of twenty-five thousand dollars when completed, but before finally closing the act of sale and the contract for the erection of the building, Mr. Foto was particular to arrange for a new location for the children's play grounds. Not only has he gotten a site but he stands ready and will take upon himself the entire expense of removing the paraphernalia from one place to the other. Foto's Folly Theatre will be another asset for our district and we trust that this noteworthy improvement will be the nucleus of other things which we trust will follow to make us more progressive on his side of the river.

Preaching service in Pythian Hall, Sunday, February 28, at 3 P. M. Sunday School every Sunday, at the same time and place.

The Ladies Aid had a very interesting and profitable meeting with Mrs. Leith at 3819 Chestnut St., Monday afternoon at 2:30. The attendance was not as large as usual but all had a good time. At the close a beautiful supper was served by the hostess. The Ladies returned to the ferry for Algiers in the large Jitney.

It is hard for the average man to pass from a season of festivity to that of mourning. As we pass from "Mardi Gras" to the seriousness of "Lent," there is room for reflection. To think of the past unimproved, and delve into the moments of the present to dig out of them the pearls that are hidden, require the sturdiness of character that is second to none. Let the 40 days be well spent and they will make a good impression on the rest of the year.

On Tuesday about 5:20 a. m., the angel of death entered the home of Mr. and Mrs. Benjamin Borne, 2119 Urquart street in the city, and took with him the venerable old man, leaving the companion of the greatest part of his life to mourn his passing. The members entered the hall to appropriate music, and after all had been seated, the choir opened the program with the beautiful hymn, "Lead Kindly Light." This was followed by prayer, then the opening ode, "Rock of Ages" by the choir. After a pause the roll was called, then "Face to Face," organ voluntary, was played by Prof. F. G. Herbert, and at its conclusion C. I. Denechaud, grand knight of Marquette Council, delivered an address on "Our Order and Its Dead."
