### "Neptune's Daughter" Friday.

Tonight and tomorrow nights will be long remembered by the motion picture lovers of Bogalusa as two big treats are in store for them. Tonight Nance O'Neil will be seen in Kreutzer Sonata which is a story of an unfortunate love affair that has been pronounced as one of the best of its kind ever produced. The admission will be 10 and 20c.

Tomorrow night (Friday) Neptune's Daughter will be shown. This is pronounced as the greatest spectacular Pictorial triumph of the year and has been shown only in the leading cities of America to date.

In presenting Annette Kellerman, in the spectacular pictorial production, "Neptune's Daughter." The wondrous beauty of the story, written by Captain Leslie T. Peacocke, the enchanting scenes afforded by the Bermuda Islands with their coral reefs, submarine grottos, semi-tropic verdure and the vast expanse of the wide Atlantic; the company of over 200 actors headed by Miss Kellerman, who, aside from her marvelous aquatic feats, which she has many opportunities to display in this drama, proves that she is also a splendid actress, a graceful dancer, an expert swordswoman and mistress of a hundred arts which contribute to the success of the production; the masterly staging of the drama by Herbert Brenon—all these are factors which help to make "Neptune's Daughter" a production to be watched with delight and never to be forgotten.

"Neptune's Daughter" was produced at a cost of \$50,000 and was three months in preparation. Its success in New York has been sensational. Broadway's most fashionable playhouse, the Globe Theatre, where it enjoyed a phenomenal run, was filled at every performance with entranced audiences whose interest and applause endorsed the general opinion that this is the greatest photo-play ever produced.

Never before have the news papers of New York devoted so much attention to or bestowed as much praise on a film production. Without exception the metropolitan critics pronounced "Neptune's Daughter" the most wonderful photo-drama ever conceived and executed.

## It's Going to Be Easier for You to Buy Good Shoes in Bogalusa

That's one great advantage you will enjoy with the opening of this "Selz Royal Blue" store, for when you buy your next pair, you are going to insist on the Selz standard of shoe making and shoe merchandizing. That's certain. No other standard will satisfy. That means you are going to buy only shoes that are guaranteed to give satisfaction, and the guarantee must be backed with the responsibility of the manufacturer. Any other standard means you are going to take chances with the money you pay for shoes.

The "Selz Royal Blue" method of merchandizing of Shoes is the greatest protection for your pocket book in the world—so far as your shoe money is concerned. Where a "Selz Royal Blue" store is located, people have learned to look upon their prices as standard.

One thing is sure, you can look with suspicion upon shoes that look like Selz models and sell for less. You can likewise honestly believe if you pay more for shoes than asked for those bearing the name Selz, you are paying for something that's not in the shoe. Get these points firmly fixed in your mind when buying shoes and you will understand what we mean by our slogan—

**There'd be but One Shoe if everyone knew—Selz**  
 See our windows and read the guarantee that goes with Selz Shoes.
