

HIGH BOWLING SCORE 210; BOOBY CHAMPION HAS 72

Since the beginning of the bowling tournament at the Y. M. C. two weeks ago, Key Compton has taken the lead with a score of 210, with J. C. Webb second, with a score of 205. As low a score as 72 has been made, but the winner of the booby

record is modest enough to withhold his name.

D. V. Blaney and wife made the trip to New Orleans Tuesday in order to celebrate.

HIGH SCHOOL BEATEN BY MANUAL TRAINING

The High School basketball team took a sound drubbing at the hands of the Manual Training squad in New Orleans last Saturday night. The local boys played in bad form, but their coach was ready with the reason. A stiff game at home Friday night; a dandy party after the game; getting up in time to catch a 6 o'clock train, and an all-day sight-seeing canter over New Orleans Saturday caused the local players to reach the game Saturday night so tired their feet were dragging.

The result was the New Orleans aggregation handed them a lemon to the tune of 16 to 3.

RESTER HERE FOR WEEK

H. E. Rester came over from Poplarville last Monday and is spending the entire week in Bogalusa. His brother has gone to Detroit, Mich., where he is attending a five weeks' school of instruction in Ford mechanism. This school is conducted by the Ford people and not only do they furnish the instruction, but defray all the expenses of students and pay them a salary for attending.

The family of L. T. Lawrence, formerly residents of Bogalusa, but for the past several years living in Covington, have returned to Bogalusa and are now living on Avenue E at 543.

G. HILTON BUTLER HERE SUNDAY WITH CHALK TALKS

G. Hilton Butler, a student for the Baptist ministry in the Bible Institute of New Orleans, spent last Sunday in Bogalusa, appearing before all departments with chalk talks. He spoke before the Sunday School, the 11 o'clock service, the junior B. Y. P. U., the senior B. Y. P. U., and the night congregation. At the night service he conducted the entire devotions.

Mr. Butler is a native of Mississippi and is regarded as a fine preacher, though a very young man.

FRITHS MOVE TO NEW HOME

Mr. and Mrs. E. H. Frith occupied their home on Sycamore avenue on Wednesday of this week. The place has been done over in a most beautiful and artistic manner and heated with electricity. It is now one of the most modern of Bogalusa's many beautiful cottages.

MOVING VERY STYLISH

Bogalusa is becoming the mecca for movers. Forty and fifty families a week are now making for the Magic City, and houses in all parts of the city are at a premium. The men who came in a few weeks ago to work have found Bogalusa a good town in which to live and the consequence is, they are bringing their families here.

PARTY FOR HOLMAN

Last Saturday night at the Y. M. C. A. building the Boy Scouts entertained in honor of the Joan of Arc girls, with their former scoutmaster, John Holman, as the guest of honor. There was a fine crowd of youngsters present and the games were exciting. Refreshments were so plentiful that the hosts even insisted on the girls eating more ice cream, and the boys themselves indulged to the very bottom of the can.

Hearst Powell, who has been appointed chief clerk to Jess Johnson in connection with the office of state prohibition enforcement, has moved his effects to New Orleans and will make that his future home.

"THE NEW MINISTER"

All arrangements are complete for giving the musical farce, entitled "The New Minister." The date fixed is for February 28, and the musical end of the program is well in hand. The actors are now working on the speaking end of the play, and those who hear the rehearsals report that Bogalusa has a treat in store for her citizens.

Frank Kentzel, who has been employed for the last month in the Great Southern Lumber Company office, moved his family from Covington to Bogalusa last week, and is now located at 738 Avenue C.

Miss Estelle Strattman returned last week from New Orleans, where she had been for three weeks visiting

Ford
THE UNIVERSAL CAR

The Ford Coupe, with electric self starting and lighting system, has a big, broad seat deeply upholstered. Sliding plate glass windows so that the breeze can sweep right through the open car. Or in case of a storm, the Coupe becomes a closed car, snug, rain-proof and dust-proof. Has all the Ford economies in operation and maintenance. A car that lasts and serves satisfactorily as long as it lasts. Demountable rims with 3 1/2-inch tires all around. For the doctor and travelling salesman it is the ideal car.
