How to Save Corn and Fodder.

BY using W. H. Maxey's Patent Tether, you can stake a Horse, Mule or Cow in any portion of the plantation, day or night on any grass, oats, or other green vegetation within one yard of the growing crop without the least damage to the same, and with perfect safety to the animal. A boy 10 years old can move it in one minute on fresh grazing ground. In a few days you may stake back on the same ground. It is astonishing how small a piece of ground will keep a horse or cow. The land is enriched by the droppings to an astonishing degree.

Farm rights can be obtained at Bridge & McCranie's, where a model may be seen. Real live agents wanted to canvass this patent.

For terms and particulars, address W. H. MAXEY, Holly Springs, La. February 22, 1882. 20y

JOB WORK SATISFACILY EXECUTED AT this office.

SAVE YOUR FRUIT!

It Can be Done, and Here is the Proof!

OPELIKA, LEE CO., ALA., May 18th, 1882.

TO WHOM IT MAY CONCERN: Mr. W. B. CALLAHAN, of the firm of, and business manager for, Messrs. Tatum Sims & Co., proprietors of the Alta Fruit Preservative, is an honorable, reliable gentleman who would not conduct a fraudulent business. We have known him for years, and he is worthy the confidence of all persons.

P. E. BARNETT, Tax Assessor, J. K. EDWARDS, Judge Probate, O. ALLENBORT, Sheriff, W. C. ROBINSON, Clerk Circuit Court.

The following is from the Opelika Observer, May 18th, 1882: "We have satisfied ourselves by trial, beyond all doubt, that the "Alta Preservative" is all that is claimed for it. We will never advise our readers to patronize a worthless article. Its claims to merit are based on nothing but truth. The proprietors are honorable, reliable gentlemen, and there is nothing fraudulent about their business."

Let the doubting write to the Observer or any of the above gentlemen. ONE DOLLAR'S worth of ingredients used in making the Preservative will save for longer than 12 months 10 BUSHELS of fruit, grapes, green corn, tomatoes, &c., and ten cents' worth of ingredients will permanently prevent sourness, mould and fermentation in 20 gallons of syrups, catnaps, saucers, preserves, &c. Fruits, &c., are not to be cut, peeled, heated or canned by our method, and everything retains its natural taste and quality, just as grown. We warrant our Preparation to give satisfactory results, and we will refund the purchase money if a failure occurs when used as directed. NO TROUBLE WHATEVER TO USE.

We are selling recipes to make our preparation at only ONE DOLLAR, and on receipt of price we will forward our recipe.
