Dr. and Mrs. D. T. Brock of McComb City, are the fond parents of a third girl, born to them last week. Little Miss Dora is fine and healthy and bids fair to bring as much sunshine into the home as each of the other little daughters has done.

Hub Donald, who robbed the Adams harbor shop at Angie last week, was captured and lodged in jail here Saturday.

This is another one of Mississippi's refuse citizens and we sure our sister state will rejoice with us in the capture of both these objectionables. (Garner being the other Mississippian.)

Sheriff Bateman and deputies did another good piece of work Friday when they captured Oliver Ford, the negro who robbed W. E. Ott's store at Mt. Hermon more than a week ago.

Crain & Fortenberry's store also was robbed Sunday night, and while the bloodhounds from Crystal Springs were put on the trail, no arrests have been made as yet. Tais robbery was a "big haul," as a great quantity of goods were stolen.

When it is hard for you to select that Xmas present, and that other party owns an automobile, you will surely reach their heart if you will give them something useful about that car.

Paul E. Greenlaw.
Dealer in Automobiles and Accessories.

Monday morning the body of John McMillan, of Varnado, was found lying face down on a railroad dump near the center of town, having been shot thru the heart and lying dead thru the whole night before the crime was discovered.

The coroner and sheriff were summoned and an inquest held, resulting in the arrest of Mason Magee charged with the murder. The evidence was purely circumstantial as there was no witness to the shooting, but Sheriff Bateman brought Magee to the parish jail on the charge brought by a Justice of the Peace, and the accused it is said will call for a speedy preliminary trial to obtain bond.

Interesting Statistics.

In a recent arithmetic test sent out by the state authorities it was found that of 757 pupils enrolled in those grades in our parish there were 695 who took the tests and of that number 257 made 100 per cent and the average time occupied in doing the work was 6.7 minutes. This is the first test of the kind given the schools and proved a surprise in more ways than one.

Our progressive superintendent hopes that by giving these tests from time to time that greater rapidity as well as accuracy will be obtained in making the ordinary calculations used in every day experiences.

Our Best Wishes For You

With the passing of the old year--with its joys and sorrows, its good and its ill fortunes--we are moved to "strike a balance," and we find that the good has largely predominated. For this we are largely indebted to the support and encouragement of our patrons and friends.

To all who have in any way contributed toward the material or moral support of our business we tender the assurance of grateful hearts.

Trusting that the coming years may hold for you much that is good and as little as possible that is evil, we shall ever remain,

Gratefully yours,

The Boston Store

WM. CARP, Proprietor.
