A Good Thing.

German Syrup is the special prescrip-
tion of Dr. A. Boschee, a celebrated Ger-
man physician, and acknowledged to be
one of the most fortunate discoveries in
medicine. It quickly cures coughs, colds
and all lung troubles of the severest na-
ture, removing, as it does, the cause of
the affection and leaving the parts in a
strong and healthy condition. It is not
an experiment medicine, but has stood
the test of years, giving satisfaction in
every case, which its rapidly increasing
sale every season confirms. Two million
bottles sold annually. Boschee's German
Syrup was introduced in the United
States in 1868, and is now sold in every
town and village in the civilized world.
Three doses will relieve any ordinary
cough. Price 75c. Get Green's Price
Almanac.

Several parties of disciples

of "rod and reel" were out this week,
but, generally, met with poor suc-
cess. Mr. Amadee Leonard reports
catching a large string of perch, on
the rail road near the old water
tank. It is expected that, now the
back-water in the creeks and bayous
is receding, there will soon be fine
sport. Be prepared, therefore, oh
ye people, to hear some "very
large" fishing stories ere long.

Fought For His Life.

"My father and sister both died of con-
sumption," writes J. T. Weatherwax, of
Wyandotte, Mich., "and I was saved
from the same frightful fate only by Dr.
King's New Discovery. An attack of
pneumonia left an obstinate cough and
very severe lung trouble, which an ex-
cellent doctor could not help, but a few
months' use of this wonderful medicine
cured me as well as ever and I gained
much in weight." Infallible for coughs,
colds and all throat and lung trouble.
Trial bottles free. Guaranteed bottles
50c and \$1.00 at all druggists.

Geo. Piettinger spent a day in

Jackson, this week.

W. W. Leake Jr., is again quite

sick. On Tuesday his condition
became so critical as to necessitate
telegraphing for Dr. Jeff D. Bloom
of New Orleans, who came up on
the night train to consult with Dr's
Barrow and Kilbourne, the attend-
ing physicians. By advice of Dr.
Bloom the patient was taken to
New Orleans on Thursday morning,
where he could receive the atten-
tion necessary in case an operation
should be required.

What a splendid type of tireless

activity is the sun as the psalmist
describes it issuing like "a bride
groom from his chamber and de-
lighting like a strong man to run a race."
Every man ought to rise in the morn-
ing refreshed by slumber and re-
newed by rest, eager for the strug-
gle of the day. But how rarely
this is so. Most people rise still
unrefreshed, and dreading the strain
of the day's labors. The cause of this
deficient vitality and behind this
lies a deficient supply of pure, rich
blood, and an inadequate nourish-
ment of the body. There is nothing
that will give a man strength and
energy as will Dr. Pierce's Golden
Medical Discovery. It does this by
increasing the quantity and quality
of the blood supply. This nourishes
the nerves, feeds the brain, builds
up the muscles, and gives that sense of strength and
power which makes the struggle of
life a joy. The "good feeling" which
follows the use of "Golden Medical
Discovery" is not due to stimulation,
as it contains no alcohol, whiskey
or other intoxicant. It does not brace
up the body, but builds it up into
a condition of sound health.

Gen. and Mrs. J. S. Meyer returned

Thursday from Hot Springs,
much pleased with their trip. Mr.
Harrison looked equally pleased to
be relieved of his duties at the

most successfully performed.

ing food she can neither gain nor keep a
good complexion. Food, when digested,
is the base of all health, all strength,

bright, beautiful skin of health. Price
50c and 75c at Kilbourne and Forrester.

Beware of a Cough.

A cough is not a disease but a symptom.
Consumption and bronchitis, which are
the most dangerous and fatal diseases,
have for their first indication a persist-
ent cough, and if properly treated as soon
as this cough appears are easily cured.
Chamberlain's Cough Remedy has proven
wonderfully successful and gained its
wide reputation and extensive sale by its
success in curing the diseases which
cause coughing. If it is not beneficial it
will not cost you a cent. For sale by
Kilbourne and Forrester St. Francisville,
Villaret and Allain Bayou Sara.
