Dan Levy will open for business shortly at the M. C. Levy stand. We wish him success.

Will the parish schools kindly send us accounts of their school closing. Five copies of the issue containing the account will be sent to its writer.

LAWN SUPPER.

The Methodist ladies have decided to give their lawn supper at the courthouse next Tuesday evening, instead of Mrs. Elrie Robinson's lawn as announced previously. Sheriff Clack has given the necessary permission, and in view of possible showers, the ladies deemed it best to make the change. Supper and light refreshments will be served from 5 to 9 p. m. Supper will cost 25c per plate, and ice cream 10c. The grounds will be made attractive with Japanese lanterns. Supper will be served in the building.

There will be a phonograph and other amusements. Mrs. Quinn's Orchestra will also furnish music. The proceeds will be used for church purposes here at home, so that an instant appeal is made to every one to help a cause known to be entirely worthy. Let every one help these devoted ladies to make a signal success of the affair. All who can possibly do so should buy their supper that night from the ladies. Don't forget the date, Tuesday, May 20.

The lady's cook was sick and to this fact Mrs. C. Murphy of Troy plantation owes the life of her trio of English Standard Indian Runner ducks, for which she had paid \$14. The ducks disappeared and were seen by another member of the family, Miss Lelia Ball, in the possession of a darkey, on the Woodville road. She was spending the week-end and did not learn of the loss of the ducks until her return home. She then recalled seeing them. The negro, Jim Baldwin was sent for and he confessed the theft. The ducks were traced to a purchaser in town, any by the happy chance that the latter's cook was sick, the fowls were not served for Sunday dinner. Every one is pleased, except Baldwin, who is in jail. He has been guilty of other thefts, and it was thought a good time to jail him.

A. D. Percy notes a peculiarity in his cotton. The young stem makes a turn as if trying to go back into the ground. It is probably due to stunting from early cold.

Wilhelm truck growers shipped 100 hampers of beans, last Saturday.

The West Feliciana Truck Growers' Association began shipping this week. The station of the Y. & M. V. at Bayou Sara was a busy scene, Thursday morning, when the West Feliciana Truck Growers' Association shipped their first truck, consisting of a mixed car of cabbages and beans, and a car of Irish potatoes. The cabbages were very fine. The beans were brought to the station in cotton-baskets, and there packed. The yield is said to be not so great, but prices are good.

In addition the truckers have sent out 60 hampers of beans by express.

A neat woven wire fence has been put around the cemetery at St. Mary's Episcopal Church in the 8th ward. It improves appearances greatly, and was needed.

Star Hill farmers were busy digging Irish potatoes for shipment this week.

Mrs. H. M. Levy will have considerable repairs put on her residence in Bayou Sara before she moves back.

Go to Storm's ice cream parlor, next door to his store, these hot afternoons. Either home-made or city cream can be had.

The receding waters make it possible to remove the platforms in the stores and streets of lower St. Francisville, and things begin to look "natural" again.

Mr. and Mrs. G. C. Howell returned from New Orleans, Sunday, in the auto they purchased there. Edward Newsham joined them at Baton Rouge. They made the trip via Jackson and very successfully crossed Thompson's creek at that point, a ford most motors are afraid to attempt. Strange to say the passage was not found so difficult as Big Bayou Sara. The stretch of sand at the latter place though not so lengthy is deeper than at Thompson's creek. The car is a 5 passenger, 40 horse-power, 4 cylinder Chalmers. They are much pleased with it. The number of autos is rapidly increasing. Two more are talked of to appear soon.

NOTICE TO TRUCK GROWERS.

This Association will begin shipping potatoes and cabbage on Monday next, either on consignment or will buy them at your railway station. Phone me when ready to ship.

Through a lapse of memory, we forgot to mention one of the most appreciated visits our new linotype has received, and that was from 11 little girls from Woodville, who came down Saturday two weeks ago, to see the water and the machine. Mr. George H. Argue accompanied them to our print shop and they seemed to be clever little girls who could appreciate the wonder of the almost-human type-setting machine. One little girl seeing the tiny flecks of metal on the floor asked what was done with all that silver.

The firm of J. Perlinsky & Son at Canton, Miss., surpasses any Southern house that we know of in the elegance and interestingness of its advertising matter. Advertising men's clothing, last year, they issued a booklet showing male costume through the ages. This year, their booklet pictures the present rulers of the world from Wilson to the president of China. Both books are valuable guides to correct costuming, and we have put them among our reference books. We sincerely thank Arnaud S. Michel for sending them to us.

The St. Francisville high school commencement will be held Tuesday evening, May 27, at Pythian Hall. The cantata, "Princess Chrysanthemum" will be presented by the pupils, Friday night, 23rd inst.

Mrs. W. J. Fort is the hostess of the neighborhood sociable set for this (Saturday) afternoon.

Hail fell smartly at Wakefield, last Sunday.

Wakefield school will have a picnic, probably at Whittaker Springs, for the school closing, May 27.

Messrs. Harry and Jim Daniel were in the Centerville neighborhood, this week, buying cattle.

Through trains were resumed on this branch road of the Y. & M. V. Thursday, the same having been interrupted by the overflowed track for 2 miles below town. The resumption means that this section is again to enjoy two mails from the city a day, and the other conveniences that this implies.

Mr. Willis Daniel shipped a carload of cabbage, beans and potatoes, on Wednesday, and two cars of Irish potatoes on Friday.

Mr. T. H. Daigne of Baton Rouge gave us one of his pretty coca cola calendars, accompanying the gift with such a courtly remark that we should be deemed vain if we repeated it.

The Junior Auxiliary's directress, Miss Oriana Pillet, has put the office building next door to her home at the disposal of the society as a meeting-place, and the young folks have taken interest in fixing it up with fresh curtains, etc. The Auxiliary meets every Wednesday afternoon at 4 o'clock. The members are working for the bazaar which they expect to have early in June.

Fortune Cavlier, a negro living in the 10th ward, was found dead Sunday morning about 184 feet from the rear of his cabin. The local magistrate, R. S. Towles, was authorized by the coroner to hold an inquest, and the verdict, after careful inquiry, was that death was due to heart failure. It was thought suspicious because of blood on his head and feet, but this is said to have come from the injury to the back of the head in falling. Fortune was a very good citizen.

ATTENTION, VETERANS!

There will be a meeting of West Feliciana Camp No. 798, U. C. V., at Memorial Hall, Wednesday, May 21, 1913, at 11 a. m., to elect officers for ensuing year and delegates to General Reunion at Chattanooga May 27-29, and for other business.
By order of
MAJOR S. L. LAVERGNE,
Commandant.
E. NEWMAN, Acting Adjutant.

NOTICE!

After this date, the publishing of clerk's notices opening an administration must be paid for in advance by the party in interest. The reason for this is that frequently administrations are opened and never closed, or are opened and the closing never advertised. Hence, it is difficult to keep on the track of such notices and get them paid.

ANNUAL PICNIC.

I take this occasion, after a conference with the members of the Board of Administrators of the East Louisiana Hospital for the Insane, to announce that the usual spring picnic for the surrounding community will take place this year at the Farm Colony on Wednesday, June 4th, when the public is sincerely invited to be present and bring their well supplied baskets to help us entertain. Upon this occasion, Governor Hall will preside and addresses will be delivered by himself and several other prominent speakers on active topics.
CLARENCE PIERSON, M. D.,
Superintendent.

Mr. H. J. Smith, superintendent-elect of West Feliciana schools, and present principal of the Jackson high school, was expected and probably came over, yesterday afternoon with some of his boy pupils to show the St. Francisville boys some athletic stunts.

The soiree last Friday evening was poorly attended on account of bad weather.

It is pleasant to hear that Ruffin Stirling, third son of Mr. and Mrs. W. L. Stirling, and who is in the railroad employ at Vicksburg has been promoted with a raise of salary.

Dr. A. F. Barrow attends Grand Lodge, Knights of Pythias, which meets in New Orleans, Tuesday and Wednesday next. He represents Bayou Sara Lodge No. 15.

Mr. Zach Richardson of the 5th ward, but for some months a resident of this town, in the last stages of consumption, died rather suddenly after all Saturday morning. The body was taken to the fifth ward and the burial services were held at Concord church. The people in town were particularly kind to him through all his sufferings, as he had religious consolation from the ministers, good medical care, and numberless attentions from others.

5 or 6 doses 666 will break any case of Chills & Fever; and if taken then as a tonic the Fever will not return. Price 25c.

Every flower-grower has some one flower with which he or she is especially successful. With one it is roses, another lilies. Mrs. O. D. Brooks' specialty—although all flowers grow kindly from her hand—is red poppies. This year they are magnificent. At early morning, before she makes lavish clippings for her friends, the garden bed is a mass of quivering, nodding crimson beauties, that even as they are undistilled, spell Lethe to all thoughts but of their exquisite form and color.

Rub-My-Tism will cure you.

The roads in the upper part of the parish are reported very bad indeed. Overseers, August will be here before you realize it.

Life Insurance Good Investment.

A policy holder in the PACIFIC MUTUAL LIFE INSURANCE COMPANY of California took out a policy last year for \$3,000, Annual Dividend, 20 year Payment Life. This year his dividend paid half of the spring quarterly payment, or one-eighth of his premium for the year. How is that for an investment?
