#### ACT NO. 2 Senate Bill No. 1. JOINT RESOLUTION.

Proposing an amendment to the Constitution of the State of Louisiana, authorizing the issue of bonds and pledging the same to the Panama Exposition Company to be levied by joint resolution embodied in Act No. Two (2) of the Acts of the General Assembly of 1910, as well as a further tax in the City of New Orleans, to be levied and collected only after the tax levied under the above resolution has lapsed.  
Section 1. Be it resolved by the General Assembly of the State of Louisiana, convened in its regular session, that two-thirds of all the members elected to each house concurring therein, that an amendment to the Constitution of the State of Louisiana, be submitted to the qualified electors of the State for their approval or rejection, as required by Article 321 of the Constitution of the State of Louisiana, at the congressional election to be held on the Tuesday next following the first Monday of November, 1910, as follows:

In order that the tax authorized to be levied by the Constitutional amendment proposed by Act No. Two (2) of the Acts of the regular session of the General Assembly of the State of Louisiana for the year 1910, may, when ratified by the qualified electors of the State be made immediately available for the purpose of constructing an expenditure to be made by the State for the Panama Canal, the World's Panama Exposition Company be and it is hereby authorized, when and until the Congress of the United States shall designate the City of New Orleans as the location for an exposition commemorating the opening of the Panama Canal, to issue bonds not to exceed in principal Six Million Five Hundred Thousand (\$6,500,000) Dollars, to bear a rate of interest not exceeding four per centum (4 per cent) per annum to be paid semi-annually, to be sold for not less than par and to be due and payable in not longer than fifty (50) years, payable at the Treasury of the State of Louisiana; and in order to secure the payment of said bonds, the tax proposed by the joint resolution embodied in Act No. Two (2) of the Acts of the regular session of the General Assembly of Louisiana for the year 1910, as well as a further tax hereinafter levied exclusively in the City of New Orleans, be and it is hereby authorized, for the payment of said bonds in principal and interest, the said pledge of said tax shall be deemed a valid and binding pledge and contract.

The bonds herein authorized to be issued by the World's Panama Exposition Company shall be registered with the Auditor of the State of Louisiana, and there shall be written or printed on the following each face of said bonds:

"This bond in principal and interest is secured by the levy of a special tax authorized by amendment to the Constitution of the State of Louisiana adopted in 1910," which shall have affixed thereto the signature of the Auditor in his official capacity and bear the impress of the seal of his office. The Auditor of the State shall deliver such bonds when thus certified to the World's Panama Exposition Company, which company is authorized to sell the same for not less than par as above provided, but the price thereof shall be required to pay the price directly to the Treasurer of the State of Louisiana, which funds when paid into the Treasury of the State shall only be paid out for the purpose of securing a site and for the construction, equipment and maintenance of the exposition and shall be disbursed upon the warrant of the World's Panama Exposition Company, and the Auditor of the State, Treasurer and Auditor of the State of Louisiana, or any two of them.

All expenses, commission or brokerage incident to the sale of said bonds shall be paid by the World's Panama Exposition Company out of other funds belonging to said company, and no part of the Six Million Five Hundred Thousand (\$6,500,000) Dollars shall be used for the purpose of securing a site and for the construction, equipment and maintenance of the exposition and shall be disbursed upon the warrant of the World's Panama Exposition Company, and the Auditor of the State, Treasurer and Auditor of the State of Louisiana, or any two of them.

From and after the time the tax herein levied becomes operative, it shall be the duty of the Treasurer immediately after the annual listing and valuation of the property in the City of New Orleans, to fix the rate of tax to be imposed upon said property for that year sufficient to pay the interest on said bonded debt and the fraction of the principal due that year or the fraction of the principal collected for the creation of a sinking fund with which to eventually retire said bonds; provided that no tax exceeding one and one-half (1 1/2) mills shall be assessed and collected for any one year; and provided further, that if said tax of one and one-half (1 1/2) mills should be insufficient to pay the interest and the principal of said bonds at the maturity thereof, then this tax shall continue and be assessed and collected until the entire amount due on said bonds in principal and interest is paid.

#### TINY BABY'S PITIFUL CASE

"Our baby when two months old was suffering with terrible eczema from head to foot, all over her body. The baby looked just like a skinned rabbit. We were unable to put clothes on her. At first it seemed to be a few matted pimples. They would break the skin and peel off leaving the underneath skin red as though it were scalds. Then a few more pimples would appear and spread all over the body, leaving the baby all raw without skin from head to foot. On top of her head there appeared a heavy scab a quarter of an inch thick. It was awful to see so small a baby look as she did. Imagine! The doctor was afraid to put his hands to the child. We tried several doctors' remedies but all failed.

"Then we decided to try Cuticura. By using the Cuticura Ointment we softened the scab and it came off. Under this, where the real matter was, by washing with the Cuticura Soap and applying the Cuticura Ointment, a new skin soon appeared. We also gave baby four drops of the Cuticura Resolvent three times daily. After three days you could see the baby gaining a little skin which would peel off and heal underneath. Now the baby is four months old. She is a fine picture of a fat little baby and all is well. We only used one cake of Cuticura Soap, two boxes of Cuticura Ointment, one and one-half of Cuticura Resolvent. If people would know what Cuticura is there would be less suffering with eczema. #### Shrewd Scheme Stopped Run.

Many years ago, in consequence of a commercial panic, there was a severe run on a bank in South Wales, and the small farmers jostled each other in crowds to draw out their money. Things were rapidly going from bad to worse, when the bank manager, in a fit of desperation, suddenly brought him of an expedient. By his directions a clerk, having heated some sovereigns in a frying-pan, paid them over the counter to an anxious applicant. "Why, they're quite hot!" said the latter as he took them up. "Of course," was the reply; "what else could you expect? They are only just out of the mold. We are coming them by hundreds as fast as we can." "Coming them!" thought the simple agriculturist; "then there is no fear of the money running short!" With this their confidence revived, the panic abated, and the bank was enabled to weather the storm.

Mark Twain's Outline of Editorial Policy He Had Made Up His Mind to Adopt.

Mark Twain took the editorial chair on the Buffalo Express in August, 1869, and this is the paragraph in which he made the readers acquainted with his new responsibility: "I only wish to assure parties having a friendly interest in the prosperity of this journal that I am not going to hurt the paper deliberately and intentionally at any time. I am not going to introduce any startling reform or in any way attempt to make trouble. I am simply going to do my plain, unpretending duty—when I cannot get out of it. I shall work diligently and honestly and faithfully at all times and upon all occasions—when privation and want shall compel me to do so. In writing I shall confine myself to the truth, except when it is attended with inconvenience. I shall witheringly rebuke all forms of crime and misconduct, except when committed by the party inhabiting my own vest. I shall not make use of slang or vulgarity upon any occasion or in any circumstances and shall never use profanity except in discussing house rent and taxes. Indeed, upon second thought, I will not even then, for it is inelegant, un-Christian and degrading. I shall not often meddle with politics, because we have a political editor who is already excellent and only needs a term in the penitentiary to be perfect. I shall not write any poetry unless I conceive a spite against the subscribers."

#### NOT THE TIME FOR THAT

Scotsmen Objected to Mixture of Good Whisky and Religious Conversation.

Owen Seaman, editor of Punch, was the principal guest at a dinner of the London Authors' club recently, which was followed by a discussion on "Humor." Mr. Seaman began with a story deprecating the spoiling of good dinners by any discussion at all.

There were three characters in the story—a bluebottle and two Scotsmen. The story at once struck a note of probability by showing the Scotsmen drinking whisky. The bluebottle buzzed on the pane; otherwise silence reigned.

This was broken by one of the Scotsmen trying to locate the bluebottle with zoological exactitude. Said the Scotsman:

"Sandy, I'm thinking if yon fly is a birdie or a beastie."  
The other replied: "Man, don't spoil good whisky with religious conversation."

#### Red Cross Christmas Seals.

Arrangements for the sale of Red Cross Christmas Seals for 1910 have been announced by the National Association for the Study and Prevention of Tuberculosis and the American Red Cross. "A Million for Tuberculosis" will be the slogan of the 1910 campaign. Two features of the sale this year are unique and will bring considerable capital to the tuberculosis fighters. The American National Red Cross is to issue the stamps as in former years, but this organization will work in close co-operation with the National Association for the Study and Prevention of Tuberculosis, which body will share in the proceeds of the sales. The charge to local associations for the use of the national stamps has been reduced also from 20 per cent. to 12 1/2 per cent, which will mean at least \$50,000 more for tuberculosis work in all parts of the United States. The stamps are to be designated as "Red Cross Seals" this year and are to be placed on the back of letters instead of on the front.
