Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain, —MRS. GEORGE B. HALL, Jackson, Tenn.
