IF YOU HAVE A COLD.

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year-old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefitted him so much that I continued giving it to him until he was cured."

Second Call!

Our appeal issued through the medium of this space last week met with a good response, but there are still a number of members of the Journal family who are in arrears. We can, by the closest economy, issue the Journal at \$1.00 per year, but we cannot afford to spend a percentage of that dollar for its collection, therefore we ask you to look at the yellow label on this paper, or on the wrapper if an out of town subscriber, and if you find you are in arrears, please remit.

Mrs. John Jones 15 dec 17
Plattsburg, Maine

The above facsimile of a label is used as an illustration and shows that the subscription expired December 15, 1917. \$1.00 would pay in advance until December 15, 1918.

The post office department requires all newspaper subscriptions to be paid in advance. Help us to obey the mandate.
