

College Girl Corsets

A Scientific Plan for Figure Development

Flesh, muscle and tissues will "flow" or "set" under guiding pressure or exercise, as every physical director knows. So College Girl corsets comfortably mould the figure into right posture and right lines just as well directed, persistent exercise will do. They bring equal benefits in figure development.

Natural Grace and Beauty

There is a College Girl corset for every woman, in front or back lace style. To every figure they bring the lines of youthfulness—the fashionable silhouette. Their healthful benefits are the greatest value to all women. We have your particular model.

Come In Folks, the Water's Fine.

Tell your friends what two-bits will do when "times is hard"

This week we are mailing a number of SAMPLE COPIES of THE JOURNAL throughout the parish to those who are not already regular subscribers, but whom it has been suggested by a mutual friend, should be. If you are one of those to whom the paper comes as a sample we ask you to look it over carefully, note the volume of local and general news items of interest, reflect on our effort for building up the community spirit, also consider the possibilities for future improvement of the paper along this line, with your co-operation.

We want an increased circulation in your section of the parish, and we believe that the paper merits it. If we could see you personally there is no doubt about our being able to convince you, but unfortunately, under present conditions that is impossible, so we have to try another way of getting acquainted.

Just drop a quarter in an envelope with your name and address plainly written thereon and mail it at our risk. We will mail you the Journal for two months. Those eight issues will be full to the margins with community news, news about folks you know and the community you live in. THE JOURNAL WILL FILL THAT GAP WHICH OTHER PAPERS LEAVE—no matter how many of them you read. Nothing can take the place of real community news, and the JOURNAL is the only paper you can buy which specializes in the news of Jefferson Davis Parish, the country and the people you are interested in.

You'll be glad to find the JOURNAL at home waiting for you every week-end just about the time you want to settle down read a little news about what your friends and neighbors have been doing. It's the kind of paper that fits right into your home and makes you feel more at home in your community.

Don't, by your failure to respond to this offer leave us to believe that you are afraid to risk a quarter on a proposition as good as this. Drop it in the envelope right now and mail to

Ladies' Aid Entertained.

Mesdames E. A. Crowell and Charles Hainebach entertained the Ladies' Aid of the Congregational church at the church parlor last Wednesday afternoon.

The rooms were lovely with great bowls of carnations and clusters of roses.

A short business session was held, and it was decided to divide the Aid into four sections, each section to have a captain. A lively interest was displayed as to which division will earn the most money within a given time.

An informal program was rendered. Among the features were readings by little Misses Dorothy Mae Banknight and Grace Sockrider, songs by Mrs. M. Kellar's class of young ladies, a duet by the Hoag twins, and a beautiful poem which was read by Mrs. Heinen.

The hostesses served fruit salad wafers, olives, small cakes and tea.

Basket Ball Games.

The faculty and basket ball teams of the Elton high school spent the afternoon of George Washington's birthday with the Jennings high school.

Four very interesting games were played. The second girls' team of Jennings and Elton played a game, the score being 16 to 6, in favor of Elton. The score for the girls' first team was 18 to 2, also in Elton's favor.

The Jennings Hi boys won the games, the first team with a score of 37 to 10, the second, 35 to 4.

Chautauqua Lecturer.

On Sunday evening, February 27th, Dr. Jno. G. Wooley will give his chautauqua lecture at the W. C. T. U. Auditorium at 7:30 p. m.

There will be no charge for admission. A collection will be taken for expenses. The topic of the lecture will be, "When God's men and Women rule the World." The public is invited to attend.

Fire Apparatus Inspected.

A number of gentlemen spent the day in Jennings Wednesday, inspecting the city's fire apparatus. They made a thorough inspection of the main business center, and several residence streets, reporting very favorably on the cleanliness and beauty of our town.

All were members of the Conservation and Fire Prevention Association.

James Sowell, Jr., Honored

Little James Sowell, Jr., entertained fifty of his little friends last Saturday in honor of his third birthday.

As the tiny guests arrived each was given a paper cap, with red, white and blue rosette, and after all had assembled a grand parade formed and marched up and down the side walk. Although the little girls in their frilly frock were far from military looking, the boys marching sturdily along seemed miniature George Washingtons.

Games were played, stories were told, and songs were sung by the happy tots.

Then they were invited into the dining room, and exclamations of delight followed at the sight of the lovely birthday cake, with its three tiny, pink, candles. Such a luscious large cake for such a tiny little man, but James, Jr., eagerly pushed forward to blow out the candles, and the three great cakes, with dozens of cones, disappeared as if by magic. In fact, the fairies who ate them, seemed human as to appetites.

The small honoree received many lovely reminders of the day and late in the afternoon fifty little ones reluctantly started home each with a bag of candy to enjoy before bed time.

Mrs. Modish Entertained

Mrs. G. P. Modish entertained at a delightful party Saturday afternoon, in honor of her guest, Miss Lora Hughes, of Oakdale.

The hour was spent very informally, and Miss Hughes, a former Jennings teacher, was glad to greet her many friends.

TRUE CITIZENSHIP

True Citizenship is not all in "Rally Around the Star Spangled Banner" of our country and singing "Hail Columbia."

The spirit of true citizenship is shown by the person who patronizes home industries first, last and all the time, and trades with home merchants.

How can I help? There is one way—spend your money with Welsh concerns; do not let a dollar leave here that will purchase what you want from local merchants.

Does the average person realize what calamity it would be were our merchants to close their doors? It is to them, largely, that we owe the success of our city. What would Welsh be, without her big, loyal and liberal business men?

Show your patriotism by continued loyalty to every enterprise in Welsh. Your money spent with local merchants will help to keep Welsh to the forefront as a commercial center.

Be a true Citizen. Buy in Welsh. The Welsh merchants can serve you.

SMOKERS AS FIRE PREVENTIONISTS.

Secretary Meredith of the Department of Agriculture has proposed to seven of the big tobacco companies something new in the way of an educational campaign. He suggests that printed matter be inserted in every package of tobacco urging smokers to take every precaution to prevent spread of fire from matches or burning tobacco in any form, including cigars and cigarettes.

J. Henry Fisher visited friends and relatives in Opelousas from Monday to Thursday.

WANTED—Clean rags at the Journal office.

PLANT CORN EARLY

There are two more or less distinct planting seasons for standard strains of corn in this section, namely about March 1st and April 5, is very apt to be destroyed by the corn root worm. The first planting season gets the corn out of danger before the root worm makes its appearance; and the second planting period comes after the first generation of root worm has passed into the chrysalis or resting stage.

It behooves us to use only the first planting season as it is impossible to succeed with corn planted later on account of the cane borer.

By planting early not later than the first week of March, or probably the latter part of February, we can raise fairly good corn to maturity before the cane borer effects it to any appreciable degree.

If you are interested in getting seed corn, write or telephone me as I'm getting orders for fifty or more, bushels in order to get it cheaper. Prices good. Calhoun Red Cob Seed Corn in 50 bushel lots, or more, \$2.75 per bushel.
