## ABSOLUTELY **GIVEN AWAY**

Appreciating the business the trading public has given me and believing that at least one of our parish papers and a good agricul-tural paper should be in every home, I now offer a year's subscription to both the Southern Seminel and the Atlanta Constitution absolutely free to each and every person trading the amount of \$25 cash with me. You do not have to trade the full amount at one time. You can keep a statement of each purchase till full amount is purchased. This offer holds good till August 1st. This is no catch penny, but a strictly business proposition.

Yours for business, J. HARPER

How to Reach

the Public

ture in Hart-Conn. on "The Mak-

ing of a Newspaper," Charles Hopkins Clark of the Courant

"How are you going to get at the public? Mail them circuand the wastebaskets in 10,000 homes give each a weary yawn, and the circular disappears unread. Call upon the people and explain the merits of your wares? The sign 'Our Busy Day' hangs in business offices; in private houses you must ring the bell. Oftener you are turned away.

"But put a cleverly worded advertisement of these wares in a newspaper that has an established circulation in the city's home and business houses and see what happens. You couldn't get in there yourself, but your advertisement is there on the breakfast table, in the library, in the parlor, in the sewing room, and when everybedy is inquiring for the paper which can't be found it is very likely doing duty on the quiet in the kitchen.

"It is all over the house and wanted there. You are not. And, similarly, at the office it is read and reread, and part of the use of "This Is Our Busy Day" sign is to get a chance to read the papers. And it is interest-ing to note the advertisement has another than a commercial use. It is printed for business purposes pure and simple, but it is often read as news."

This paper goes into the offices and homes of the people not as an intruder, but as a welcome visitor. it will take your aunounce-ment's much cheaper than you can send them to any away after a glance
