

PAINT FACTS

Durability is the True Economy of Paint

Zinc makes paint durable.
Zinc is tough and elastic.
Zinc will not chalk; lead will.
Zinc is not poisonous; lead is.
Zinc is much whiter than lead.
Zinc absorbs 50 per cent more oil than lead.
Zinc covers one third more surface than lead.
Go to the south and west side of any building painted just two years with pure white lead and oil and you can rub the "paint" off on your hand like whitewash.

Richter's Durable Paint is over a Fourth Lead, but over One-Half Zinc

Ready mixed paint is half paint and half oil. Don't pay paint prices for stale oil in a can. Richter's Durable is nine-tenths paint and one-tenth oil. One gallon Richter's makes two gallons mixed paint. United States Government specifications upon request.

Cycling and Cigarettes.

Mr. G. B. Spangler, who completed his long cycle ride from Johannesburg to Cape Town at 7:30 last evening, has, in addition to advertising the virtues of Flag and Three Castles cigarettes, accomplished a capital performance. Spangler, who rode a chainless Columbia cycle, left Johannesburg on Monday, November 14, and traveled via Klerksdorp, Fourteen Streams and Kimberley. He found the roads in very fair condition, but does not speak well of the Karoo, where water is very scarce and dust more than plentiful. Two days' rain churned the roads between Wolmaranstad and Bloemhof into liquid mud, but beyond this the weather was excellent. He only travelled one night, after having laid up a day at Prince Albert Road, and was attacked by a festive tramp near Matjestontein, who put a stone through his front wheel, but decamped rapidly when a revolver shot showed that Spangler was able to look after himself. Spangler claims the record, and has all his papers signed, but we remember both Jooste and De Wet, just prior to the war, came through in very quick time. The performance, however, is an excellent one, more especially when one considers that he combined business with pleasure.—Cape Town Argus.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It is generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c at all druggists'.

Mule Stolen from West Monroe

One black horse mule, about 16 hands high, weighs between 1,000 and 1,100 pounds. Scar on the point of left shoulder made from collar, and collar marks. Good saddler, fox trots, home raised mule and no brands. Saddle was a \$25 Padgett make; has a little red paint on the housing behind the tree. Was stolen by a white man about 5 ft 6 inches in height, weighs 140 pounds, dark complexion, smooth shaved, wearing black suit of clothes and black felt hat, was last seen near Ruston. Twenty-five dollars will be paid for the mule and man or the mule.

Would Keep Him Busy.

The Iron Mountain Railroad Company has been fined \$10,000 by an Arkansas judge for issuing passes to members of the Arkansas legislature. There is a law in Louisiana against the use of free passes by members of the legislature, and while it is well known that no regard is paid to this law by many of our law makers, we have never heard of any prosecutions in Louisiana. A Jos. W. Folk of Missouri, or a Heney of San Francisco, would find plenty to keep him busy in Louisiana.—Monroe Star.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by all druggists. 25c.

Ocean Travel.

"Within a few years," says William G. Fitzgerald, in Technical Magazine for October, "the crossing of the Atlantic, with its 3,000 miles of stormy sea, will be a mere pleasure excursion of thirty hours in length. The marvelous boat invented by Peter Hewitt, which is supported by planes which glide or swim through the water, is expected to cut down the length of the trip to Europe to a day and a quarter, at the same time doing away with most of the danger of an ocean voyage.

Strengthen the tired kidneys and purify the liver and bowels with a few doses of Prickly Ash Bitters. It is an admirable kidney tonic. Smith-Grisham Drug Co., special agents.
