BABY'S NEEDS

T. J. Labbe, Druggist.

are best supplied at our store. We have a full line of all it may require in health or illness. Everything here is fresh, pure and of most meritorious kind. The stock includes all the leading proprietary remedies, patent medicines, druggist's sundries, perfumery, toilet articles, etc., at prices always lower than the lowest charged elsewhere. Special attention given to prescriptions.

The Republican meeting will be held at the Court House to-morrow, and all those who want to hear that side of the campaign should attend the meeting. All the Republican orators are fine gentlemen, and none who will attend their meeting will regret it, because they will hear good speaking even if they hear them scratch the hide of the "great" Blanchard.

The Executive Committee of the Water Works have placed a large number of electric lamps this week and have orders for quite a number yet, all those who want light will do well to give their orders at once, if they want their light soon because the first orders filed will be the first served, and because in some cases special material have to be ordered. The committee is determined to supply all with electric light, and in order that the lines be erected in the proper places all orders will have to be in before the Committee determines where to extend the lines. Parties who have wood for sale, will address to Mr. Ewin Delahoussaye, Jr., giving quality of their wood, length cut and price. The plant need several hundred cords of wood.

ELECTRIC LIGHT.

All persons who want electric light at their residences and places of business, can file their applications for same at once with the Secretary. All necessary material for the extension of the plant will be ordered within the next few days, therefore, those who want light, should give orders at once.

Those wanting water should also file their applications without delay.

Edwin Delahoussaye,
Secretary.

Hundred of dollars are sent away from here each month to mail order houses, which advertise their goods for sale. Two or three of our big merchants here have the same things at about the same price, but as they fail or refuse to advertise any bargains in the newspapers, few people know it. The purchasing public in fact, who is the housewife, has not the time to parade over town, peeping into show windows and prying around hunting for bargains. Her household keeps her at home. She must depend upon the newspapers for the necessary information. Men are not buyers of the things a merchant might have for sale. His purchases consist of an occasional handkerchief, a stray cravat, cigars, tangle-foot and poker-chips, neither of which is a commodity. If our merchants are going to continue sitting around around while Montgomery Ward and the Maison Blanche are drawing in the best trade, they will still be sitting at the finish.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at T. J. Labbe drug store.

The only place to buy cheap is where you can get Coal Oil at fifteen cents per gallon, go to that cheap store where they sell everything in proportion, Durand, Burdin & Co.

L. C. DUCHAMP, ST. MARTINVILLE, LA.

Agent for the "Celebrated American Ready Mixed Paints" for the past 6 years, known to all in town, why should property holders buy other Paints to experiment when they know American and those who have used it, our Paint is Manufactured in the South for our climate, there is no other Paint that has stood the test in this climate and no other Factory has made a special Paint for the South, any Paint lasts in the North. Do not let merchant argue about weight, the more weight the cheaper the ingredients, buy cheap lead and cheap zinc the Factory makes their profits on the Baryts which is a cheap stone to make weight, our Paint is strictly pure and landed the largest Government Contract after test with 60 other Factories, the contract for 60,000 gallons or 30 cars the largest contract ever let. Our Paint covers most and is subject to test our guarantee on every can is the strength. Call on us for prices and consult property holders who have used it. AMERICAN PAINT WORKS, New Orleans, La.
