were requested to draw up a call ask- place. ing the co-operation of every orange grower in the state and their pres- Candler has been completed. ence on the occasion, and that the Picking and packing oranges seem

The following committee was apwork to be considered and acted on anges there. February 6th, consisting of General and Judge Bullock, Major Rooks, F. visiting relatives here. C. Buffum and Myron Gillett.

Our readers will please take notice that not only the orange growers of the county and state are cordially invited to be present on February 6th, have found just such a friend in Dr. but all persons interested in that and King's New Discovery for consump kindred pursuits. We trust that the tion, Coughs, and colds.- If you have attendance will be large, for informa- never used this Great Cough Medition not generally disseminated and cine, one trial will convince you that facts not thoroughly understood by it has wonderful curative powers in our people will be given a thorough all diseases of Throat, chest and

CALL FOR A CONVENTION.

Florida, held in Ocala, January 23, and \$1.00. 1894, when the present depressed, distressed and threatened situation of the convention of the lemon and orange the shekles for state taxes. growers of the state, which is hereby done, to meet in Ocala, February 6th,

Distinguished talent will meet with us and we earnestly appeal to the growers of the state to give us their presence, sympathy and co-operation, and meet with us. ROBERT BULLOCK,

M. E. GILLETT, Secretary.

The following petition is being sent

protective tariff for their fruit. There been strewn with soft phosphate. dustry nearly \$30,000,000, and now but at a cost unheard of, only thirteen produce from three to five million cents a running foot. boxes of fruit annually. Our fruit be-Thus with Florida and California or- work, which is now being so successauges, the market of the United fully carried out. States can be fully supplied the year round. In cultivating more than 40,s00 acres of orange and lemon trees, force, paying for ordinary labor, \$1. day, while our Mediterranean com- and every case if taken in time, and voice from the effects of the disease, I It costs us to produce, gather, pack and freight a box of osanges to New can pay the present duty and lay many troublesom after results of this great difference in the cost of labor, we are undersold in our own market.

In our effort to dispose of our product, we frequently find our markets very much demoralized through the heavy importation of foreign fruit, and in consequence we are obliged to market our fruit at a loss. With the heavy increased production which must come from an extensive planting of trees, both oranges and lemons, in Florida, California, New Mexico and Arizona, we can fully supply our own home market, and we believe that it should be preserved to us by placing upon all foreign oranges and mons a duty of \$1 per box.

We therefore pray your honorable ing matter. body to give us such provisions in the pending tariff bill as will enable us to overcome the difference in the values of labor between the old country and the new, and preserve our industry

The extraordinary low price of oranges this season has caused a number 356 ft. on high ground. To parties of our leading orange growers and those interested in the orange business to study the gravity of the situadirection of lots. For information ap fowls, 25 head of hogs, 14 head of catto the conclusion, irrespective of politics, that the orange industry, being different in many particulars from any other industry in this or other Meats, Salt and Fresh Fish of all Kinds Fla. states of the Union, must have support and help from the low priced and and in most instances causes the low prices received for domestic fruit. Blaine s Handy Manual of Useful Information.

There has just been published in Chicago a most valuable book with requested to be present in person or by the above title, compiled by Prof. proxy. Wm. H. Blaine, of Lancaster University. Its 500 pages are full of just what its name implies-useful information-and we fully advise all our readers to send for a copy of it. It is a compendium of things worth knowing, things difficult to remember, and tables of reference of great value to been our good fortune to possess in such compact shape. Our wonder is how it can be published at so low a price as is asked for it. It is handsomely bound in flexible cloth covers. and will be sent to any address, postpaid, on receipt of 25 cents in postage stamps, by the publishers.
