

THE OCALA BANNER

The paper "Of the People, for the People and by the People."

VOL. XXXVI, NO. 3.

OCALA, FLORIDA, FRIDAY, AUGUST 1, 1895.

DOLLAR A YEAR.

NOTE: THIS PAPER WILL NOT
PAWN AT THE FEET OF THE MAN WHO
HAS SILENTLY AND WITHOUT MERIT
REACHED THE TOP OF THE HILL; NOR
WILL IT CLOWN TO THE MAN WHO IS GOING
DOWN.

SARA ELIZABETH HARRIS, Local Editor.

DeLand's Leader Company has
published its slogan in this country.

DeLand is at East Lake, where
he spent his week recuperating.

Mrs. G. L. Hartwell, of DeLand, is
the aunt of her sister Mrs. S. E.
Hartwell.

Richard Williams, of Melrose, is
the son of his wife, Mrs. S. E.
Hartwell.

Mr. Sam F. Stump and ex-Major
A. W. Woodward are candidates for
mayor of Atlanta.

Mr. Hartwell is now recovering
from his winter trip, Jacksonville,
Melrose, Atlanta.

With the last I will well-preserved
Ocala team, G. W. Biggs, Ocala,
12-13.

During his long vacation he put
himself to the primary plan in
developing the education system.

James Dodge Carter and Violet
Dodge will manage at Hastings the
beginning of this week.

General Miller of Orlando will be
in Ocala for inspection of the next
stage. He is well equipped for the
work.

The Ocala School Board of 165
is to be elected—no interesting stories
for Sunday Illustration and
Sport.

Capital-gains, stocks and bonds are
now being made by using Robert's
and Borden's, New York, Money Lau-
ches. They are
done.

Wadsworth has returned from an
excursion, but is now working on
the Bell Street in favor of
education by primary education.

The new library, our little
DeLand Library, DeLand, where
the old standards and relatives—
DeLand, High Springs Herald.

The Ocala Athlete, of Ocala, is
going about and relatives in the
city. She will remain a few years
in Ocala, Fla., where she will visit
friends—Death City Index.

Dr. James Raynor, who is in the
Jackson county hospital and recently
had a successful operation, is doing
well and making very splendid
progress.

Now that the rainy season is ap-
proaching, get a mosquito of Arkansas
and River Ticks and ward
off mosquitoes and guaranteed
health & life.

Mr. Howard says that the finest
angler's outfit money is now in
the lakes here and the fish are
not damaged. In a few hours, the
fisherman may note more than a
dozen.

Some good news as that one
of our young boys is now in
the clutches of the police, and the fish are
not damaged. In a few hours, the
fisherman may note more than a
dozen.

Mr. W. M. Davis, an extensive timber
and lumber firm in this state and
throughout the country, where he will
have at the ends of his
timber—DeLand.

Today and also after a two
weeks' vacation in their car, Rev. E. F.
Carter and Mrs. Carter made a short visit
to another son before returning to
their home in Melrose.—Fernan-
dina Times.

My wife, of Ocala, certainly won
over to her side, Mr. Carter, the present
state's attorney. As little as you
think it, he made the case of the cam-
paign and caused great surprise among
the old time democrats—DeLand
Times-Herald.

CLIMBING UPWARDS.

The Ocala Daily Banner has been
quite successful since its establish-
ment in January last.

Through the liberal patronage it is
receiving it pays its employees
every Saturday afternoon in bank
checks, and has established an excel-
lent credit with the paper mills and
printers' supply houses with which it
deals.

It already numbers thirteen names
on its pay roll and hopes to double
that number during the winter season.

Its industrial editions are one of its
principal features and it expects to
cover the state along those lines.

It has added to its plant a new job
press, new type, steaming and other
machines, and its job department is
never idle.

The Banner turns its head to the
people of Ocala and elsewhere for the
generous support given it.

Preparing for the Bond Election.

The regular meeting of the city
council was held Tuesday night and its
time was entirely occupied in revising
the organization bill and making other

proposals for the bond election,
which has been called for the first
Tuesday in September.

It will be one of the most important
elections held in this city in many
years and we hope it will arrest the
thoughtful attention of every voter.

Baseball at Palatka.

The game played in Palatka Tues-
day morning by the Ocalas and De-
Land teams resulted in favor of Ocala,
the score being 4 to 1.

Clark and Ford were the battery for
Ocala.

The game in the afternoon between
the Oak Hills and Palatka resulted in
favor of the former by a score of
6 to 0.

Cured Paralysis.

W. S. Baily, P. O. Box, Texas
writes: "My wife had been suffering
five years with paralysis in her arm,
when I was persuaded to use Bald-
win's Snow Liniment, which cured
her all right. I have also used it for
old sores, frost bites, and skin eruptions.
It does the work." 25c, 50c and
\$1.00 bottle at Anti-Monopoly Drug
Store.

No More Watermelons.

The board of health of this city has
issued an order that watermelons
must cease to be sold in Ocala after
August 1st. Those who are fond of this
fruit had better buy in a supply
now.

Mr. and Mrs. J. B. Sutton reached
Ocala over the Seaboard Air Line
Tuesday. Mr. Sutton, through the
instrumentality of his wife, was re-
leased from Homerville, Ga., on bond.

It seems that while in a demented
condition, he appropriated a horse,
thinking that it was his own, for
which he was arrested and incarcerated.

Mr. Sutton has the sympathy
of the people of this community who
have known him for a long time, and
no one believes that he would have
thought of committing an act of this
kind had he been in his right mind.

Seiko Hotta, of Tokio, Japan, was
registered at the Love House last Friday.
Mr. Hotta is a special agent of
the Japanese government who is visiting
this country to study the great
tobacco growing industry in America.
He made a number of trips through
the plantations of Gadsden county,

which doubtless are the most scien-
tifically cultivated tobacco fields in
the world, and he expressed himself
as being greatly pleased with what he
saw.—Quincy Herald.

Reverend C. B. Wilmer, of Atlanta,
formerly of this city, recently
preached a sermon on "Society,"
using that term in its restricted sense.
The able divine, among other things,
said: "Two things are to be said about
this. In the first place, wholesale de-
nunciation of a class never did any
good. That is not the way to reform
people. In the second place it does
no good, only harm to talk of one
class of people about the sins of an-
other class."

BASEBALL NOTES.

The Tampa baseball club is con-
templating making a trip through
the state at an early date to cross bats
with some of the strongest nines in
Florida. The team has been greatly
strengthened within the past few
weeks, making it now one which will
hold up Tampa's reputation in great
style.

They will start out within a short
time and will first cross bats with
Ocala, then Gainesville, Jacksonville,
etc., and it is expected that they will
make a showing of which they and
the city of Tampa may feel proud.—
Tampa Times.

For some good reason the games
between the Tampa and Ocala teams
have been cancelled, but probably ar-
rangements for those games will be
made later in the season.

The Ocala baseball team will go to
Palatka this morning on the excursion
and will play bats with the D. Land
team at the playgrounds this noon.

Our boys are off to a start of success,
in which confidence is full of Ocala John.

Quite a number of Ocalans will go
up with the ball team.

This afternoon, on the Palatka
diamond, Gainesville and Palatka will
be pitted against each other. The
Oak Hills have strengthened their
team to have also the Palatkas and
it is expected that the game this
afternoon will be one of the hardest
fought contests which has taken place
on the Florida diamond this season.

Both teams are confident of success.
Gainesville will send up about five
hundred on the excursion so that the
Oak Hills will have their share of
spectators.

There is a probability that Jacksonville
and Ocala will have a game on
the Ocala diamond next week. Positive arrangements for said game have
not yet been completed, however.

Our boys had a splendid practice on
the diamond yesterday afternoon.
This was the first afternoon that the
boys have had a chance to practice in
several days on account of the rains.
Mr. Walter Engleby, the new player,
did some very pretty work, as did in
fact, all of the boys, and they feel
some success in the game with De-
Land today.

The Ocala Juniors are expecting the
Leesburg Juniors to arrive this morning
on the excursion train and if they
come there will be an interesting ball
game on the Ocala diamond this after-
noon at 4 o'clock.

Seabreeze as a Summer Resort.

This paper desires to call special at-
tention to the accommodations for
families and large parties visiting the
sea coast offered by the Seaside Inn at
Seabreeze. This hotel offers excep-
tionally low rates for same. It has a
large number of family rooms and
separate apartments. It has nice
music and hops several times a week,
and the fishing and bathing are ex-
ceptionally fine.

At Rymen's Altar.

At the residence of Mr. and Mrs.
Booher, a few miles south of Ocala,
Mrs. Laura Gaines and Mr. J. S.
Gaines, of Dunnellon, were married
Monday at 11 o'clock, Rev. Howard
Dunnill, of this city, officiating.

The happy couple left on the 1:30
o'clock train for Dunnellon, the home
of the groom, amid a shower of rice
and old shoes.

The Ocala Daily Banner recently
issued a special trade edition de-
scribing in detail the advantages of
White Springs, Fla. Editor Frank
Harris is to be complimented on the
work, for it is well done.—DeLand
