Anyone passing Hedderich Bros. & Co.'s store cannot fail to stop and admire the beautifully trimmed windows of the dry goods department of that establishment. The credit for this unique and artistic display is due to Mr. E. Markell, one of the genial clerks of that establishment.

FOR RENT—Dwelling house 18x50, 4 rooms and wood shed on Cates ave. near Methodist Church. \$7.00 per month. COPELAND & OVERSON.

Gov. White has designated Friday May 10th as Arbor Day. Arbor day is a day that should be made much of in any locality, but especially in a new country like this. What easterners miss more than any other one thing is trees. True we have many trees along the river bottoms and in coulees, but in the city they are conspicuously absent. Trees can be easily and cheaply procured and with a little care after transplanting the beauty of our city as well as the material value of property, would be greatly increased. If every young person in Williston would plant a couple of trees and care for them for a few months, watering them when necessary, they would be doing much to enhance the beauty of our city, and in time would have interesting stories to tell to the future generations which would rise up to call them blessed.

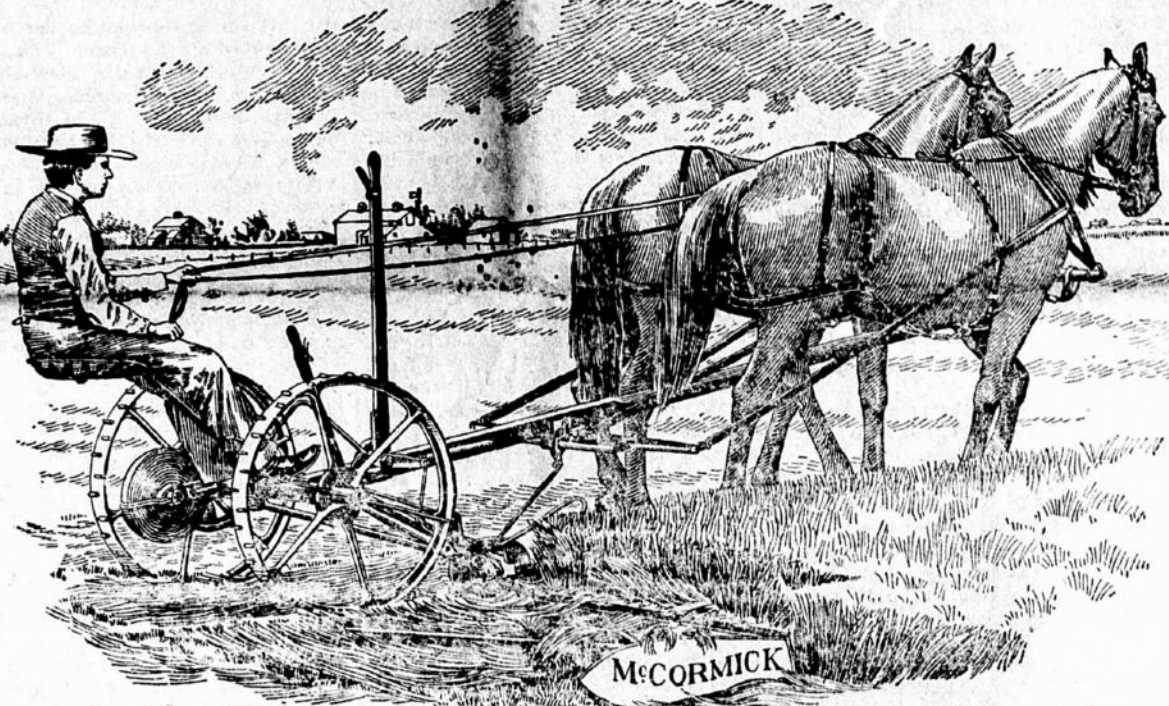

TAKEN UP—By the subscriber, on or about April 18, 1901, at his ranch in section 10, Township 154, range 101, one grey horse weight about 1200 lbs. branded EG on left thigh. Owner is requested to prove property, pay charges and take him away.

THE NEW FERRY-BOAT.

A letter received the other day by W. H. Denny from the party with whom he has been corresponding in regard to the ferry-boat to be put in at this place, informs him that the boat will start for Williston about the first of May, and will be here about the 15th, if nothing unusual happens. Mr. Denny has taken a deep interest in this ferry matter, and is certainly entitled to great credit for advancing the project to a point of certainty, and it now behooves other business men to lend a helping hand and see that the bonus which Mr. Denny has promised the owner of the boat is promptly raised and the promise faithfully fulfilled.

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. Asthma, Bronchitis, La Grippe and all Throat, Chest and Lung diseases are surely cured by it. Call on Williston Pharmacy, and get a free trial bottle. Regular size 50c and \$1.00. "SAND HARBOR."

The next play to be rendered at the Opera House will be the great pastoral drama "Sand Harbor". This is the play that is having such a tremendous run now in the large eastern cities, and was announced here after the play of "A Runaway Wife" but arrangements could not be made at that time, but now all arrangements have been made for the proper rendition of the play and Mr. Magrane is in active operation perfecting the details of the great drama, which he promises will not be postponed this time, but he will go ahead and put it on, having plenty of time to do so. The date at this writing has not been definitely set, but it is safe to announce it will be on Friday, May 3rd, 1901. The cast will be carefully selected, and the rehearsals will be plentiful, so as not to rush the matter and tire the people who will take the roles. Every character in the play are very strong, and will require some study and hard work to bring out the acting. Mr. Magrane will be seen in the very difficult role of Hank Osgood, a heavy character part, and a chance to test his histrionic ability. The other parts in the play especially those of Dora the daughter, and Bella, the quadroon, are extraordinary very heavy roles. The characters of Murdoch Waldron and Kirk Brandon are far above the average stage characters, and the parts of Jed Grafton the typical Atlantic coast fisherman, is one that appeals to the hearts of Main folk lovers of simplicity. The other characters, too many to enumerate, are exceptionally strong, and the play is one that will bring credit to all those participating in the cast, and a strong object lesson to the audience. The prices for this engagement will remain the same, reserved seats will be 50 cents, general admission 35 cents and children 25 cents. Watch for further particulars and personnel of cast.

Settled at Last.

The matter in dispute between the Great Northern Railway Company and Mrs. E. LeDosquet, in regard to the ground occupied by the Great Northern roundhouse and other buildings, has at last been brought to a satisfactory termination. Mrs. LeDosquet having granted the company an easement on a portion of the ground, and sold to the company about eleven acres of land already occupied by railroad improvements. The company is also granted the privilege of rapping the Missouri along the land owned by Mrs. LeDosquet for purposes of protecting the same. The settlement of this dispute is a matter of great interest to the public as well as to the company, and we are glad that the difficulties have been so amicably arranged.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years. The fact that the boat will be run up the Missouri from South Dakota, is sufficient guaranty of its ability to perform all work that may be required of it.
