Henry Steinberg, Reuben Bronus and Mr. and Mrs. Vernon DeVore of Donnybrook were in the city the first

W. A. W. Culbertson, who has spent the summer looking after his farming interests at Surrey, departed for Fresno, Calif., Wednesday where he has interests. Mrs. Culbertson will follow later.

Joe Bellanger, Soo agent, received a message from his brother in Montreal Monday informing him that his father, aged 82 years, residing at Lorignal, Ontario, had undergone an operation for appendicitis the day before and his condition was serious. Mr. Bel-langer left at once for the bedside of

Now Is The Time to Buy a **New Modern House**

With common lumber bringing \$56.00 a thousand in Minot and with paint, glass, plumbing material and everything else going into the construction of a house more than double what it was a few years ago, the construction of new houses in Minot for investment purposes is practically probabilities.

Every desirable house in the city, practically, is occupied, and hundreds of people have stored their furniture because they cannot get a place to live in. There are no new buildings going up and will not, until owners get accustomed to the high prices of BUILDING MATERIAL which have come to stay.

With any kind of a fair crop next year, there will not be half enough modern houses in Minot (some say there are not half enough now). This means that the average six-room modern house a year from today will be selling for from \$700 to \$1200 more than you can buy it for today, and even at that there will not be half enough to go around. There are hundreds of new business men coming to Minot every year, traveling salesmen, merchants, and professional people. The flats and houses are full; where are they going to live? These people will be in the market to buy houses. Why don't you buy yours before this big demand starts? Now is the time.

I have several new modern houses that were built when material was 40 percent less than it is now, and I am going to give those who wish houses the benefit of the old prices, as long as the houses last. Here are some of the BARGAINS:

\$4500.00—Eight room, fully modern house, consisting of living room, sun parlor, library, dining room, colonnade bookcases, kitchen and breakfast room downstairs and three bed-rooms and a tiled bath, upstairs. Full basement, cement floors, cistern, furnace heat, fully modern throughout, electric light fixtures, storm windows, screens, nice lot with garage accommodating two cars. This property could not be duplicated today for \$6500. Buy at \$4500 and save two thousand dol.ars. This is what the tenant, who just vacated this house and left the city says about this house:

"To whom it may concern. I have lived in Mr. Smart's eight."

"To whom it may concern: I have lived in Mr. Smart's eight room house, and wish to say that it is the warmest house that I have ever lived in; furthermore that it is one of the best built houses that I have even seen. I consider it as nearly a perfect house as is found in the country. I heartly recommend this house to anyone who wishes to buy of rent
"Name given on request"

\$4750.00—Eight room house of the same general description as the above only located on a corner lot on the south hill. The lot alone is worth \$1.000.

\$1,000.

\$2750.00—Six room medern house, consisting of a living room, dining room, library or bed room, kitchen, breakfast room downstairs and two bed rooms and a tiled bath besides plenty of closets upstairs. Finest hardwood floor, Electric light fixtures. Best interior finish. Full basement, cistern, House fully modern, fine lot 50x140, cement sidewalks. This house could not be built today for \$5.000, and the lot is worth \$600.

Why pay any more cent, which is high now, and is bound to be higher. Own your own home and let the dream of your life come true. Pick out a coxy little bungalow and tell your sweetheart that you have made the one investment that will bring the greatest joy and comfort as the years roll on. Then in the spring plant a few flowers and a hedge and start your lawn and your garden. Make your home the nucleus of a life of love and service with all its ballowed meaning and tender memories, and when the shadows begin to fall and you like back through the vista of the years, you will have the joy and peace of knawing that you did for your loved ones, your helpmeet and those little fairtes in your home, the best that was in your power—YOU GAVE THEM THE GREATEST THING THAT ANY MAN CAN GIVE HIS LOVED ONES—A HOME IN WHICH LOVE REIGNS SUPREME.

NR Tonight - Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, Instead of prodding your liver with dangerous calomed and lashing your bowels with strong, irritating purraitives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnaw, ing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leave, the dull, "dopey," want-to-crawidown-a-hole feeling disappears, energy.

The instrument specially made to play Victor and Victrola Records

"What artists make records for it?" That indicates the quality of a talking-machine as a musical · instrument — upon that depends the pleasure you will get from it.

The Victrola brings to you the greatest artists of all the world -and they make records for the Victor Company exclusively be-cause they are convinced that only Victor Records do full justice to their art; that only the Victrola brings that art into your home in all its beauty.

Such fidelity of tone is possible only because Victor Records and the Victrola are scientifically coordinated and syn-

chronized in the processes of manufacture. They should be used together to secure a perfect reproduction. That is the way for you to hear in your own home the superb interpretations of the greatest artists exactly as they themselves heard and approved their own work.
