Big Livestock Sale in June
At a meeting of the board of directors of the Mouse River Loop Pure Bred Livestock Association, the 3rd and 4th of June was set as a date to hold in Minot, N. D., one of the biggest Livestock Shows and sales to be held in the state this year.

All classes of Pure Bred Livestock will be sold and it is expected that 200 head of livestock will go through the show and sale ring.

The directors met in the Leland hotel, and a number of important subjects relating to the development of the livestock industry were discussed and details were arranged for the coming sale.

A sales committee, consisting of Henry Finke, president; E. S. Person, Martin Apland and Norbert D. Gorman were appointed and a number of resolutions were adopted in regard to an extensive advertising campaign and the consignment of the highest class of pure bred livestock.

An outstanding feature of the meeting was the determination of all the directors to extend every effort in making this sale the most successful held in the state this year. They were also determined that nothing should go thru the ring but the highest class of pure bred livestock which will assure any buyer that if he buys at the sale on June 3rd and 4th, he will get nothing but animals of the best quality.

The following directors attended the meeting: Henry Finke, President, Berthold; Martin Apland, 1st vice president, Bergen; Duncan Beaton, second vice president, Bottineau; Jim Uglund, 3rd vice president, Bow; N. D. Gorman, secretary-treasurer, Minot; J. E. Bass, Greene, N. D.; Peter Olson, Barton, N. D.; H. H. Phillips, Harvey; Fred Rodeske, Wildrose, N. D.; T. S. Stockdale, Makoti; and E. S. Person, Minot.

Build Now to Avoid the High Cost of Delay

Many farsighted owners, after analyzing conditions, are building now. They are modernizing their factories to meet growing competition; they are enlarging their plants to gain the profits of increased business already in sight; they are building homes because homes are scarce.

ATTENTION! Hood Tires - - Hood Tires

Before you buy your tires, we like to call your attention to a few facts regarding tires:

The HOOD TIRES are made from a higher grade of cotton fabric than the so-called standard tires, contains more plies, has almost double the strength. The rubber between the plies contains 98 per cent para, the highest between the plies contains 98 per cent Para, the highest standard tires.

Take for example a 30 by 3 1/2 on comparison. The Hood tires averaged last year 14,000 miles.

On first cost you may think Hood Tires are high priced, but cost per mile figured, they cost less.

Why are 80 percent of all heavy grade rubbers sold out of Minot, HOOD GRAY SOLE? Ask anybody that wears them.

Why Not HOOD Tires?
