

## "The Great Thing About Real Tobacco" says the Good Judge

is that it tastes so good, and a little chew lasts so much longer than the old kind.

The good, rich tobacco taste stays right with this class of tobacco. That's why it costs you less to chew it.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

RIGHT CUT is a short-cut tobacco  
W-B CUT is a long fine-cut tobacco

## Would You Sell Your House for What it Was Insured For?

That's one way to determine whether your fire insurance is adequate. Most homes are under-insured not because owners are carrying less protection than formerly, but because values have tremendously increased and additional insurance has not been written to cover the gain in value. Better have us reduce your risk by additional insurance in the old Hartford.

## MRS. ANTHONY BOTZ LAID TO REST

Victim of Thursday's Tornado Was the Mother of Seven Children.

The funeral of Mrs. Anthony Botz, victim of the tornado which swept thru this section last Thursday afternoon, was held from the German Lutheran church, Eighth street N. E., Monday afternoon at two o'clock, the little edifice being inadequate to accommodate the immense concourse of sorrowing relatives and friends who gathered to pay their final respects to a faithful and devoted wife and mother and a neighbor who was ever ready and willing to extend the helping hand to anyone in need of assistance. Interment was in Rosehill cemetery.

Mr. and Mrs. Botz were united in marriage in this city about twenty years ago and to the couple seven children, three boys and five girls had come to bless their union. Mrs. Botz was born in Germany and came to the United States at an early age. A brother and an invalid sister residing at Faribault, Minn., are the only relatives now living in this country.

One of the daughters who was injured in the holocaust which took the life of the mother is at the home of an aunt, Mrs. John Ehr, where her injuries are being attended to and she is resting as comfortably as could be expected. The children range in age from almost two years to the age of 17, the oldest, a son, and the youngest, a tiny miss of 18 months, who has so endeared herself to those caring for the little one that if a separation ever takes place there will be many a heart ache to mark the void. This son and the baby were playing at the rabbit hole underneath a tree at one corner of the house and were slightly scratched about the face and head when the storm twisted the tree almost off at the roots. Mr. Botz was injured very badly, not seriously however, as at first supposed. His back was sprained, a collar bone broken and he received other minor injuries. Besides a general shaking up and a few bruises, the other members of the family escaped unharmed, so far as bodily injuries are concerned, yet all were more or less dazed by their experience, and for 24 hours scarcely spoke a word to those about them.

The sudden snatching of a loving mother from the bosom of her family of seven little children, the home destroyed and household goods and keepsakes scattered to the four winds of heaven, all within the brief space of a minute is more than the average father and husband could bear up under, yet Mr. Botz is around and doing his best to gather up the remnants of his home and property and again face the future with the same indomitable courage with which he has always borne afflictions in the past.

**Free Employment Service Grows.**  
Bert Plowman, not unlike his ancestor who was designated with the title, believes that when once he has put his hand on the plow never to look back. As his ancestor, so is Bert. Recently he established a free employment office in connection with his Delco light and electric shop on Central avenue. His duties as traveling salesman for his light plants keep him on the road about 18 hours daily and what little time he can spare after catching a few cat naps between, he helps Mrs. Plowman and the lady clerk in attending to the employment office. Bert had no idea when he started out that the business would assume such proportions but as time goes on he finds it necessary to add more help about the office, but no one ever heard Plowman complain of too much work or expense. When in need of help or if looking for employment call upon Bert and you will find he is courteous and willing to render any service at his command.

**A Disappointed Homesteader**  
Chas. Almy and Frank Morrow of the Economy Department store returned Thursday from a brief business trip to the Middle River district of Minnesota. During their trip they visited the scene of Charlie's essay at homesteading. After a few months spent on the tract Almy gave up the scheme of securing a free homestead, disgusted, and let his claim revert. Now he finds that his former claim is worth thousands of dollars having been drained by the Minnesota Commission of Drainage Engineers. A lake near his claim has also been drained and the immense bed of the lake comprising an area eight miles in length by two in width is now high and dry and forms one of the garden spots of Minnesota, being invaluable for gardening purposes or in fact will raise any crop bounteously. It is worth untold thousands to those who have squatted on the tract. This tract is really No Man's Land on account of its not being included in the government survey.

## YOU ARE THE JURY.

Hear the Testimony of Minot People and Decide the Case.

Doan's Kidney Pills are a trial—are being tried every day for weak kidneys—for exhausting kidney backaches. What is the verdict? Read Minot testimony—personal experiences of Minot witnesses. There can be only one verdict—a chorus of approval.

George Odell, farmer, R. F. D. No. 2, Minot, says: "I can't say anything too good about Doan's Kidney Pills for we have used them in the house with very satisfactory results. At times I have suffered from disordered kidneys and would be so lame across my back I could hardly get straightened up once I was bent over. At one time my back gave out on me entirely and I was compelled to lay off work. The action of my kidneys was irregular, too. I began using Doan's Kidney Pills from the Benno Drug Co., and I got relief. After taking three boxes I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Odell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

T. C. Leddy, former tire salesman covering this section, was in the city Tuesday calling upon old-time friends.

**OLD TIRES BOUGHT AND SOLD**  
We have gone into the automobile tire repairing business, and have installed a plant and machinery separate from the shoe repairing for this purpose. Our method of tire repairing consists of sewing with linen thread two old tires of the same size together—the inner being a road-worn tire and the outer a rim cut or blown-out tire, with a good tread. No wire or rivets are used. Look up and ship us some of your old tires. We can save you some money. The machine is used for sewing tires only.
