5-Ton Truck Secured for Ward Co. Farm

August Krantz, chairman of the board of county commissioners, and A. S. Spicher, member of the board, returned from Bismarck Friday night, driving to this city the five ton G. M. C. truck which has been purchased for the use of the Ward County Demonstration Farm. The truck new, would cost more than \$4,000.00, but it was secured from the state department in about the same manner the county secured the other trucks, by paying the freight and what it cost to put the truck in first class shape. The truck cost less than \$1,000.00. The commissioners donned overalls and drove the truck home themselves. They arrived in Wilton the first afternoon and drove from that place to Minot Friday, experiencing no trouble.

The truck will be used for hauling coal from the Burlington mines to the county farm and to the court house, and for other purposes on the farm. Five tons of coal can be hauled at a time and two trips easily made a day. The commissioners believe that there will be a saving of nearly \$3.00 a ton on coal, as coal can be secured at the

mine for \$2.75 a ton, while the coal delivered has cost the county as high as \$6.50 per ton.

Clair Topkins Loses Check

Clair Topkins, who is connected with the Union Insurance Agency, had been collecting Saturday morning. On his return he stood in front of the office chatting with a friend. A gentle North Dakota breeze came his way and whisked the check out of his hand. The check came close to the ground and he grabbed for it, just missing it. The wind caught it just right, taking it high in the air and the last he saw of the recalcitrant slip of paper, it was disappearing over the Soo passenger depot with Mr. Topkins pursuing it as well as he could. The check has not been recovered.

Brish Meloh Services Sunday

A son was born to Mr. and Mrs. Saul Gordon of Dogden, at St. Joseph's hospital in this city a week ago Saturday. Brish Meloh services were held at the hospital Sunday afternoon. Rabbi Papermeister of Grand

Forks and Rev. I. Diamond of this city being in charge. Among those present were the two brothers of the father, Abe and Herman Gordon and the great grandfather of the child, Mr. Sgutt of Dogden.

Saul Gordon is a prominent young Dogden merchant, being associated with his father-in-law, S. Sgutt. It will be remembered that he came to America in 1915, after fighting with the Russian army in the World War, attending school here, and then enlisting in the United States army and fighting with the U. S. Forces in France, thereby fighting with the Allies on two fronts in the same war.

A. H. Kurth Quite Ill in St. Joseph's Hospital

A. H. Kurth, cashier of the Citizens Bank, was taken to St. Joseph's hospital Friday evening and he is reported seriously ill from paralysis which his physicians believe was caused by a blood clot on the kidney. Efforts are being made to remedy the cause of this condition and his many friends sincerely trust that they may

hear of his early improvement. Nearly a year ago, Mr. Kurth was severely injured in Minneapolis when the automobile in which he was riding was struck by a street car and it is entirely possible that his present condition is a result of that accident.

Mr. and Mrs. Kurth's son, Argalis, was taken to the hospital Saturday morning and submitted to an operation for appendicitis from which he is improving nicely.

Deering Man Cashier of Halstad National Bank

A. I. Engebretson, well known Deering banker, is now in charge of the First National Bank of Halstad, Minn. Mr. Engebretson was elected cashier of the bank some time ago. He enters upon his duties with the highest recommendations.

Mr. and Mrs. Cook Robinson of Velsa were in the city shopping today.
