ADULTERATED AND MISBRANDED FOOD PRODUCTS AND BEVERAGES.

I, E. F. Ladd, chemist of the North Dakota Agricultural Experiment Station and food commissioner for North Dakota, do hereby certify that the list of food products and beverages herein specified have been analyzed during the six months preceding June 30th, 1914, and the same found to be adulterated or misbranded within the meaning of the statute as shown in each individual case.

I further affirm that this is a true and correct list to the best of my knowledge.
E. F. LADD,
Chemist and Food Commissioner.

Subscribed and sworn to before me this 30th day of June, 1914.

ALMA K. JOHNSON,
Notary Public, Cass County, N. D.
My commission expires Oct. 23, 1917.

CHAUTAUQUA

AT LANGDON --- BEGINS NEXT TUESDAY

MUSIC == ENTERTAINMENT == ORATORY == INSPIRATION == FUN

Start right by attending the very first session. It will make you want more.

Music, Music, Music, oh, what a lot of it. Don't fail to hear the big Singing Orchestra the first day.

Arrange right now and reserve the date for Ferrante's Hungarian Orchestra. Rousing music by first grade artists, both vocal and instrumental.

Study the detailed program for popular lectures, travel talks and solid addresses.

ONE LOW PRICED SEASON TICKET ADMITS TO ALL

There is plenty of wholesome entertainment and good fun. If you enjoy good laughs, you will get them.

Five days of picnic==five days of joy==five days without care==five days building up your spirits==five days removed from the daily grind.

Take the time and get your share of the splendid entertainments. You can do enough work the balance of your life.

GET READY NOW. IT WILL BE HERE RIGHT AWAY CHAUTAUQUA COMES BUT ONCE A YEAR.

CHIPS FROM LAND OF LUMBERJACKS

Mrs. Stevenson to Tell All About "Ralph Conor Country."

SPENDS VACATIONS THERE.

This Talented Chautauqua Lecturer Deserves a Big Hearing—Middle West Knows Her Well—She Knows Life in Northwest Lumber Country.

A woman is coming to speak at Chautauqua. She is a woman of experience on the platform, having delivered lectures throughout the middle west for a number of years before select audiences and always with fine success.

Mrs. Stevenson will tell in a most interesting way the strange story of the

MRS. MARCIA J. STEVENSON.

"Ralph Conor Country." She does not take her information second hand, but speaks from a wide experience.

For the past fifteen years Mrs. Stevenson has spent her vacations in the far northwest and knows the life of the lumbermen as few have been privileged to learn it. She is an orator who deserves a big hearing.

Largest Tree Trunk.

What is said to be the largest tree trunk in the world, measuring 145 feet in girth, is at Mixtla, Mexico.

Aid to Horses Is Fatal

Because Lloyd Mooney took time to try to release the horses he was drowned while attempting to cross the Gedar river on his way home from Morrilstown at the ford on the old Black Hills trail. His brother, also a homesteader, narrowly escaped death.

LAND PRICES ARE RISING

Cass County Real Estate Transfers Show Large Gain.

North Dakota prosperity, as indicated by the deeds of actual land transfers recorded at the Cass county register of deeds' office, is an actual fact. There were 20 per cent more transfers at the Fargo office during the past month than for the corresponding month a year ago, according to the statement of W. L. Brown, deputy register of deeds.

The most encouraging thing shown by the transfers is the fact that prices for land are correspondingly much higher than a year ago, says Mr. Brown. Many of the transfers have been to Eastern people who have come to this state to live.

In several cases the transfers have marked the splitting up of large farms into smaller tracts. Notable cases of this kind in the past month have been the sale to a number of people of the Dill farm at Mapleton. This farm contained 6,000 acres and has been divided into quarter and half sections, most of which have been purchased by Nebraska and Illinois people. Another big farm that has been divided up during this period is the Houston farm of 2,200 acres at Hunter. This was sold in smaller parts to Nebraska and Illinois farmers.

MEET AT MINOT ON JULY 14

Federation of Commercial Clubs Will Discuss Immigration.

A meeting of decided importance to North Dakota will be that of the State Federation of Commercial Clubs, which will be held at Minot, July 14. Heretofore the federation has held only one meeting a year, but at the annual meeting at Grand Forks last

February it was decided to hold a summer meeting and Minot was selected as the meeting place. The western part of North Dakota is developing rapidly. Many of the most active communities of the state are in Western North Dakota and it is with a view to interesting these in a statewide movement, as well as giving an opportunity for the residents of the eastern points to become more familiar with the progress and methods of the live western counties, that this meeting is held.

Immigration will be the main subject to be discussed and it is hoped that the interest taken in this meeting will encourage the federation to make more ambitious plans for the future.

GIRLS ARE FOR SUFFRAGE

First Young People's Suffrage Club in State at Dickinson.

The first young people's suffrage club organized in the state was formed at Dickinson with a membership of twenty-five. The club is composed of some of the most prominent young ladies of the city, who are very enthusiastic over their organization. The officers are Miss Mazie Dinsdale, president; Miss Myrtle Parker, secretary; Miss Olive Whaley, treasurer.

At Manning, Dunn county, a league has been organized with over 100 members. When one considers that there is no railroad in Dunn county such an organization speaks well for that progressive village. Mrs. Pearl Evans is president, Mrs. E. H. Smith secretary and Mrs. J. A. Palmer treasurer.

New England, which is one of the fastest growing towns in that section, also has an enthusiastic suffrage league. Miss Mabsein is president and Mrs. Milles treasurer.

Ten million miles of advertising. A half-million Fords, averaging twenty miles a day, circle the world four hundred times every twenty-four hours. If the car wasn't right this tremendous publicity would put the Company out of business. The Ford is its own best salesman. A demonstration is a revelation--take yours to-day.

Five hundred dollars is the price of the Ford runabout; the touring car is five fifty; the town car seven fifty—f. o. b. Detroit, complete with equipment. Get catalogue and particulars from
