In the old Northwest are deserting the demo-gratic party to a degree that is highly com-plimentary to their good sense. This is largely due to the clearness, force and ability with which leading German newspapers out there have stated the great issue of the cam-paign. We refer to such journals as the Chicago Staats Zeitung and the Cincinnati Volksblatt and Freie Press. The first named we have more than once onoted from No. plimentary to their good sense. This is argely due to the clearness, force and ability with which leading German newspapers out there have stated the great issue of the campaign. We refer to such journals as the Chicago Staats Zeitung and the Chicanati Volksblatt and Freie Press. The first named we have more than once quoted from. No clearer analysis of the inevitable Free Trade tendencies of the Mils bill has been made anywhere than has been given by this widely-circulated and powerful newspaper.

The Cincinnati Volksblatt has a very effective style of exposing the sectional character of the Mils bill. For instance it says that the bill "retains a tariff of 60 per cent. on sugar, and 100 per cent. on rice. Is a this done in order to reduce the necessaries of life?

Now hat the sumertorly as Carlotte and power of the committee of the Mils bill. For instance it says that the stantage of the committee's fame in order to reduce the necessaries of life?

Is this done in order to reduce the necessaries of life?
None but the sugar lords, as far as we can see derive a benefit from it, unless it be President Cleveland, to whose reelection these gentlemen contribute likerally.

The Free Press on unlet to know the drift of German-American sentiment in Ohio, and it says that "the supposition that most of the citizens who have been naturalized since the last Presidential election will vote for Harrison and Morton and the protection of home industry is perfectly correct. These people appreciate the benefits which they and the whole country owe to protective Tariff. Their experience and comparison with their position in the old and new Fatherland will teach them that to vote with the denocrats and Free Traige to vote with the denocrats and Free Traige to vote with the denocrats and Free Traige. to vote with the democrats and Free Trade would be the lowering of their own wages."

These are encouraging indications. The
ntelligent German-American voters—whether

These are encouraging indications. The intelligent German-American voters—whether they like or hate Bismarek—regard him as the greatest man living, and they know that German experience has proved that he was never wiser than when in 1882, he arged a Protective policy in the German Richstarg, "because," said he, "it is my deliberate judgment that the prosperity of America is mainly due to its system of Protective laws, I arge that Germany has now reached that point where it is necessary to imitate the tariff system of the United States."

Twenty Reasons Why.

Here are 20 reasons why the United States thould continue the protective system:

First—Because the most patriotic Americans have favored it, Washington, Jefferson, Hamilton, Jackson, Madison, Monree, the two Adamses and Lincoln were protectionists.

Second—Because free trade and secession

House.—The house has passed a bill ap-

Second—Because free trade and secession are alike the products of sectional jealousy. The first serious attempt to destroy the Union was promoted by free traders, and in 1861 every secessionist was a free trader. Third—Because the policy of free trader. Third—Because the policy of free trader. Third—Because the policy of free trader, at the trade of the second tra ave created a manufacturing industry w

acceptance a manufacturing nations no rival in magnitude.

Seventh—Because by greatly productivity and mechanics' tection has put with surners comforts as pupple of centuries' Eight—Becausa home marker descriptions.

Ninth—Beet the farm closs banced the value . the United States.

Tenth—Because it has emais.

Period to pay off the major part monse national debt incurred in the resion of a war waged for slavery and claude. rade.

Eleventh—Because it has always kept the lor the nited States treasury in a solvent condition; hile free trade has always resulted in the estruction of the national credit, and a re-

ort to loans in times of profound peace.

Twelfth—Because it helps the workingm
o secure a fair compensation for his service
shielding him from flerce competition
the name taken there. a of pairs and another had a full, &c. the pauper labor of Europe.

Thirteenth—Because it is a fair system of inxation, which compels the foreigner to pay for the privilege of entering our markets, ably fifty years of age went with a building of the lower of a portion of his burden.

Therefore the pair of Europe.

Thirteenth—Because it is a fair system of into this game these grown up men for espectable appearance—men probability of the pair of the pairs and another had a full, &c. Seventeenth—Because it elevates to the first black the producer, considering his interest as of more importance than those of the nere consumer, who is too often of the lines that toils nor spins not.

Eighteen—Because it promotes good work—

Whisky and win each other's money till about 5 o'clock in the afternoon, when they mount their horses and ride home.

Last April H. G. Andrews, a young man of timely the cheap and nasty method of production, which always characterize the work of free traders.

Nineteenth—Because it unlesitatingly conferms as an economic error the theory that it is wise to put men on the level of beasts in order to secure cheapness for the consumer. Excessive competition, the invariable outcome of free traders are guilt by calling into play the stern maxim of the survival of the latest, which usually means in economics the worker who will permit himself to becrowded nearest the limit of substance.

Last April H. G. Andrews, a young man of thirty years, was married to Miss Nina Kalger, of Leon, lown. They were to the work of the state and began housekeeping. After four weeks they separated, she returning to her home and he going to lilinois. Not long since she began divorce proceedings against him. He soon came on and went to her friends to get her to live with him again, which she refused to do. Andrews went to her brother, Blufford Kalger, where his wife is staying, on a like crand. He had some words about Kalger, where his wife is staying, on a like crand. He had some words about Kalger, where his wife is staying, on a like crand. He had some words about Kalger, and without further provocation drew his revolver and shot him, the ball taking effect our substance.

Twentieth—Because it is American.

A Safety Lasters for Barss.

The loss of many valuable horses by the late fires suggests that too much eare cannot be taken around stables and burns to prevent similar disaster. Such danger has been a source of great anxiety for many years at the Caton stock farm, and so of a study how to reduce the danger to a minimum. All ofour stables are provided with outside doors, which can be opened from the outside, but the kerosene lamps, which had to be used for an hour or two by all the mem morning and evening during the long nights, caused me the greatest anxiety. Lard oil was tried as less dangerous, but in very cold, weather with the most improved make of lamp the oil would congeal and the light would go out. A year ago I furnished the farm with nine-teen lanterns, made as follows: I took conductors lamps, removed the lamps from the bottom, and in place of the oil receptacle inserted a tube of the most four and one half inches in looked like a tragedy was a combact of the conductors lamps, removed the lamps from the bottom, and in place of the oil receptacle inserted a tube of oil receptacle inserted a tube of the proper height, length, size and finish for a coach candle, with a bott tom buse four and one-half inches in looked like a tragedy was a conductors lamps, removed the lamps from the bottom, and in place of the oil receptacle inserted a tube of oil receptacle inserted a tube of the proper height, length, size and finish for a coach candle, with a bott tom base four and one-half inches in the conductors lamps, removed the lamps are provided with safety and looked like a tragedy was a conductors lamps, removed the lamps and the light would go out. A year ago I furnished the farm with interest and the light would go out a year and the light would go out. A year ago I furnished the fa were neatly turned over their wrists, disaster. Such danger has been a pounds of sand. This coach candle gives as good a light as ever the kerosene did, and burns about twelve and as a big meeting was in progress, the colored people from a distance flocked to the old church, fillhours. This lantern is not easily up-set, and if, by accident, it is broken, it does not scatter the fire everywhere, as kerosene, or even lard oil, would. I believe this lantern affords a maximum of security from nremour barns with no appreciable increase of cost. Their use at the stables of public fairs would tend to bles of public fairs would tend to bles of public fairs would tend to leber listened at!" said one. The leber listened at!" said one. The ong to the Indian a maximum of security from fire in quiet the fears of many owners of valuable animals there stabled, and it is worthy the consideration of the managers of such institutions wheth er it would not be wise to prohibit the use of any other lante especially of kerosene in their stables. I have taken out no patent on this

as a rare relic.

The suggestive name, "Doctoring Old Time," brings to our mind another version of the title, used for another purpose.—"Old Time Doc ender-hearted peasant girl of Normandy made great history by one

desperate act!
Sickened by the saturnalia of the
French revolution and moved to desperation as Robespierre and Marat

We learn, through a reliable source, that one of the enterprising proprietary medicine firms of the country, has been for years investigating the formulas and medical preparations were leading the flower of France to and even before, with a view of as the guillotine, she determined that she would put an end to Marat's grandfathers' time enjoyed a health and physical vigor so seldom

LOG CABINS WORK

and Warner's Log

A Claim to Human Gratitude.

Charlotte Corday, the sad-faced

Horrible thought!

patriotic peasant maid!
Gaining access to his closely guarded quarters by a subterfuge, she found him in his bath, even then inexorable

It is a thrilling sad picture, full of

sorrow for her suffering country, and of unconquerable hate for her counry's enemies. What a lesson in this tragic story Two hundred, nay, five hundred thousand people would Marat have sacrificed to his unholy passion of

power!
Methods are quite as murderous and inexorable as men, and they number their victims by the millions The page of history is full of murders by authority and by mistaken ideas! In the practice of medicine alone how many hundreds of millions have been allowed to die and as many more killed by unjustifiable bigotry

and by bungling!
But the age is bettering. Men and methods are improving. A few years ago it was worth one's professional life to advise or permit the use of a proprietary medicine. To-day there are not two physicians in any town in this country who do not regularly prescribe some form of proprietary

remedy! H. H. Warner, famed all over the world as the discoverer of Warner's safe cure, began hunting up the old remedies of the Log Cabin days; after long and patient research he succeeded in securing some of the most valuable, among family records, and called them Warner's Log Cabin remedies—the simple preparations of roots, leaves, balsams and herbs

ing it completely. An attorney was making his plea for Sam from the rear of the pulpit, delivering a splendid speech, replete with moral and sense, and after court adjourned the colored hearers gathered about discomfited attorney lost no in getting away from his dusky admirers. But the joke was too good to remain untold.

The Soulas an Heir-at-Law.

From the St. James' Gazette. Two sisters in 1862 left to their own come.—John Dean Caton in Farmer's souls as the heirs property to the value of £280. Of this the executor, with permission from the archbishop lends £56 to Michael, their nephew, to pay for his education to be never stops to ask why the cow and ward returned; £16 he gives in alms steer cannot do their own husking £23 for masses. He proposes to and save him the trouble. In his give £4 more in alms, and the res eagerness to get all he could lay hands on our New Englander in the West has out-generated himself. Have you ever watched a cow hunt over an armful of fodder for an ear longing to the same family. The exor nubbin that perchance escaped the eye of the husker? Every fiber of her body shows that she is alive to the possibilities that lie therein, and that she prefers her pie, if there lie archbishop sanctions the step. Reffenstuel is quoted to show that

In one of Harper's issues is given a very fine illustration of Roberts' celebrated painting, known as "Doctoring Old Time." It represents a typical old-timer, with his bellows, blowing the dust from an ancient clock, with its cords and weights carefully secured. One of these clocks in this generation is appreciated only

We learn, through a reliable source Marat had demanded two hundred thousand victims for the guillotine!

He proposed to kill off the enemies of the Revolution to make it perpeture.

He proposed to have the providing opinion that the providing opinion that the proposed to have remedy for every existing disorder, was true and acting under this be-lief, our grandparents used the com-No wonder it fired the blood of this mon herbs and plants. Continual trespass upon the forest domain, has made these herbs less abundant and has driven them further from civiliz-ation, until they have been discard-

edies." Among these medicines will be a "snrsnparilla," for the blood and liver, "Log Cabin hops and buchu remedy," for the stomach, etc., "Log Cabin cough and consumption remedy," "Log Cabin hair tonic," "Log Cabin extract," for internal and external use, and an an old valuable discovery for content of the storage of t old valuable discovery for catarrh, called "Log Cabin rose cream."

cure all diseases with one preparation. It is believed by many that with these r. medies a new era is to dawn upon suffering humanity and that the close of the nineteenth century will see these roots and herbs, as compounded under the title of Warner's Log Cabin remedies, as popular as they were at its beginning. Although they come in the form of proprietary medicines, yet they will be one the less welcome, for suffering humanity has become tired of mo ern doctoring and the public has great confidence in any remedies put up by the firm of which H. H. Warner is the head. The people have become suspicious of the effects of doctoring with poisonous drugs. Few realize the injurious effects following the prescriptions of many modern physicians. These effects of poisonous drugs, already prominent.

fect health, put forth for the good of humanity by one who is known all over the world as a philanthropist —a lover of his fellow man,—whose name is a guarantee of the highest standard of excllence.

The appropriate interest in the perfect of the good of the assistant ticket agent for the Pennsylvania railrond, was found dead in her bed at Chicago by her husband. She had been suffering from despondency and committed suicide by placing the tube from an open gas jet in her mouth.

For neuralgia, rheumatism, gout. burns, wounds, etc.. use Salvation Oil. Price 25 cents a bottle.

Charles Brown, a notorious horse thief confined in the county jail at New Lisbon, Ohio, threw sunff in the eyes of the turnkey and escaped. He intended to liberate all the prisoners in the jail.

The court house at Sac City Iowa, was burned to the ground. Part of the records were destroyed, and possibly all. A prisoner named Charles Carlson perished in the flames, as he was locked up and has not been seen since. The body has not been found, however.

BLACKHEADS, RED ROUGH BLACKHEADS, RED ROUGH, AD OILY SKIN prevented or cured by that greatest of all Skin Beautin ers, the CUTICURA SOAP.

A Swedish woodchopper named Augu Bergquest, was found dead in his shan hear Rhibelander, Wis. He was about th ty years of age. There was great excit ment oven-the report that the man had be murdered by tramps but an inquest prov that death resulted from natural causes.

Old men use Moxie the year round to their nervous system strong enough to sup-port the functions of their body, and mend up the broak down of a long business life. The young city bloods to remove the effects from liquors and a night of dissipation. A tumbler full will break a recent intoxication in an hour, with no ill effects of stimulation. Patrick Shell murdered S. S. Atkinson, a drayman, without provocation, at Omaha. Shell is a saloon keeper, and Atkinson was in his saloon at the time of the murder. Shell was drunk and was brandishing his revolver when Atkinson remonstrated, telling him he might shoot somebody. With an oath, Shell pointed at Atkinson with the gun, saying "I will shoot you," and fired. The ball entered Atkinson's heart, killing him instantly. There are rumors of lynching.

South German newspapers report that the police received warning of an anarchist plot to kill Emperor William during his journey from Munich to Vienna, the route of which was changed.

If Good for One, Why Not For You. A thirteen-year-old child of Xaver Raedi of Sleepy Eye, Minn., was drowned in the Cot-tonwood river. She had been out gathering grapes with other children, and, in crossing the river at the dam, fell in and was drowned before help could be summond.
