FIRE FROM THE WOODS.

A Murder Mystery Is Being Unraveled.

Duluth, Nov. 28. — Nov. 16 Michael Hill, a prosperous Finnish farmer of Carlton county, was shot dead from ambush near his home, and yesterday Jacob France, a neighboring homesteader, was arrested by Detective Troyer of Duluth in one of the logging camps of Alger, Smith & Co., where he was working as a woodsman. France is charged with the murder of Hill, and he will be tried in Carlton county, where he was jailed yesterday. The arrest is based on the reported infatuation of France for Mrs. Hill. France knew the woman in Finland before coming to America. Mr. Hill preceded her several years, and when she came France followed her, leaving his own family behind. Hill is said to have discovered that France was madly in love with his wife, and had forbidden him the house. Nov. 16 a daughter of Mr. and Mrs. Hill was married to a Moose Lake man, and the occasion was celebrated in great style. During the afternoon of that day Hill was out in the yard, and a shot fired from the neighboring woods killed him.

He says there were at the very least calculation 100 Italians in the two cars. In addition to these there were ten more in the smoking car, which was ahead of the two immigrant cars. Official advices to Supt. Burns of this division of the Wabash say that of the Italians in the wreck twenty escaped unhurt and were taken to St. Louis, fifteen are in the company's hospital at Peru, Ind., there are six others in Peru and two are near Adrian, injured. Subtracting these forty-three from the 110 immigrants Deputy Moran says were aboard the train, leaves a loss among the Italians alone of sixty-seven. In addition eight other bodies were recovered and identified, which makes a total of seventy-five dead.
