How He Did It.

At the dinner Saturday of the Military Order of Foreign Wars, Captain Carlyle L. Burridge told of a man who, returning to his domicile at cockcrow, underwent an inspection by his wife, who desired to know how he came to have a large bump on his forehead.

"That? Oh, that's where I bit myself," explained he of the night key. "Bit yourself?" the lady repeated after him. "How could you bite yourself away up there?"

Why, I stood on a chair," he said. Cleveland Leader.

Just Hopes.

A gentleman never snatches his trousers away from his wife when he discovers her going through his pockets. He only hopes she will leave him enough with which to go downtown in the morning. He is perfectly welcome to go through her purse any time and help himself to anything he can find. That is what married life means. A man should not allow his feelings to be hurt when his wife runs across loose change or a roll in his pockets; he ought to play the game and take such little conjugal pastimes for

"Ever since boyhood I have been especially fond of meats, and I am convinced I ate too rapidly, and failed to masticate my food properly.

"The result was that I found myself. a few years ago, afflicted with allments of the stomach, and kidneys, which interfered seriously with my business.

"At last I took the advice of friends and began to eat Grape-Nuts instead of the heavy meats, etc., that had constituted my former diet.
"I found that I was at once bene-

fited by the change, that I was soon relieved from the heartburn and indigestion that used to follow my meals, that the pains in my back from my kidney affection had ceased.

"My nerves, which used to be unsteady, and my brain, which was slow and lethargic from a heavy dist of meats and greasy foods, had, not in a moment, but gradually, and none the less surely, been restored to normal efficiency.

"Now every nerve is steady and my brain and thinking faculties are quick-

er and more acute than for years past. "After my old style breakfasts I used to suffer during the forencon from a feeling of weakness which hindered me seriously in my work, but since I began to use Grape-Nuts food I can work till dinner time with all case and comfort." SUNDAY SCHOOL WORKERS GET COMPLETE RETURNS OF CITY OF FARGO.

## LUTHERANS HEAD

Roman Catholics Second in Numera Strength Census Covered 11,-212 People 407 Families Not Enumerated.

Farge.-In the religious census of the city of Fargo just taken during the session of the state Sunday School convention, 11,212 people were enumerated. Four hundred seven families were not found at home.

The figures show that the city has 3,000 Lutherans, the strongest denomination in the city. Catholics are second with 1,865. Other figures are: Baptists, 656; Christian Scientists, 179; Congregationalists, 642; Methodists, 1,558; Presbyterian, 994. Over three hundred indicated no choice and only twenty-two refused information. The new officers elected by the Sun-

day School association are as follows: President-A. L. Bishop, Fargo. General Secretary-W. A. Snow, Farge.

Recording Secretary, W. J. Lane, Treasurer-W. C. Lyon, Valley City.

Game Warden on New Law.

Minot.-Game Warden Stenvick has the following to say on the new game board's view of the spring shooting law, passed by the last legislature:

"The law, I consider, is fualty in several particulars. It gives a fellow an excuse to go out in the spring with his dog and gun and, as we all know. temptation to kill ducks will be great. prohibits the shooting of geese at any season of the year, within half a mile of permanent water. I think that nonsensical. A well may be considered permanent water, and besides it was not the intent of the law to impose that restriction on the hunters in the fall, but in some manner it was overlooked. The board will have to designate three or four lakes in the state as permanent waters, and allow the shooting of geese in the fall at all others. This will give the sportsmen a ohance.

Divide County in Quandary.

Gresby.-Divide county, claiming that the treasurer of Williams county has this year collected approximately \$37,000 in tax money that should have been paid to Divide county, is in somewhat of a quandary as to action that should be taken to bring about a settlement. Records of the two counties have just been copied, these records disclosing the amount due to Divide. An action has been commenced in the matter but Divide is seeking an earlier settlement as the payment of the taxes to Williams has left Divide without cash on hand.

The fact that Williams county has retired considerable warrants since the first of the year, it is claimed, is responsible for the fact that no settlement has been completed up to the present time.

Appointed Juvenile Officer.

Fargo.-With the appointment by Judge Charles A. Pollock of the district court of Miss Lillian Grace Topping, superintendent of the Florence Crittenton home here as juvenile officer for the Third district of North Dakota an active campaign for the care of boys and girls under the age of 18 which it is believed will be most effective, was inaugurated.

The appointment of Miss Topping as juvenile officer is the second one to be made in the state. The juvenile officer receives no compensation in cash for his or her services and Miss Topping's acceptance of the position is done without any thought of actual monetary reward.

Will Ask Freedom.

Carrington.—Because he was not in the court room at the time the jury's report of not being able to agree was eturned, M. F. Floyd will ask that he be given his freedom under the terms of law which provide that no proceedings shall be had in the absence of the accused.

Getting Ready for Convention.

Jamestown.-Plans are already being laid by the Jamestown W. C. T. U. for the annual convention of the state organization to be held in this city during the latter part of September Appointment of committees to take arge of various features of the work has been made, while a number of other matters have also been cared for The tri-county convention of the union, comprising Stutsman, Barnes and Griggs. will be held in Valley City, June 16 and 15,

### CURED ITCHING AND BURNING

"I was taken with the itch in April, 1904, and used most everything. I had a friend pay me a visit from Cumberland, and she advised me to use Cuticura Remedies which I did. The cure was certainly quick, and I use them to this day. I had it terri-43 bly under my knees. I only used one box of pills, but two boxes of Cuticura Ointment, and I use the Cuticura Soap all the time. I hope this will benefit others, as it has me, after Dr. - and others could do nothing for me." (Signed) Miss Lu Johnson, 1523 Ninth St., N. W., Wash-

ington, D. C., April 3, 1910. La a later letter Miss Johnson adds: "The trouble began with an eruption under my knees, and extended upwards toward my waist, until I was not able to sit down. It kept a constant itching and burning all the time, night and day. I went to my doctor, but he could do me no good after I do not know how many medicines he gave me, and then told me I would be compelled to go to a skin specialist, which I positively refused to do. I cried all the time. Finally I made up my mind to try Cuticura Remedies, and tried Cuticura Pills, Ointnear Petersburg charged with arson. ment and Soap, and was entirely cured of the itching three days after I started using them. The healing took about eight days. I consider Cuticura Remedies marvelous, and

My parents were originally Canacontrol over the creature's entire sysdians from Essex County, Ontario. I was born in Monroe County, Michigan, from which place I moved to Red Lake Falls, Minnesota, where I farmed for 22 years. I sold my farm there in the summer of 1903 and in September of that year came to Canada with my wife and eight children. I had about \$400 in cash, team of horses, a cow, a few sheep and some chickens. I took up a quarter section of land near Jack Fish Lake, Meota P. O., and later on purchased for \$2,000.00 an adjoining quarter section. I have now 48 head of cattle, a number of horses, good buildings and consider my holding is worth at least \$8,000.00. My children have raised from \$300 to \$500 worth of garden truck each year since we have been here. I have never had a poor crop and have never had one frosted. My wheat has averaged from 25 to 30 bushels per acre with one or two years considerably more. My oats have always yielded well up to 50 bushels per acre and once or twice as high as 85. My cattle have never been stabled in winter, and do not need it. I consider that this country offers better opportunities for settlers than anywhere I have ever been. I am sure that almost any person can come here and buy land at say \$15.00 per acre and pay for it in one crop. My experience is that if a man farms his land in the right way he is not likely to have his crop frosted.

Most of the settlers in my district are Americans and Canadians and I know lots of them who came here with little or no capital who are now doing well, but I do not know of any who have left through disappointment, or becoming discouraged, have returned to their former homes.
