Tax Levy Coming Fiscal Year

The question of passing the annual tax levy for 1911 was then taken up. following the reading of the levy by the clerk, and after an hour's discussion as to the possibility of decreasing the levy, it was adopted as reported. The total municipal levy amounts to 26 mills on the dollar valuation, apportioned as follows:

General fund	1.75
Public health fund	.25
Public safety fund	1.00
Public service fund	4,50
Band concerts	.,50
Sinking fund and interest	18,00

Total corporation tax levy .. 26.00 Adding to this the State levy of 1.345 mills, the county of levy of 12.655 mills, the school levy of 10 mills and the township levy of 1.5 mills, and we have a total levy for the town of 5.15 mills or \$5.15 on each one hundred dol-lars. This is 55 cents higher on the hundred than last year, when the levy was \$4.60, and is the highest rate that has confronted the tax-payers of the city in the last five years.

The big levy will cause kicks from many property owners of the town, but as it will raise only a few hundred dollars over the amount required to
