ST. MARY'S SCHOOL RENDERS PROGRAM

Junior and Senior Class Members Interest Large Audience

An extremely interesting rhetorical program was rendered by the members of the Junior and Senior classes of the St. Mary's High school, at the school auditorium, Tuesday afternoon.

"Sweet Lady of the Sacred Heart" was the title of the class song with the accompaniment played by Miss Agnes Molloy.

The big number of the Y. M. C. A. lecture course next Monday night, Gov. Hanley of Indiana. You can't afford to miss him.

Progressives Like Decision. Washington, Feb. 20.—Progressive legislators were enthusiastic today over the supreme court decision in favor of the initiative and referendum.

Representative Norris, who led the insurgents in their fight on Cannon and the old house rules, was equally enthusiastic.

"The decision is particularly satisfactory," he said, "because it is in the nature of an endorsement of our position on these important policies from the country's highest court."

Postoffice Will Close. On account of Thursday being Washington's birthday, the postoffice will be closed at noon, giving the clerks and carriers a half-holiday.

Court's Decision for Company. San Francisco, Feb. 20.—Conservationists today declare conservation has received the worst blow in years in the decision of Judge W. B. Gilbert, of the United States circuit court of appeals, in the case of the government against the Barber Lumber company and others, for conspiracy to defraud the government of huge timber tracts in the Boise basin and Crooked River, Idaho, in 1901 and 1902.

The circuit court deciding in favor of the Barber company, holding that there was no evidence that the filing by the 219 entrymen in the cases was fraudulent in the knowledge of the Barber company and others.

Judge Gilbert sustained the circuit court and in his decision allowed the almost unlimited use of dummy entrymen.

A Collision. New York, Feb. 21.—Hundreds of passengers on a crowded elevated train on the Sixth avenue line were in grave danger today following a collision between the train and a shuttle train at Sixth avenue and Fifth street. Four cars were badly smashed and caught fire from a short circuit.

Judge Davis Opposed. Columbus, O., Feb. 21.—Although it was given yesterday that neither Chief Justice Davis nor Judge Spear had voted in deciding that Rodney J. Diegle bribery case, it developed today that Justice Davis voted against the affirmation of the lower courts.

Davis said: "I assume that the jury may have found correctly upon the facts, but I do not concur in this judgment for the following reasons: First, misconduct of Assistant Attorney Joe McGee in argument to the jury and in direct violation of the statute prohibiting comment on the failure of the accused to testify; second, because I cannot concur in the breadth of which it seems to be adopted by the majority, in the doctrine of enticement by the state."

Strike Leaders Held. Lawrence, Mass., Feb. 21.—Despite the protests of their attorneys who insisted no legal evidence had been brought out against them, strike leaders Eitzen and Cronin were held this afternoon without bail on a charge of murder. They were alleged to have incited the riot that resulted in the death of a woman striker. Their case will be considered by the next grand jury.

JOHN W. KLINEFEETER MAY RECEIVE STATE APPOINTMENT

From Columbus comes the report that John W. Klinefeeter has about decided to drop his fight for the position of chief of police of this city and that he will be appointed as superintendent of Ohio's custodial farms at Morgan Station, near Columbus, a position which was recently turned down by William T. Hurr, superintendent of the Waddell Children's home.

The report, if true, will be received with open arms by J. F. McDonough and his supporters as it means an end of all litigation in the battle for the chief of police position.

Here, it is assumed that the appointment of Klinefeeter as superintendent of the custodial home is a diplomatic move, brought about by Attorney General Hogan.

Should Klinefeeter receive the appointment, which carries with it a salary of \$2,600 per year, Klinefeeter will undoubtedly resign the position as chief which he claims he holds and by so doing leave a clear track for McDonough, who was appointed chief by Mayor C. D. Walters at the beginning of his administration.

It is understood that the attorney general had consented to file a petition in quo warranto in the supreme court of Ohio for Klinefeeter against McDonough.

Attorney John W. Thompson, representing Klinefeeter, was in Columbus yesterday and conferred with the attorney general but a petition was not filed.

Klinefeeter is in Columbus today and it is expected that the announcement of his appointment will be made public tomorrow.

While Klinefeeter is a Republican, his appointment by a Democratic administration makes the appointment of McDonough, a Democrat, as chief of police, safe here.

Unsafe in Mexico. El Paso, Tex., Feb. 21.—All women and children are being rushed out of the towns of northern Mexico as quickly as possible, following warnings given by the better informed Mexicans that they are no longer safe.

Every train brings from 20 to 40 women and children refugees. Americans in Las Bonillas were warned to get their women out and no effort was made to bring anything with them except enough clothing for the journey.

Traffic on the Mexico Northwest road between Juarez and Pearson was resumed today, the rebels having permitted the repair of burned bridges.

HIPSHER PIKE PETITION GRANTED. Hearing Held Before County Commissioners, This Morning.

At a hearing before the county commissioners at ten o'clock this morning, a petition for the Z. W. Hipsher pike in Scott township was granted.

The pike, as described in the petition, is two and three-fourths miles long. The petition was signed by 21 of the 28 land owners within the bounds of the pike.

After the hearing the county commissioners appointed Z. W. Hipsher, E. O. Briggs and P. C. Knowles as pike commissioners.

LENTEN SEASON BEGINS TODAY

Services to be Held Preliminary to Easter Tide.

This is Ash Wednesday, the day which begins the Lenten season observed in many churches. For forty days there is to be a cessation of events in the social world, and no frivolity of any kind is expected.

The time is to be devoted to a preparation for Good Friday, which is the most solemn day in the church calendar, and which is followed by a joyous Easter celebration.

During the Lenten season, services will be held at the St. Mary's Catholic church, beginning tonight with the service at which "the distribution of ashes" takes place, and continuing through the forty days with services on each Wednesday and Friday nights.

On Friday nights the "Way of the Cross" service will be observed.

At the Emmanuel Lutheran church services will be held each Wednesday night.

The order for the Lenten services for each week during Lent, at the St. Paul's Episcopal church, is as follows: Beginning Tuesday evening, at 4 o'clock, evening prayer will be held; Wednesday evening at 8 o'clock, will be an address and litany; Thursday mornings at 9 o'clock will be set apart for holy communion, and Friday evening at 8 o'clock, an illustrated lecture will be delivered.

The usual order will be followed in the Sunday services.

Sulky Offer to Horse That Lowers Track Record in 2:14 Pace. Entry Books Close September 21. Entry List Revised.

A speed program which is bound to attract the attention of the best horsemen in the country and which will be one of the most attractive features of the 1912 Marion County fair was completed late Tuesday afternoon at a meeting of the executive board and the superintendent of the horse and vegetable department of the Marion County Agricultural society in the office of the Ohio Milling & Elevator company.

Among the big events of the program are the 2:12 trot for the Houghton Sulky company stake of \$1,000 and the 2:14 pace for a stake of \$1,000 by the same company. The conditions governing the Houghton stakes are as follows:

Three per cent will be charged to start and seven per cent will be charged money winners. Entries in the stakes will close June 1, when the first payment of one per cent will be made. The second payment of one per cent will be made July 1 and the last payment August 1.

To the first horse in the Houghton pace stake for \$1,000 that lowers the Marion track record of 2:10 1-4, the Houghton Sulky company will give a large class sulky. With the stakes large purses, the sulky prize and Marion's fast track, some great racing is in store for the track followers at the next fair.

"All we ask for what will be one of the biggest fairs ever held in this county is for the weatherman to treat us right." Secretary Isaac Oborn stated this morning. "Members of the board say that great interest is being taken in the coming fair and unusual interest."

MARION MEN HIGHLY PLEASD

Enthusiased Over Inspection of Carrara Marble Quarry in Nevada.

Glowing reports of the American Carrara Marble company's properties and quarries at Beatty, Nevada, are sent by telegraph today by John V. Wilson and B. F. Waples, both of this city, who, with a party of investors, are on a trip to the West to view the company's holdings and prospects there.

Several hundred Marion county people and many from the surrounding counties are already interested. The telegrams from the Marion men follow:

"Beatty, Nev., Feb. 20, 1912. "S. H. DeLong, Marion, O.: "Quality and quantity of marble exceeds expectations. Everything shows development well under way and a great outlook for all who are interested. Am more than satisfied. "B. F. Waples."

"Beatty, Nev., Feb. 20, 1912. "W. T. Jones, Huber 1134, Marion, Ohio: "Marble great. Varieties wonderful. Our examinations with engineer demonstrates exceptionally easy working conditions. "John V. Wilson."

Thought It Rude. Madison, Wis., Feb. 21.—Freshmen coeds of the University of Wisconsin today said it was real rude of Miss A. S. Mayhew, physical director of the women's gymnasium, to say in her annual report that fifty-one per cent of the university freshmen coeds were knock-kneed. Miss Mayhew's report also says that thirteen per cent were flat-footed.

A locomotive with ten cars must travel five miles before it can attain a speed of a mile a minute. But at this speed it can be halted by air brakes in 700 feet.

est is being shown in the premium and entry lists." Yesterday, the board revised the vegetable list by striking out the old list and adopting one containing the latest and standard vegetables. The list was submitted by W. B. Peters, the well-known gardener.

A corn show which threatens to rival the annual corn show of the Marion County Corn Improvement association will be seen at the fair this year. In previous years there have been but six classes of Marion county's most important crop. The board added 12 classes to this list and fixed the premiums accordingly.

The fairgrounds, including the house, barns, pastures and race track, was rented to Roy Chapman from March 1, 1912, to February 28, 1913, at a rental of \$290.
