Martha Springs Brings A Suit In Common Pleas

A Suit For Divorce Filed By Elizabeth Toothman

The Last Will Of Marion Bird Is Filed In Probate

Common Pleas Judges Will Meet In Mansfield

Martha J. Spring has commenced a suit in the court of common pleas of Knox county against Curtis Spring and Solomon Spring. The plaintiff states she was married to the defendant, Curtis Spring, on October 1, 1909, and that no children were born to them. She alleges that the defendant has abandoned her. She alleges that he is the owner of considerable real estate near Centerburg, Knox county, and that he attempted to convey the same to Solomon Spring. The plaintiff alleges that the said conveyance is void for the reason that the defendant, Solomon Spring, did not appear before a notary public and acknowledge the same to be his voluntary act and deed. The allegation is made that the defendant, Solomon Spring, will dispose of the property and the plaintiff asks for an injunction restraining him from making any sale of the property. Upon final hearing the plaintiff asks that the deed made to Solomon Spring be declared null and void and that she be allowed alimony in a reasonable sum. A temporary restraining order was allowed by Probate Judge Berry. Wright & Moore are the attorneys for the plaintiff.

Wants A Divorce

Elizabeth Ashburn Toothman has commenced an action for divorce against John Toothman in the court of common pleas of Knox county. The plaintiff states they were married November 10, 1904, at Buckeye City and that no children were born to them. The allegation is made that the defendant abandoned the plaintiff on September 18, 1905, and that he has been absent for a period of several years. The plaintiff asks for a divorce and that she may be restored to her maiden name. Clinton M. Stice and William A. Hosack are the attorneys for the plaintiff.

Advice To Sheriff

A special dispatch received by the Mansfield from its Columbus correspondent Thursday afternoon states that in a ruling to Sheriff Carroll of Richland county today, Attorney General Hogan advises him to include in his election proclamation a call for election of candidates for state board of public works and state school commissioner notwithstanding the fact that Article 5 of the constitution has abolished these places. "We are still operating under the old constitution and cannot anticipate a new one," said Hogan.—Mansfield Special.

PEROXIDE

Used To Turn Hair Black And Now It's Green

Cleveland, Ohio, Oct. 4.—Irrefutable evidence that all the peroxide blondes are not females was adduced in Municipal Court today when Sam Beriman was arraigned on a charge of theft.

Sam faced the court with a mop of waving green.

"Where did you get that hair?" demanded Judge Levine.

"I got tired of black hair and thought I'd become a blond," replied Sam, indignantly. "I used peroxide and now the darned stuff is fading out."

He was given a suspended sentence on the theft charge, and rushed out to get a hair-cut.

REAR-END COLLISION

On The B. & O. North Of The City Thursday Afternoon

Does A Large Amount Of Damage And Ties Up Traffic

Two Persons Were Injured When The Wreck Occurred

Wreck Crews From Two Cities Work Many Hours

In Clearing Up The Debris So Traffic Can Be Resumed

Two locomotives and eight freight cars were smashed and several hundred dollars worth of merchandise was damaged or destroyed in a rear-end collision, just south of the deep cut north of the city at 4:20 o'clock Thursday afternoon. Both trains were south bound and No. 94 was running into the west siding when second 24 rushed through the cut and crashed into the first train which had been unable to make the siding in time to avoid the wreck. Engineer W. J. Wright and Fireman Clarence Kinney, both of Newark, were both injured but escaped death by jumping from the cab of the engine on second 24.

An unusual fact about the trains figuring in the wreck was that an engine was attached to the front and rear of each, the first one pulling and the rear one pushing. When engineer Wright saw that the first train had been unable to make the siding he shut off and threw on the air. Ordinarily this move would have slackened the speed of his train to such an extent that the crash would have been much lighter. The engineer at the rear end of the train was still in his engine which had not yet entered the cut, however, and could not see the impending catastrophe and did not shut off. As a result Engineer Wright's efforts were in vain and the entire train was shoved against the engine on the rear of the first train with terrific force.

The two engines were piled into a heap and were apparently damaged beyond repair. Eight box cars were jammed together with force enough to hurl them from the track and burst them open. These cars contained brooms, paper, farm wagons, sewing machines, and various other kinds of merchandise of that order. The damage to this was large.

Almost immediately after the crash the wreckage caught fire from the engine fire-boxes and the city fire department was hurried to the scene. This blaze was kept down by the unceasing efforts of the firemen who remained at work until midnight. Much merchandise that was not damaged in the crash was ruined by fire and water.

Wreck trains were rushed to the scene from Newark and Chicago Junction and the work of straightening out the chaos was begun as quickly as possible. Traffic was badly held up and the track was not entirely clear until late Friday.

Engineer Wright sustained a deep gash on his right forearm and bled profusely. He was taken to the office of the company surgeon where attention was rendered. In leaping from the cab Fireman Kinney fell across the east siding and struck his nose solidly against a tie. The bone in the nose was badly broken. He was painfully bruised about the thighs. He was hurried to the office of a physician and received surgical attention.

The blame for the wreck is not fixed on any special person although somebody blundered or the trains would not have come together. It appears that the second train was much too close behind the first one. It was the worst wreck in Mt. Vernon for several years.

Mrs. Clyde Stokes and Mr. and Mrs. Heslikia Clements left Friday morning for Misawaka, Indiana, where they will attend the funeral of Herbert Hollingshead, a relative.

Henry Matthias Weaver died at his home in Mansfield Thursday afternoon. The deceased was a graduate of Kenyon college, Gambier, and was well known in Mt. Vernon. Mrs. Fred Sanderson and guest, Mrs. Belle Burwell and son, Ralph, are spending the day in Columbus.

REPUDIATION

Of Bull Mooseers By One Of Its Leaders

Who Announces He Will Give Wilson Support

Chicago, Ill., Oct. 4.—Hamilton White, who was a delegate to the Illinois State Bull Moose convention and to the Bull Moose Congressional convention in his district, walked into the democratic headquarters in the Karpen building and announced his repudiation of the third-term candidate and declared his intention to support Gov. Wilson. When Roosevelt was named by the third-term party Mr. White, who had helped to bring about his nomination, was enthusiastic in his behalf, but recent events have cooled his ardor and in fact led him to support Gov. Wilson.

The disclosure of the fact that Standard Oil contributed to Roosevelt's campaign fund the support of Roosevelt by Perkins and the steel trust and harvester trust interests as well as other developments of the campaign have caused Mr. White to abandon his support of Roosevelt. Mr. White emphasized his change of heart by informing Representative A. S. Burleson in charge of the Speaker's Bureau that he was willing to devote his time to the campaign to the extent of making speeches wherever the committee might desire to send him. Mr. White was formerly from Iowa and has indicated a preference to be sent to that state for speaking purposes.

Mr. Samuel H. Peterman was in Columbus Thursday purchasing supplies for the Knox county board of elections.

Mrs. Mary Jackson and Mrs. C. B. Squires were the guests of Mr. and Mrs. G. M. Moore of Newark, O., on Wednesday.

Rev. Thomas Hazard, who has been the guest of his mother-in-law, Mrs. Charles F. Bullock, returned this afternoon to his home in New York.

Wilson Stands For a Principle—Will You Stand By Him?

Woodrow Wilson is a vastly different order of man than you find among the ranks of many good men in practical political life.

Woodrow Wilson is not among the great majority of politicians and business men, otherwise estimable characters, who believe that the end justifies the means, who are honest in a commercial or political sense.

The candidate of the progressive voters of the country not only does not believe in the doctrine of "anything to win," but he insists on plain old-fashioned honesty in every detail of his campaign. Woodrow Wilson proposes to win on the merits of his candidacy and platform or not at all. "Clean hands or no fight" is Wilson's ultimatum to his supporters throughout the country.

No Tainted Money For Wilson

Not a dollar of questionable money will be spent to elect Woodrow Wilson. The Democratic National Committee is heart and soul in accord with the candidate's views. And the corrupting influences, with no political faith, casting about to win a foothold in the new government with bribes of ill-gotten gains, have despaired of reaching Wilson or his campaign.

They have gone to the enemy, whoever that enemy may be. It is a matter of common knowledge that the "Interests" are using all their political funds to defeat Wilson.

This makes it your fight.

What the American People Need to Know

The people have constantly made the mistake of believing that this is a money-ridden nation. Such is only the case insofar as the People fail to get together and so permit the few to control the dishonest representatives they, by mistake, elect to office.

The actual money power of the People is still greater than that of the Interests.

The Progressive People of the country, if they get together, can buy and sell the Corrupting Influences and destroy their financial power.

So Woodrow Wilson and his managers believe that not only is it the only clean method but the most practical method for the Progressive People of the country to supply the Woodrow Wilson Campaign Fund.

The People to Fight With THEIR Dollars

This year a popular president is to be elected with the People's money.

The Woodrow Wilson Campaign Fund is to be collected from the rank and file of the Progressive Voters of the country.

The bills of the Democratic National Committee are to be paid, not with the thousands of the Interests, but with the individual dollars of the earnest, eager voters who desire clean, efficient government and who are willing to help Wilson as he wants to be helped.

Money thus needed is not spent in improper ways or in any manner similar to the way in which the funds of the Interests are disbursed.

But we have to tell the voters of the country about Woodrow Wilson. We have to tell them what he has done. We have to tell them what he stands for. We have to point out to them the important planks in his platform. All this means that to hold up our end we will be obliged to spend as much money as those who oppose us.

This means that every man or woman who believes in Wilson should be willing to contribute to his cause. Let the supporters of Wilson help us to spread the Wilson gospel to the four winds.

Let the Progressive Voters battle this year with their pocketbooks as well as their ballots.

We Solicit Popular Subscriptions—Can You Give From \$1 to \$20?

Of course, you can—and you are glad to support the cause in this way. Practically every voter can afford to give \$1 to aid the Wilson Campaign. A great many can give \$2. A great many can give \$5. And there are lots and lots of progressive voters who will be eager to donate from \$10 to \$20.

And we will be proud to receive from thousands, who can only afford \$1, their \$1 contributions. We want to hear from every man who has a dollar to give.

This year the man with the dollar must defeat the government trader who spends his thousands.

Get Club Subscriptions

If you know many Wilson men, if you work among many Wilson men, head a list with your name and money and get the others to join you with their subscriptions.

Then send your list with the money to C. R. Crane, Vice Chairman, Finance Committee, Democratic National Committee, 900 Michigan Avenue, Chicago, Illinois.
