An Edison Phonograph will surprise you. The first time you hear it you will be surprised at its goodness. Everybody is particularly the first time you hear the Edison Phonograph play an Amberol Record. People who have heard Phonographs talked about, or who have heard them at a distance on the street, or who have heard some other make of sound-reproducing machine, do not realize the remarkable goodness of the Edison Phonograph. This is partly due to the wonderful sapphire point which does not scratch or make any sound, and partly due to the wonderful Amberol Records which are so smooth and clear that they can reproduce the finest violin melody with all its natural sweetness. This is the same instrument which plays and sings those musical comedy songs which everybody whistles. The Edison Phonograph does everything and does it well. Is there any reason why you should not have one? Edison Phonographs - \$12.50 to \$200. Edison Amberol Records (play twice as long) - 5c. Edison Standard Records - 10c. Edison Grand Opera Records - 75c. and \$1. There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from National Phonograph Co., 75 Lakeside Avenue, Orange, N. J. THE EDISON BUSINESS PHONOGRAPH saves the time of high-salaried men and increases their letter-writing capacity.
